

Dull, listless, out of sorts, feeling half-sick

IS it a cold coming? Is it over-eating or what can it be? Probably it is Nature warning that your system is not functioning properly.

When you feel this way you should follow the treatment that has helped many, many other people. Even two weeks of it will make a difference in the way you feel.

A prominent New York physician says, "When my patients have that dull half-sick feeling I always prescribe Nujol and recommend at least two weeks' continued usage. Why? Because Nujol absorbs and clears away the toxic intestinal poisons that in most cases are the cause of the trouble. Further, Nujol is ab-

solutely harmless and can be taken by young babies or old people.

Not like medicine Nujol contains no drugs or medicine. It's a natural substance unlike anything else. Can't hurt you. Others have benefited from taking it, why not you?

This remarkable product is sold all over the world. Go to any drugstore, get a bottle of Nujol and see for yourself what it will do. Only—don't delay. Do it now. Insist on the real Nujol. Perfected by the famous Chemical Products Division of the Standard Oil Company of New Jersey. Look for the Nujol bottle with the label on the back that you can read right through the bottle.

SHE KNEW BETTER. Conductor 00013 vouches for the truth of this: A woman led a goat to the entrance door of a West Hill car and was in the act of forcing it aboard when the motorman stopped her with "You can't ride in this car with that goat, madam."

"Well, I don't intend to," answered the woman. "What I want to do is pay the goat's fare to Stop 21, and I'll walk there myself."

First Alderman: "How was the banquet last night?" Second Same: "Very quiet. They had neither soup nor after-dinner speakers."

COMING TO A HEAD.—Formation of a separate sports branch to include all the clubs of Pictou County, the Charlottetown Abegweits, Charlottetown Victorias, St. Dunstan's, Prince of Wales College, and Summerside Crystals, is in prospect. The suspension of Messrs. Doyle, McMillan and Kiever is responsible for the entire trouble, and the A.A.U.C. took such antagonistic action against the three Maritime men. Such a step was entirely needless—as sport conditions in the East are being smoothed over. The failure to restate Maritime athletes could have been overlooked as a matter of policy, but because Doyle, McMillan and Kiever had made frank statements to Dr. A. S. Lamb, J. A. McVicar and two or three other A.A.U.C. leaders, they were forced to pay through their noses for their "les majesté."—Amherst News.
