DIGESTION OFF? Jittery? Peppless?

—Your Nerves May Need Feeding
 Every act—every movement of your body, no matter how small, is controlled by nerves. When nerves lack nourishment, every function of your body may suffer: digestion, bowels, muscles. You may sleep poorly, feel depressed, physically and nervously exhausted.
 An important blood condition due to lack of sufficient iron is often accompanied by nervousness, for nerves may thus fail to get their proper nourishment. So if you are nervous, fidgety, peppy and tired with sluggish digestion and bowels because of this condition, Dr. Williams' Pink Pills. They not only help build up the blood but they supply Vitamin B-1 which contributes to the normal functioning of the nervous system and the digestive tract. Then see what a difference your improved blood condition may make, not only in your energy and strength but in your nerves, digestion and bowel action. Get Dr. Williams' Pink Pills today from your druggist.
