Canadian Corps "On Parade" At Reunion Service

War Veterans Re-affirm Oath Of Loyalty To Empire And Canada At Memorable Reunion.

(By Capt. W. W. Murray, M. C.)
(Canadian Press Staff Writer)
(C.P. By Guardian's Special Wire)
TORONTO, Aug. 5.—Pleasantly themselves to the service of their country in an oath re-affirming the lofty principles for which they fought in Canada's war 20 years ago, the veterans of the Dominion today continued their memorable reunion with a parade devoted wholly to the remembrance of their dead comrades. Riverdale Park, a natural amphitheatre, was the locale of a church parade at which the veterans once more listened to the exhortation of a padre who, in French and English, had established for himself a shrine in the hearts of the troops. The Reverend Archdeacon Scott of Quebec—but to the veterans of the Canadian Corps, just plain Canon Scott—delivered the sermon, and in forthright language set before the thousands who heard him the message of duty which the veterans still owe to their country.

EXPECT OTTAWA ANNOUNCEMENT THIS WEEK

Personnel Of Marketing Board To Be Made Public Latter Part Of Week.

(C.P. By Guardian's Special Wire)
OTTAWA, Aug. 5.—Announcement of the personnel of the Marketing Board is expected to be made by the Dominion Government before the end of the present week. Announcements regarding the approaching Dominion loan, and the progress being made in organizing the central bank are also expected reasonably soon. Great care is being taken in deciding on the new Bank of Canada notes. Eventually these notes will take the place of all Dominion and bank notes but that will take several years to bring about. Tenders will be asked for producing these notes which will be much smaller than the Dominion notes now in circulation, in fact smaller than those used in the United States. The appointments of the governor and other key positions of the central bank have yet to be made.

PREPARATIONS FOR CARTIER CELEBRATION

Details Are Being Carefully Planned—Cairn Is In Process Of Construction.

Preparations are going forward for the Jacques Cartier Celebration which will take place here on August 24th, and every detail is being carefully planned to assure the success of the function. The cairn which is now being erected on Queen Square in commemoration of the voyage of Jacques Cartier in 1534, is to be of gray Nova Scotia sandstone. It will be 7 feet, 3 inches in length, 3 feet, 6 inches in width, and 9 feet in height. 140 pieces of stone will go into the cairn. On top will be placed a large slab weighing one ton. The cairn will be so placed that the inscription may be read from the sidewalks. On the day of the celebration it will be unveiled by His Honour Lieutenant-Governor DeBlois from the balcony of the Provincial Building by means of an electrical device. In this connection it will be remembered that Right Hon. Stanley Baldwin spoke from the balcony of the building during his visit in 1927. The proceedings at the unveiling will be broadcast through loudspeakers, in that the assembled people may hear. At the foot of Great George Street, by which the French delegation will proceed to the Provincial Building, an arch is to be erected.

APPOINTED RECTOR OF BASILICA

Rev. Patrick McMahon, D.D., Succeeds Monsignor MacDonald In Office at St. Dunstan's.

Rev. Patrick McMahon, D. D., who returned last week from Rome has been appointed Rector of St. Dunstan's Basilica, succeeding Monsignor Maurice MacDonald now of Tracadie.

Dr. McMahon has recently completed a two year course in Canon Law at the Pappal University of St. Appollinaris at Rome. Prior to going to Rome, Dr. McMahon was for seven years on the staff of St. Dunstan's Basilica, and was secretary to the Bishop.

Drowning Tragedy In New Brunswick

NEWCASTLE, N. B., Aug. 5.—The swift-running waters of the Miramichi River claimed their third victim within a week when Billy McKibbin, three-year-old son of a Red Bank, N. B. rural mail deliverer, was drowned near his home yesterday while playing in a boat near the bank of the river.

The young boy was in the boat with his sister, Annie, when the craft floated out from shore. The little girl jumped out and waded ashore, presumably to get help for her brother. But the lad became frightened and either jumped or fell from the boat. When assistance arrived soon after the sister had left, the body was floating on the surface, already dead. The child is survived by eleven brothers and sisters.

British Prime Minister Enjoys Visit To Sydney

(C.P. By Guardian's Special Wire)
SYDNEY, N. S., Aug. 5.—Overtaken by British conquerors. With lever, spade and gunpowder men tolled for months to destroy the immense fortifications which had cost France 20 years of labor and the equivalent of more than \$37,000,000.

Friday MacDonald, M. P., and Mayor S. E. Muggah of Sydney visited the Premier in the afternoon.

Tomorrow will be his last full day in Canada as he sails Tuesday for Newfoundland. The day will be spent in motoring through the Margaree Valley famed for its grandeur of scenery. Along the route lies the village of Baddeck, home of the late Dr. Alexander Bell and scene of the first aeroplane flight in the British Empire, 25 years ago.

Defeated Nazi Forces Planning For Next Move

"The Rebellion In Austria Has Only Begun" States Nazi General.

(By Wade Werner Associated Press Foreign Staff)
(Copyright 1934 by Associated Press)
SOMEWHERE ON THE YUGOSLAV BORDER, Aug. 5.—The rebellion in Austria has only begun, Konstantine Kammerhofer, Generalissimo of the defeated Nazi forces, told me Saturday at his headquarters in a Yugoslav town where he is surrounded by his staff planning his next move.

Approximately 3,000 Nazi fighters, remnants of the force which for a time held sections of Styria and Carinthia, at present are interned in a fugitives' camp, but the leaders, who crossed the border with them, still are footloose.

Getting through to Kammerhofer's hideout was difficult, but once there I was surprised to see it functioning like a general staff headquarters as plans were made to renew the fight for "German Austria's freedom."

Kammerhofer, a stocky built blond Teuton with a muscular chest, was at ease, his soft blue shirt open at the neck and his well creased gray trousers supported by suspenders. He looked as though he had come from tennis rather than a revolution.

"We are not finished," he began explosively.

"The fight for German Austria's freedom will go on.

"True, our military resistance has been temporarily broken.

"True, the Schuschnigg Government (the Government of Austria) now wreaks vengeance on our families and followers at home, confiscates our property and robs us of our bank accounts.

Fight Will Go On

"But the fight goes on and where they no men left the women and children will continue fighting.

"Schuschnigg's Government has no more chance of surviving than its predecessors.

"This is no mere party struggle." Kammerhofer continued, pacing up and down the room. "It is a struggle of the German Austrian people against foreign domination—against the Italian masters. You ought to know what that means."

Services Are Dedicated To Hindenburg

(A.P. By Guardian's Special Wire)
BERLIN, Aug. 5.—Divine services in all religious communities of the German Reich today were dedicated to the memory of the late President Paul von Hindenburg.

Holy Trinity Church, not far from Wilhelmstrasse where Hindenburg was a regular worshipper, was filled with a large congregation which was moved to tears at the sight of the President's empty pew.

His play in the church was decorated with flowers and mourning emblems, and a bust of the late President was brought to a prominent position and banked with blossoms.

The black-draped Protestant dom was filled to capacity an hour before the service started, and crowds stood patiently outside listening to the words of Reichsbishop Ludwig Mueller, who preached a sermon in which the scriptural story of the Good Shepherd was elaborated.

The Reichsbishop recalled Von Hindenburg's last charge to him: "See to it that Christ is preached in Germany."

The Reichsbishop prayed for "our new, young steward, Adolf Hitler," that he be "given strength to bear the heavy responsibilities of his office."

NOTED U.S. WOMAN FLYER IS KILLED

(A.P. By Guardian's Special Wire)
DAYTON, Ohio, Aug. 5.—Apparently losing control of her light biplane at a low altitude when it was caught in the backwash of five other ships in a women's race, Mrs. Frances H. Marsalis, noted woman flyer, was killed as her machine crashed near here this afternoon.

In her early 30's Mrs. Marsalis was co-holder with Helen Richey of the women's endurance refueling record, established last December at Miami, Fla.

The Garden City, L. I., aviatrix was rounding a pylon at the far end of a triangular, 80-mile course during the chief event of the day at the national women's air meet at Dayton municipal airport. In nearby Vandallia when the crash occurred, Mrs. Marsalis was thrown clear of the wreckage, she was lying when rescue crews reached her, not far from the wreckage, which caught fire. She died on the way to a hospital.

EIGHT INJURED NEAR MONCTON

(C.P. By Guardian's Special Wire)
MONCTON, Aug. 5.—Eight passengers were injured and several others bruised and badly shaken up when the St. Paul, Kent County, Moncton bus, struck a cow on the highway near St. Anthony, about 20 miles from this city, Saturday morning, crashed into the ditch and turned over.

The accident occurred as the bus was en route to Moncton with about a dozen passengers and freight. The cow which was struck by the bus, was being chased by a dog and came galloping over a small hill in the highway, fair in the path of the bus. As a result of the collision the bus was forced into a ditch where it turned over and was badly wrecked.

The injured passengers were brought to Moncton in passing automobiles and received medical attention at Hotel Dieu Hospital. Five were found to have received minor injuries and after medical treatment, returned to their homes. Camille Gaudet, St. Paul, part owner of the U.S. Line and driver of the vehicle; Silvine Johnson, Notre Dame, and Miss Leah LeBlanc, Moncton, received injuries which although not regarded as serious, will confine them to the hospital for a few days.

Girl Found After Nine Days In Woods

(C.P. By Guardian's Special Wire)
SHEET HARBOR, N. S., Aug. 5.—Lost in the woods for nine days, 24 year old Etta Egan, reached safety today when she came upon a group of searchers while they were eating lunch.

"What day is this? I've been lost since Friday. Take me home," she cried all in one breath as she recognized the men, who were weary after continuing the search day after day.

HAD BUSY SESSIONS AT OTTAWA

Satisfaction With Maritime Claims Conference Voiced By Premier MacMillan On Return From Federal Capital.

Premier MacMillan, Hon. H. F. MacPhee, Attorney General, and Hon. John A. MacDonal, M.P., returned from Ottawa Saturday night after attending the Dominion-Provincial Conference on unemployment relief, July 30-31, and the subsequent conference between Maritime representatives and the Dominion Cabinet on the following day, Aug. 1, with regard to implementation of Maritime claims under the Duncan Commission report.

At the Dominion-Provincial conference it was decided that the provinces will have complete self-determination in dealing with economic distress within their borders, but will receive assistance from the Dominion treasury in outright lump-sum monthly payments based upon the experience of the past four years and the actual ascertained needs. While dissatisfaction with this arrangement was expressed on behalf of some of the Provinces, other representatives vowed their willingness to accept the change as a fair basis of operating. It is considered that neither Prince Edward Island nor Saskatchewan, will be greatly affected by the change which nevertheless will mean material saving in relief expenditure to the Dominion.

The successful result of the conference on Maritime claims was already being announced in the press.

Premier Bennett and his colleagues showed the greatest interest and sympathy in the matter, and promptly assured the delegates that a Royal Commission to make final assessment of Maritime subsidy claims, as recommended by the Duncan report, would be appointed, with a view to having the Commission submit its report at the next session of Parliament.

Subsequently, the representatives of the three Maritime Governments were asked to recommend jointly, a member of the Commission.

"We each had in view men who were prominent in their respective Provinces, and to whose appointment no objection could be taken," said Premier MacMillan. "But we had little difficulty in convincing our fellow

HITLER BUSY WITH SPEECHES

(By Louis P. Lochner)
(Associated Press Foreign Staff)
BERLIN, Aug. 5.—Adolf Hitler continued work today on a speech which the chancellery intimated will contain important political relations to the world which has watched with deep interest his assumption of the functions of President as well as Chancellor.

Behind Chancellery doors guarded for the first time by members of the Reichswahr (regular army) the Chancellor was busy with the address he will deliver to the Reichstag tomorrow on the occasion of the memorial service for the late President Paul von Hindenburg.

The Chancellor also will speak Tuesday, at the funeral services at Tannenberg, thus undertaking two major appearances before the nation and the world on successive days.

Hitler has been watching the world reaction to his virtual Coup d'Etat in making himself both executive and Chancellor, and is well aware of the fears expressed in many quarters that Von Hindenburg's death may have removed the last brake on radicalism. He is expected to give some reassuring statements in that regard.

Nine Alleged Agitators Arrested At Stellarton

(C.P. By Guardian's Special Wire)
STELLARTON, N. S., Aug. 5.—Investigating riots at Acadia Coal Company collieries, Royal Canadian Mounted Police arrested nine alleged agitators over the weekend and charged them with unlawful assembly.

Gordon Hartling, local secretary of the Canadian Labor Defence League, is among the prisoners. With Sam Foster, Joe Linthorne and Dan Connors, he was taken to the county jail in Pictou while Joe Hartling, James Stewart, Winsull Pavolick and Robert Lorne were locked up here.

John Corbett, arrested today, was released on \$4,000 bail posted by his father and a friend.

The guard around Stellarton jail was strengthened in case of further outbreaks.

The outbreak early last week, a mock strike by a Canadian Mounted Police, injuring two duked several non-strikers in a pond and damaged company property, climaxed a series of disorders over a period of months.

In March an unruly group ran United Mine Workers President D. W. Morrison and vice-president P. G. Mulse out of town and stoned Rufus Carr's house, and a crowd of angry women molested mine workers at the Allan shaft.

After more than a week's idleness, 1,000 miners will return to work on Monday for 48 hours while a committee confers with company officials regarding the suspension of William McPherson for using profane language to a manager.

Three Countries To Send Official Representatives

Great Britain, France And United States Will Participate Officially In Cartier Centenary At Charlottetown August 24

OTTAWA, Aug. 5.—Distinguished representatives of the United Kingdom, France and the United States will arrive in Canada soon to attend the celebration of the fourth centenary of the discovery of Canada by Jacques Cartier. Premier Bennett announced that acceptances had been received from the three governments which were invited to send official representatives to take part in the ceremonies which open at Charlottetown on August 24 and continue at various points during the ensuing fortnight, following the course of the great explorer up the St. Lawrence.

The official representatives will be as follows:

United Kingdom: Admiral of the Fleet Sir Roger Keyes, Bt, and Right Hon. H. L. Fisher, warden of New College, Oxford, former president of the Board of Education.

France: P. E. Elandin, Minister of Public Works, and M. Charley, president of the University of Paris.

United States: Hon. Warren D. Robbins, United States Minister to Canada, and Hon. Fred H. Brown, Senator from New Hampshire.

The delegates from France will arrive at Charlottetown on board the liner Champlain which has been chartered to bring a large number of visitors from Cartier's homeland to take part in and witness the pageants.

MOVIE STARS TO SUFFER FURTHER CUT

(A.P. By Guardian's Special Wire)
HOLLYWOOD, Aug. 5.—It says to be a Hollywood movie actor, but the pay is going to be slashed soon, and slashed sharply.

Heads of the movie industry know now, if they didn't know some time ago, that the salary question under the NERA code must be straightened out. The "ceiling" was the full text of the report on salaries by Col. A. Rosenblatt, deputy code administrator.

No Fixed Law

Aside from commenting that there is no fixed law about how high a movie star's salary should be, the report does not cheer the big money makers in the industry. It says the ratio system is to undergo an epochal readjustment very soon—probably just as soon as a committee to investigate the whole field completes its report.

Movie actors averaged \$3,298 last year, or \$900 less than they earned two years ago. Executives averaged \$33,226, as compared with \$22,427 in 1931. Directors averaged 20,315 against \$31,525 two years before.

The top salary in the business went to an actor, presumably Will Rogers. It was \$315,000. Of the 50 highest paid contract persons, 25 were actors, and of the next 50 highest 17 were actors.

There were several very high salaries last year. One actor drew \$300,000; two of them received \$275,000; two executives were paid between \$250,000 and \$275,000.

No names were mentioned in the Rosenblatt report, but the general understanding is that all of these actors are making more than \$50,000 annually.
