

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safe, too. Shilo's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shilo's Consumption Cure is the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c is the price. All dealers in medicine sell.

Synopsis of Canadian North-West Homestead Regulations.

ANY even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 9, not reserved for homestead by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office in which the land is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent receive authority for some one to make entry for him.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year for three years.

(2) If the father for mother, if the father is deceased of the homesteader resides upon a farm in the vicinity of the land entered, for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. COOK, Deputy of the Minister of the Interior.

In the Supreme Court yesterday a rule was granted for a new trial in the case of Silliphant vs Gorrell and one refused in the case of Clark vs McMurdo. In the case of the International Harvester Co vs Grant the Court granted a rule nisi for a non-suit or new trial returnable at Easter term next.

A WALKING match at this season of the year is out of the ordinary yet one took place Tuesday evening as the result of a discussion between two P. E. I. Railway friends as to their pedestrian abilities.

The contestants started from Charlottetown at five o'clock in the evening and reached Bedford, their destination at ten minutes past eight. The winner of the contest is still in doubt.

It is about time that some definite action was taken regarding the number of persons who loiter in doorways along Sunnyside every evening. They not only obstruct entrances but are constantly annoying someone. Passers by each morning following cannot fail to notice the disgraceful condition of the sidewalks from tobacco juice. If an example were made in the Police Court of some of the offenders it would probably stop the nuisance.

LAST evening the usual debate was held in the C. B. C. rooms on the subject "Which has the most influence for good: Wealth or Talent." The side of Wealth was opened by Mr. Yoo, who, though a new speaker, handled his subject well and set forth the great influence that wealth has upon the affairs of the world as compared with Talent. He was followed by Mr. Brown—also a new speaker—who showed with equal clearness that Talent produced wealth and must therefore have the greater influence. The subject was then left for debate for those who chose to speak. Mr. Clark spoke long and convincingly on the side of Wealth, and he was followed by Mr. May on the side of Talent. Mr. Marchion of P. W. C. also spoke on the same lines, referring to Evangelist Moody as having a great influence—greater than wealth—on the world at large. J. O. Trainor spoke next and also ably supported the side of Talent. The debate which was a great success, was brought to a close by the casting of the ballot which resulted in a victory for Talent by 40-20. It is to be hoped that large as the attendance was last night, the number of people at the next debate, to be held on Feb. 14th, will be still greater. On Wednesday, Feb. 7th, the students intend holding a social in the College rooms among themselves so there will be no debate that night.

CHILLS PROVE FATAL!

If warmth and circulation are not promptly restored, chills result in fatal pneumonia. This necessitates keeping a fervent hand. Taken in hot water it breaks up a chill in two minutes. By rubbing freely over throat and chest it prevents colds. No liniment so strong, so penetrating, so swift to kill pain and inflammation. Nearly fifty years' record has proved the value of Polson's Nerviline. You should get a bottle to-day.

ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupied space that directs attention along given and desired lines can be reasonably regarded as wasted; nor can any funds expended to this end be adjudged extravagance.—American Medical Journalist.

SMELT fishermen should read the telegram on page 1 re shipments.

THE mild weather yesterday and the downpour of rain last night removed almost every vestige of snow from the streets. What a contrast to February 1st 1905!

MANY friends here will regret to hear of the very serious illness of Contractor J. W. McDonald, Stellarton, and that little hope is entertained for his recovery.

THE Society of Canadian Artisans held their convention with jurisdiction in the Maritime Provinces in Moncton on Monday. About 35 delegates were present from Nova Scotia, New Brunswick and P. E. I.

THE office hours for the news department are from 1 p. m. to 6 p. m. and 7.30 p. m. to 4 a. m. For the advertising and subscription departments from 8 a. m. to 6 p. m. It is useless to ring either of the above departments at any other hour.

NEXT Saturday's comic page is more than usually interesting. Willie Westinghouse invents a domestic broiler, which not only served the dinner all too quickly, but also got Willie into trouble with his papa and mamma, who narrowly escaped being injured. Pretending Percy manipulates the movements of two boys so successfully as to get all the apples he wants, but he also gets into trouble.

THE fastest man in the N. S. H. L. is the former Abegweit, Jimmy Williams, now of New Glasgow, says the Halifax Herald, and of his play in the recent game with the Wanderers that paper says: "The heavy checking which ensued made the game look like a falling match for a short while; then the two penalized men got back to their comrades again and the game settled down for fair. Once more the speedy Williams got a score for his team, with 16 minutes of the half gone. This little New Glasgow player is without a doubt the speediest man in the league this year. His skating last night was a revelation to all who witnessed his play. His use of the stick was also of a 1 order. This last goal, which he made with the aid of Gregory, was a fine piece of work."

There assembled last evening in the spacious apartments of Dr. V. L. Goodwill at Falconwood Hospital a jolly crowd. The event was to remember in a suitable way the parting with the chief engineer, Robert McPherson. The evening was whiled away in music and games, followed by luncheon.

Then came the presentation to Mr. McPherson of a gift which an enthusiastic company by a suitable and appropriate address.

Mr. McPherson feelingly replied in a few well chosen words, regretting very much the severance of his connections with the institution which were always friendly and pleasant. He stated that "all friends must part."

The evening was brought to a conclusion by the singing of Auld Lang Syne, He's a Jolly Good Fellow, and the National Anthem. Mr. McPherson will be succeeded by his son, John McPherson.
