ANNUAL DISTRICT CONVENTION OF W I.

The annual District Convention of the Alberry Plains, Earnscliffe, Hermitage, Millview, Mt. Mellick, Summerville, Orwell Uigg Kinross, Vernon, and Vernon River Women's Institutes were entertained by the Mt. Mellick W.I. in Cherry Valley Hall on Thursday afternoon and evening July 15 with a large attendance.

On dispay were many articles for the four-year-old shower, work done by girls' sewing clubs, handicraft from the various Institutes, and a bazaar by the Mt. Mellick members.

The afternoon meeting, under the chairmanship of Mrs. Edmund Robertson (Mt. Mellick) 1943 President of the Convention, featured four inspiring addresses, interspersed with reports of the different Institutes represented, and to relieve the tedium of a long meeting, a hearty sing-song.

The first speaker, Mrs. Fred Gates West Royalty, gave a glowing account of the F.W.I. meetings which she attended in Toronto in June. Her description was so vivid that one could visualize the actual meetings.

Miss Louise Haszard, assistant supervisor W.I., gave a sketch of the progress of Women's Institutes Girls' sewing club, and displayed samples of double mitts, and baby quilts, which are being adopted as P.E.I.'s handicrafts.

A timely and instructive address on "bringing our first aid up to date" was given by Miss Eva Beers. By means of illustrations she told of the proper method of caring for accident victims until such time as medical aid arrives.

Last but not least was Mrs. Allison MacMillan's talk on "Our work on the home front," in which she stressed the importance of the work farm women are doing in nobly rising to meet the challenge of all—out effort far increased production in all phases of farming in the face of the deplorable lack of farm help.

These speakers received rapt attention and were given a vote of thanks moved by Mrs. M. MacRae and seconded by Mrs. Irving Tweedy.

Supper was served by the Mt. Mellick Institute. The 1944 Convention will be entertained by Uigg-Kinross.

At the evening session Mr. M. W. Wood introduced the guest speaker Mr. Hugh MacKay, geologist with the Oil Compay, drilling in Hillsboro Bay. Mr. MacKay's address was very interesting and at the close he kindly answered several questions from the audience. Other items on the evening's program, which was open to the public, were—Solos, Miss Eleanor MacPhail, Miss Helen McDonald, and Mrs. James Gillis, Quartet Mrs. J. MacRae, Mrs. W. Mutch, Mrs. W. Jenkins, and Mrs. A. Weir, Reading by Miss Freda Carver. A vote of thanks to the evening's entertainers was moved by Mrs. W. Furness, seconded by Mrs. E.W. McKinnon. The National Anthem brought to a close one of the most interesting and instructive Conventions held for some time

283 Candidates In Ontario Field

TORONTO, July 29 —(CP)—Ontario's first wartime election campaign plunged into its final week today with 283 candidates seeking popular support for the Aug. 4 provincial election in which about 1,500,000 voters are expected to cast their ballots.

The official nominations yesterday as compiled by The Canadian Press found Lt.-Col. George A. Drew's Progressive Conservative forces leading in the number of nominations with 90—one for every seat in the Legislature—while Premier Nixon's Liberal election strength was 89. The only riding in which there is no Liberal candidate is Elgin where Mitchell F. Hepburn, former premier, is running as an independent Liberal against Progressive and Conservative and C.C.F. Opposition.

For the first time in the province's history, the C.C.F. led by E. B. Jolliffe is making a serious bid for power with 86 candidates in the field compared with 37 in the election of 1937 and 37 in the election of 1934. Seats the C.C.F. is not contesting are Grenville-Dundas, Kent East, Ottawa east and Renfrew south.

There are 18 other candidates—four socialist labor, four independent Liberal, three independent, two independent labor, two independent soldier, one indepenent conservative, one labor and one independent C.C.F.

Drop In Fruit Crop Reported

OTTAWA, July 30— (CP) — The Dominion Bureau of Statistics reported today in a fruit crop report that the first estimates of the 1943 tree fruit and grape crops indicate a "big drop" in total production from last season.

"Although the apple crop in Nova Scotia is 23 per cent larger than that of a year ago, reductions ranging from two per cent in New Brunswick to 29 per cent in British Columbia bring the Canadian total to 3,951,000 barrels, compared with 4,330,900 barrels in 1942," said the bureau.

"The pear crop also is "substantially smaller," estimated at 475,200 bushels compared with 752,900 bushels. The decline occurred in the three producing provinces, Nova Scotia, Ontario and British Columbia.

Outlook for the plum and prune crop is the "brightest of any of the fruits" and is only slightly off from last year at 355,800 bushels. The 1942 crop was estimated at 365,500 bushels.

Gen. MacArthur Says Campaign Is Going Well

ALLIED HEADQUARTERS IN THE SOUTHWEST PACIFIC, July 31—(Saturday)—(AP)—American and Australian forces started the second month of their offensive in the Central Solomons Islands and New Guinea today with the assurance of Gen. Douglas MacArthur that the campaign is progressing satisfactorily [illegible] according to plan.

United States troops who landed on New Guinea Island on June 30 were within 1,900 yards of the important Munda air base after one month of slow and bitter jungle fighting.

The General reported that supplies for the enemy's Central Solomons airdrome had been cut to the very bone by ceaseless pounding from air and sea.

Attempts to get supplies and reinforcements to Munda have cost the Japanese at least 20 warships during the month. This includes at least 15 destroyers, three cruisers, a sub chaser and a seaplane tender. American naval losses were placed at one cruiser and two destroyers.

The Japanese have also lost more than 400 planes and several cargo ships. Allied plane losses during the same period were about 100.

Australian and American troops fighting in New Guinea, 700 miles west of the Solomons, pushed forward on the other phase of the Pacific offensive. Friday they were battling the Japanese at Bobdubi only five miles from the large enemy air base at Salamaua on the northeast coast.

Despite the advances made on the ground in New Georgia and New Guinea there was no indication of early capture of either Munda or Salamaua. The Japanese are firmly entrenched in bunkers, pill boxes and caves.

OTTAWA, July 30 —(CP)—R. C. A. F. Spitfires, flying from an advance base in Sicily, are actively engaged escorting fighter bombers in attacks against enemy positions in the Catania area, patrolling behind enemy lines and carrying out ground-strafing operations.

This description of the air force share in the Sicilian campaign was contained in the weekly communique issued today by air force headquarters on behalf of Air Marshal Harold (Gus) Edwards, Air Officer Commanding-in-chief of the R. C. A. F. overseas.
