Full attendance requested. 4983-11.

RECEIVES SCHOLARSHIP.—At
the convocation exercises of Mt.
Allison Ladies College recently
among the many Islanders receiving
awards was Jean Rodd of Milton
who received the Alumni Scholar-
ship in Junior Home Economics.

CABLE REPAIRED.—The tele-
graph cable which has been out of
commission between Wood Islands
and Picou for the last three weeks
has been repaired and Johnston &
Ward's direct wire service is again
available.

BRILLIANT STUDENT.—Congra-
tulations are extended to Miss Greta
Rogers daughter of Mr. and Mrs.
W. Russel Rogers, Coleman upon
the standing she has achieved during
the past year in Mount Allison
Ladies College. Miss Rogers suc-
ceeded in winning two first prizes in
her class work there.

ANNUAL VISITORS.—Mr. and
Mrs. William Stevens of Truro,
Nova Scotia, passed through Char-
lottetown on Wednesday en route to
their summer home at North Lake.
They spent Tuesday night at the
manse. North River the guests of
Rev. W. R. and Mrs. MacWalker.
Mr. and Mrs. Stevens are annual
visitors to the Garden of the Gulf.
Lovers of nature, they spend their
summers at North Lake where they
have a beautiful vegetable and
flower garden within sight and
sound of the ocean waves. Their
Island friends bid them a hearty
welcome.

COLLECTOR RETIRES.—Walter
L. Grant, collector of customs St.
Stephen N. B. entered on a well-
earned superannuation Sunday at
midnight, after having served 20
years in the past. After entering
the service as acting collector at this
port on May 30, 1911. Mr. Grant
has seen the staff under his charge
practically doubled and the work in
all departments increase fourfold.
In no branch is the growing impor-
tance of this port more strikingly
illustrated than by the entries of
tourists' cars. In 1911, the number
of tourists' cars entering here total-
led 76. Last year the entries for the
same class exceeded 15,000 with
every prospect that the future will
witness a still more remarkable
growth. Always a keen sportsman
he was for many years one of the
star athletes of the town, specializ-

**Factory Mixed
Fertilizers**
Experience has shown that larger and more uniform
yields can be produced by using Factory Mixed Fertilizers,
which increased yields pay many times over for the addi-
tional cost of the Mixed Fertilizers are compared with the
cost of straight Chemicals which are mixed at home.

The percentage of farmers who have gone back to mixing
their own Chemicals after having used Factory Mixed Fertilizers is
practically negligible, which is surely sufficient proof that
there must be something to the argument that Factory
Mixed Fertilizers are BETTER and worth the additional
cost.

When we advocate the use of Mixed Fertilizers we feel
we are working in the interests of the farmers, otherwise we
could not recommend them, as the success of the farmers on
Prince Edward Island means our success.

After making allowance for plant overhead, interest on
our investment, and additional labor involved, our net pro-
fit on Mixed Fertilizers is practically the same as our net
profit on straight Chemicals. You will see, therefore, that it
is not with the idea of material gain that we strongly
recommend every farmer on Prince Edward Island who is
not already using Mixed Fertilizers to try them out this
year.

Many children die from the as-
saults of worms, and the first care of
mothers should be to see that their
infants are free from these pests. A
vermifuge that can be depended on
is Miller's Worm Powders. They will
not only expel worms from the sys-
tem, but act as a health giving medi-
cine and a remedy for many of the
ailments that beset infants, enfeebl-
ing them and endangering their
lives.
