STAGE SET FOR WORLD CONFERENCE

Spanish Army Flyers Complete 4,500 Mile Hop; Boyd Off For Haiti

LAND IN CENTRAL PART OF CUBA

Flyers Make Long Journey Under Favorable Weather Conditions.

(Associated Press)
HAVANA, June 11—The Spanish aviators, Captain Mariano Barberan and Lieutenant Joaquin Collar, who left Seville, Spain, early Saturday, landed in Camaguey Province, in the central part of Cuba, late today.

Barberan and Collar, who left the Tablada airport, Seville, Spain, Saturday morning at 4:45 (11:45 a.m. Friday, E. S. T.) were in the air 39 hours and 50 minutes, averaging therefore about 115 miles an hour.

CAMAGUEY, Cuba, June 11—Successfully completing their 4,500-mile Spain-to-Cuba non-stop flight, Captain Mariano Barberan and Lieutenant Joaquin Collar, Spanish army flyers, landed at this island city this afternoon at 8 p.m., E. S. T.

Because of unfavorable weather conditions to the west the two aviators announced they would at last spend the night here before going on to Havana, which city they had hoped to reach before their aeroplane Cuatro Vientos descended on its trans-ocean flight.

Tired but happy after their long air journey, which they said was made under the most favorable weather auspices, the two flyers were born off to the Camaguey Colonia Espanola centre by throngs of shouting Spaniards resident here

Mattern Again Has Trouble

(Associated Press)
MOSCOW, June 11—James Mattern, the American round-the-world flyer, arrived at Khabarovsk, Eastern Siberia, today at 3:20 a.m. Moscow time (7:20 p.m. Saturday, E. S. T.)
The great lapse of time reported between Mattern's passage over Kuchlovo and his arrival at Khabarovsk indicates he must have descended somewhere between these two points. The distance is only 725 miles, while the lapsed time was 18 hours and five minutes.

OPTIMISM FELT IN UPPER CANADA

Mr. C. L. MacKay Returned From Conventions in Toronto and Windsor.

"There is a great feeling of optimism among the manufacturers of Upper Canada. Some factories are running even at night," reports Mr. C. L. MacKay of Bruce Stewart and Co., president of the Maritime Division of the Canadian Manufacturers Association, who returned Saturday evening from the annual meeting of the Canadian Manufacturers Association at Toronto and the All-Canada Convention of the Churches of Christ.

The sessions of the Manufacturers Association were held on June 6 and 7 at the Royal York Hotel in Toronto. Mr. MacKay presented the report on behalf of the Maritime Division of the Association. At noon on June 6 the Association gave a luncheon at which the speakers were Lt.-Gov. Bruce, Ontario, Premier G. S. Henry of Ontario, Premier Brownlee of Alberta and Mayor Stewart of Toronto.

On Wednesday evening the annual dinner was held at which Sir Thomas White was the speaker. The latter in the course of his address remarked that there was never an increase of trade on a lowering market, as there always was when prices were on the upgrade.

PORT-AU-PRINCE DESTINATION

Canadian And Two Companions Take off On 2,471 Mile Jaunt.

(Canadian Press)
NEW YORK, June 11—Captain J. Erroll Boyd today pulled the throttle of the veteran monoplane Columbia and roared away at 3:25 p. m. E. S. T., on a projected non-stop flight to Port-au-Prince, Haiti.
The Toronto aviator, who participated in one of three trans-Atlantic flights of the Columbia, was accompanied on his latest project by two Americans, Robert G. Lyons and H. P. Davis. For the greater part of the flight of 2,471 miles, he planned to fly over the Atlantic skirting along the United States coastline, about 50 miles off shore.

Takes Air Readily

No difficulty was experienced by Boyd in getting the heavily loaded plane away from Floyd Bennett field.

DOUKHOBOR CHIEF FACES DEPORTATION

Doukhorob Leader Will Be Produced in Court Today.

(Associated Press)
WINNIPEG, June 11—(C.P.)—Leader of Canada's 16,000 Doukhorob, Peter Verigin will be produced in court here tomorrow by immigration authorities who arrested him Friday on a warrant issued by the Deputy Minister of Immigration and were holding him tonight for deportation.
Pending outcome of an appeal by Verigin's lawyer to Hon. Wesley A. Gordon, Minister of Immigration, Mr. Justice R. A. Robson issued a summons to Commissioner of Immigration C. E. S. Smith to appear tomorrow and show reason why a writ of Habeas Corpus should not be issued for the Doukhorob chief.

Verigin's deportation had been believed imminent since last March when a judgment of the Supreme Court of Canada was interpreted as meaning the leader was still liable to be deported in spite of the decision of Mr. Justice Humphrey Mellish, of the Nova Scotia Supreme Court, declaring his freedom from deportation was incident to a pardon granted him in January.

Italian Planes Will Carry Mail

(Associated Press)
OTTAWA, June 11—(C.P.)—Letters for air mail to be carried by the Italian Squadron from Shediac, N. B., and St. Hubert Airfield, Montreal, to Chicago, will be accepted, it is announced by the Post Office Department. The planes are expected to reach Shediac on June 25, and St. Hubert the same day. On the return flight to Italy the planes will land at Shediac only, and mail addressed to Europe will be accepted there.

CONFERENCE AT SACKVILLE CONCLUDES

Candidates For the Ministry Ordained At Close Of United Church Conference.

(Canadian Press)
SACKVILLE, N. B., June 11—Reviewing conditions before and after the Great War, Dr. G. J. Trueman, President of Mount Allison University, told the Maritime Conference of the United Church in Canada this afternoon that there had been a "great slump" in carrying out the high purposes by which the nations were actuated at the close of the war. The conference concluded this evening with an address by Dr. Peter Bryce, of Toronto.

Personal example and the gospel of courage, strength, love, purity and goodness were needed to right present conditions, declared Dr. Trueman. Economic stress was only one of many problems facing the world.

Rev. Dr. J. A. Ramsay, Moncton, President of the Conference, presided at the morning session, assisted by Rev. Dr. Clarence MacKinnon, principal of Pine Hill Divinity Hall, Halifax, who led in prayer. Rev. George Morris, Sackville, read the scripture and Rev. W. N. Matthews, of Truro, was the preacher. At the close of the session 11 candidates for the ministry were ordained as follows:

R. H. H. Barker, Fredericton; R. W. Braine, Chester, N. S.; J. A. Fraser, Trenton, N. S.; Arthur Orgran, Fowey, Eng.; J. G. Russell, Stellarton, N. S.; H. P. Tupper, Kingston, N. S.; R. L. Wagner, Shelburne, N. S.; W. G. O. Zwicker, Mahone, N. S.; W. B. MacPhail, York Point, P. E. I., and W. T. Mercer, Sunnyside, Nfld.

Jury Of Twelve To Decide Fate

(By J. F. Sanderson)

(Canadian Press Staff Writer)
PETERBOROUGH, Ont., June 11—(C.P.)—Twelve men sat around a table in an anteroom of St. Paul's Presbyterian Church yesterday and today, deciding the fate of Prof. Thomas Eakin, deposed Principal of Knox College, Toronto. Their report to the Presbyterian General Assembly tomorrow afternoon will decide whether the tall, grey-haired divine, with over 40 years of church service, will be reinstated to the principalship from which he was demoted last year.

Stamp Sees Signs Of Business Improvement

Sir Josiah Stamp Sees Increased Activity In Canada and U. S.

QUEBEC, June 11.—"There are tangible signs of business and economic improvement in Canada and the United States," Sir Josiah Stamp, Director of the Bank of England, President of the London Midland and Scottish Railway and one of Britain's leading economists, said here Saturday, when he sailed for England aboard the liner Empress of Britain after a short visit to Canada and the United States.

"Factories are showing increased activity and car loadings have definitely improved. The recent advance in stock market prices, however, has not met the test of reasonable optimism, but shows a tendency of the public to speculation rather than sound investment. This is to be deplored. While there is ground for hope that we are on the way to economic recovery, optimism must be kept within reasonable bounds," he declared.

Ten Die In Plane Crash

Huge Passenger Plane Nose Dives 600 Feet Into Plowed Field.

(Associated Press)
CHICAGO, June 11—(A.P.)—Carl Vickery, 36, pilot of an amphibian aeroplane, Harry Jacobs, 33, his copilot, and eight passengers, visitors at the World's Fair were killed today when the huge plane crashed in a high wind and burned near suburban Glenview.

The crash occurred in view of hundreds of motorists jamming the highways on holiday outings.

Bert Clavey, Glenview, and Mack Brewer, Wilmette, who witnessed it, said apparently the pilot made desperate efforts to land the ship. It came down at not a very alarming angle, they said, but was enveloped by flames immediately. The engines were buried in the ground.

Witnesses said a wing suddenly crumpled and the ship nose dived 600 feet into a freshly plowed field. The flaming wreckage was half buried in the ground.

Bodies of the passengers all were buried beyond recognition. Duncan Hodges, Manager of the Camp at the Fair ground from which the sight-seeing plane took off, said there was no list of the passengers. Three of them, he said, were women. No list was kept, he said, because of the short duration of the sight-seeing flights.

As a result officers said it might be several days before the identity of all passengers was established. From cards found in the pockets of one victim, he was believed to be William Fay of Chicago.

Mounties Are Injured In Car Accident

(Canadian Press)

MONCTON, N. B., June 11.—Douglas Dunning, a member of the Royal Canadian Mounted Police seaplane staff at Shediac, was in the Moncton City Hospital tonight, suffering severe injuries sustained in a motor car accident five miles from Shediac yesterday. His condition was reported as favorable.

Constable H. R. Stephens, suffered a fractured collar bone. Sergeant Hart and Aircraftsman Donaldson escaped with slight cuts.

An automobile with the four men served from the highway at a dangerous curve and crashed into a bridge.

Victim Of Own Experiment

(Associated Press)

SAN FRANCISCO, June 11—(A.P.)—A victim of his own experiments in the use of X-rays, Col. Eugene G. Northington, 53, of the United States army was dead today of infection from X-ray burns. He died Saturday at a hospital where he had been a patient for nine months, while surgeons operated 164 times in an effort to save his life.

Canadian Dollar Advances

NEW YORK, June 11—The Canadian dollar appears to be advancing at the rate of about a cent per week. Saturday the Dominion's currency closed at 90 1/2 cents, equal to its high for the year established Thursday.

CAHILL GUILTY OF CAUSING BODILY HARM

Accquitted On Charge of Manslaughter But Guilty of Causing Actual Bodily Injury.

(Associated Press)
SUMMERSIDE, P. E. I., June 11—The jury sitting on the Cahill case returned a verdict of not guilty of manslaughter but brought in a verdict of causing actual bodily injury. The jury retired at 4:30 Saturday afternoon and returned at 6:05 p. m.

Saturday morning was occupied with the address of Mr. Thane A. Campbell, K. C., for the Defence. Mr. Norman W. Louthier for the Prosecution addressed the jury when the Court returned after recess at 2:30 p. m. His Lordship Chief Justice Mathieson addressed the jury at four o'clock. In his opening remarks he said that both Counsel for the Defence and for the Prosecution had presented the facts so thoroughly in two very able addresses that all was needed was to give the jury the law which deals with this case. His Lordship pointed out that the prisoner had admitted that

NAZI STORM TOOPERS CAUSE NEAR RIOT

Leader of Swiss Delegation Lodges Protest With the Bavarian Govt.

(Associated Press)
MUNICH, Germany, June 11—Menacing storm troopers prevented Cardinal Faulhaber from holding solemn high mass today in connection with the Catholic journeymen's convention here after severe clashes last night between Nazis and Catholics.

As a result of the disturbances, the Government today put a premature end to the meetings which were supposed to continue and terminate today.

The railway stations of Munich were packed with thousands of persons today, including many delegates making a hurried exit from the city. It was reliably reported that leading members of the congress were assaulted by storm troopers who tore badges off the delegates and beat them up, even using truncheons.

Herr Theo Baldi, leader of the Swiss delegation, had his badge ripped off, then was taken to the police station and released later. He lodged a protest with the Bavarian

Entertains Then Found Dead

HALIFAX, June 11—(G.P.)—Gunner W. J. Pickett, of the Royal Canadian Artillery, excused himself from the table as he entertained a few friends at supper tonight.
The guests, with Mrs. Pickett and her four young children, finished the meal without him. Then, puzzled by his failure to return, they began to search for Pickett.
He was finally found when one of the visitors brushed in the darkness against a man's body hanging from a rope from one of the high barred windows of old fort Cambridge, where Pickett lived as caretaker of Point Pleasant. He was dead.

66 NATIONS REPRESENTED AT PARLEY

Restrained Optimism Prevails

King George V Will Formally Open Greatest Prosperity Conference In History

(By George Hambleton, Canadian Press Staff Writer)
LONDON, June 11—(Canadian Press Cable)—Before a silver and gold microphone the King tomorrow afternoon formally inaugurates the greatest prosperity conference in history. Wireless waves will carry his words to the furthestmost recesses of the earth. Special wires will transmit it for speedy reproduction by gramophone records.
And standing before His Majesty in the Conference Hall will be representatives of 66 nations, some cheerfully optimistic, some hesitating, some plainly skeptical. For the task of the World Economic Conference is to rescue a distressed world from the greatest industrial slump it has ever known.

The Task

Thirty million workers are unemployed. More shipping lies rusting in port than was sunk during the Great War. Scarcely a national budget balances. Government has vied with government in high and higher tariffs. More than 40 countries have exchange restrictions limiting purchases of their nationals abroad. International trade has fallen more since 1929 than it has ever fallen before.

The task of the conference is by monetary and economic policies to set the wheels of trade revolving again. It will consider currencies, prices, establishment of a new international gold standard, removal of exchange restrictions, general lowering of tariffs. Over the nature of the main problem to be solved there is little difference of opinion among the various delegations. The difficulties will come when the

(Continued on Page 3)

British Attitude On War Debts Awaited

(Associated Press)

LONDON, June 11—(A.P.)—Neville Chamberlain, Chancellor of the Exchequer, will tell the House of Commons next Tuesday what the Government intends to do about the \$75,000,000 war debt payment due the United States on Thursday.

This was made known Saturday, but there was no official word about the method of dealing with the payment. For weeks informed opinion here has agreed that the United Kingdom would negotiate some arrangement satisfactory to both countries and would avoid default.

Must Consider Naval Questions

GENEVA, June 11—(A.P.)—In a sentence of five words, "the convention must be general," France served notice to the world today that the projected Disarmament treaty must deal with naval questions as well as with the army and the air, because France considers the various arms interdependent.
(The British Disarmament plan now under consideration by the Geneva Conference proposed to embody the results of the London and Washington naval treaties in the general convention.)
The American and Japanese delegates interpret the French declaration which was filed with the conference today, to mean that the three-power London agreement which limits cruisers, destroyers and submarines, must be revised at Geneva before any general arms accord can be signed.

Week End Death Toll In Quebec

MONTEAL, June 11—(C.P.)—Of Eight Quebec residents who met sudden death over the week end, five lost their lives in drowning accidents. At Ecuireulls on the St. Lawrence River, three young men drowned when waves from a passing steamer washed them beyond their depth. A youth was drowned at historic Wolfe's Cove at Quebec and a young boy lost his life swimming in the Richelieu River at St. John's, Que.
Alfred Lalonde, 53, was struck down and instantly killed by an automobile as he ran out of the mouth of a lane directly in the path of the car.

Fresh southwest and west winds partly cloudy with scattered showers.
