Class B. Trot and Pace

This was a real hummer of a race and it is hoped will be renewed as many of the entries have a chance to win.

Class C. Trot and Pace

This was another good race, and should also be repeated. First Heat. Four horses got away on the fifth

score to a nice start. Half way down the course, La Copia Belle made the tangle referred to above.

The officials were:—Starter, D. McLeod; Judges, Walter Brown, Hugh Walker, Edgar White; Timers, N. Walker, Col. D. A. MacKinnon; Announcer, J. A. McDonald.

STOCKS TAKE UPWARD JUMP ON N.Y. MARKET

(Special to The Guardian) TORONTO, Ont., Feb. 13.—Stocks went higher on the New York market today in one of the best recoveries of the bear market and closing at times was reminiscent of bull market days in 1929.

trial average stood at 85.40 up 6.80 points rail average at 39.38 up 3.71 points and the utility average at 34.24 up 2.44 points.

All the little dried up pieces of cheese should be grated and placed in a covered glass jar.

When soft boiled eggs are left over, boil again till hard. Then put yolks and whites separately through a sieve and use as a garnish for salads or vegetables.

"Flying Bishop Of The Arctic"

BISHOP GEDDES RETURNING TO HIS DIOCESE IN FAR NORTH—WAS A MEMBER OF 5TH SIEGE BATTERY

(Special to the Guardian)

MONCTON, N. B., Feb. 13.—The "flying bishop of the Arctic" Bishop W. A. Geddes who is also the youngest bishop of the Anglican Church throughout the world, passed through Moncton tonight on the Maritime Express of the Canadian National Railways enroute from Halifax to his diocese in the far north, which covers an area of approximately 60,000 square miles.

The eskimo he said is quick and eager to learn but due to being scattered over such a vast expanse of territory the work of education is a somewhat slow process.

Standing well over six feet, fair haired and blue eyed Bishop Geddes radiates the spirit of the vast spaces of the far north. While his diocese is in the Western Canadian Arctic, his name is known throughout the length and breadth of that vast territory.

HOCKEY

On January 29 one of the most exciting hockey games of the season was played in Highfield Rink between the Mount Herbert Rangers and the Highfield Second Granites.

The game opened fast with the Rangers forcing the play and the result was the first period ended 2-0 in their favor.

Ch'Town Men To Train In Halifax

into sinking of the schooner Gypsum Queen during the war. The reparations commission allowed the owners \$70,000 based on the claim it was torpedoed by the Germans.

In addition to the two foregoing inquiries, four are pending before House of Commons committees, any one of which may commence this week.

The United States Olympic team had captured five titles up to today with one bobsledding event to be decided on that breathless slide down the side of Mount Van Boeving.

Canada's hockey title stood as her lone contribution to the olympic tablet of honour though Canadians gained places among the leaders in several events.

The showing of the Canadians throughout the winter olympiad was most encouraging. In olympic events Alex Hurd, of Hamilton, was a close second to Jack Shea in the 1,500-metre event.

OTTAWA, Ont., Feb. 14.—(By the Canadian Press)—While there was no official comment tonight on the despatch that Newfoundland and Canada were working jointly to obtain a preference in the British markets on newsprint from the two Dominions, it is understood that representations have been made to the office of the Canadian High Commissioner for preferred tariff treatment.

The Maple Leaf was much to the fore in the demonstration events on the programme. Four rinks of Canadian curlers representing Manitoba, Ontario, Northern Ontario and Quebec won twelve out of sixteen curling matches with four United States rinks.

Jean Wilson of Toronto beat an impressive array of women speed-skaters to win the 500 metres race for women with Lela Brooks Potter, also of Toronto, fourth.

Canadian skiers had to bow to the Scandinavian representatives of that sport. Harry Pangman, of Montreal, John F. Currie, John Taylor and Bud Clark all of Ottawa were far down the list at the finish of the 18-kilometre cross-country race, won by Sven Utterstrom of Sweden, and Jostein Nordmo, of Camrose, Alta. Art Gravel, of Montreal, Howard Baguley, of Ottawa and Ross Wilson, were not among the leaders in the combined event.

ATHLETES BID FAREWELL TO LAKE PLACID

(By Wallace H. Ward, Canadian Press Staff Writer)

LAKE PLACID, N. Y., Feb. 14.—The Canadian Olympic winter games contingent struck their tents and left this Adirondack village for home today. They did not go back empty handed either, for the hockey championship of the third Olympic winter games will travel west with the Winnipeg, stout hearted band of Canadian hockey players who stood their ground through three hectic overtime periods in the final game yesterday to turn back the greatest threat the United States has ever made for the title.

The United States Olympic team had captured five titles up to today with one bobsledding event to be decided on that breathless slide down the side of Mount Van Boeving.

Prodigious leaps from the inter-valued ski hill by youthful Norwegian jumpers and the easy grace of Miss Sonja Henie, pretty blonde figure skater captured three olympic titles for Norway.

F. Ministerial officials today said they would call their governments' attention to the landing of thousands of Japanese troops in the International settlement. It was said the Japanese gave the British Consul General, J. F. Brennan, a definite promise last week that further Japanese troops if brought would not disembark in the international settlement.

The Japanese consul has admitted that excesses have been committed by his nationals at a time when feeling was running high and chaotic conditions prevailed, but the situation is greatly improved.

The League commission said that almost the entire non-Japanese population has fled from the Hongkew area. (Hongkew is a native section of Shanghai where thousands of Japanese had their homes before present hostilities were begun.)

ernment to persuade the British Government to reopen their market to Canadian potatoes and would point out that the large potato shipments from this Province prior to 1925 did not introduce any potato bugs to Britain though they were much more plentiful here than they are now.

WALLACE L. HIGGINS, Secretary

A letter was read from the Board of Railway Commissioners refusing the Charlottetown Board's request for the restoration of double train service with the mainland.

Moved by Mr. S. A. MacDonald and seconded by Mr. R. L. Cotton the following resolution was passed: "That the special committee who had the matter in hand previously take it up with the Premier and advise him that in the opinion of the Board the matter should be made a basis of claim by this Province against the Federal Government for non-fulfillment of terms of Confederation."

Mr. R. E. Mutch referred to the need for at least some Pullman car service to this province.

Dr. J. A. Clark reported that the matter of an export Study Group had been referred to the transportation committee and progress is being made.

The matter of the desirability of having a public abattoir where live stock could be killed under inspection was discussed but no action taken.

On motion of Dr. Clark and Mr. Tweedy the Secretary was instructed to forward a letter of sympathy to Mr. P. W. Clark on the death of his son.

Mr. Tweedy reporting for the committee Regional Seniority of C. N. R. Firemen said they had waited upon the Premier. He advised them he was in sympathy with the movement and suggested that the men secure an attorney to prepare a brief and he would endorse it under the seal of the Province.

The meeting then adjourned.

DON'T BUCKLEY'S MIXTURE ACTS LIKE A FLASH—A SINGLE SIP PROVES IT

Denies Offensive

The latest word from the Japanese officially as to their intentions on the Chapei-Woosung battlefield was contradictory. Early Sunday Lt. Gen. Kenkichi Uyeda, commander of all the Japanese land forces, denied that a big Japanese offensive was at hand and explained that the sole object in coming to Shanghai of large troop forces was to make the place safe.

With the arrival of a detachment of French reinforcements, expected momentarily, the foreign and military naval forces in the international settlement, exclusive of the Japanese will be brought to 10,000 men.

The British with 3,500 men continued to maintain the largest force. The United States forces include 3,100, 2,000 of which are marines. The French have 3,000 and the Italians 300. The rest of the force is made up of the Shanghai volunteers corps.

GENEVA, Switzerland, Feb. 14.—The League of Nations was informed by its Shanghai commission today that "a state of open war exists" at Shanghai. The report picked up the thread of its recital of events where it left off last week.

At that time the commission reported all of the earlier events and hostilities between Chinese and Japanese including an ineffective truce.

Today the commission said a reign of terror resulted in the Hongkew district of Shanghai after Japanese occupation.

"The offensive is entirely in the hands of the Japanese," the report said, "whose declared object is to capture the Woosung forts and drive all Chinese troops a considerable distance from Shanghai."

The League commission said that almost the entire non-Japanese population has fled from the Hongkew area. (Hongkew is a native section of Shanghai where thousands of Japanese had their homes before present hostilities were begun.)

The Japanese consul has admitted that excesses have been committed by his nationals at a time when feeling was running high and chaotic conditions prevailed, but the situation is greatly improved.

The report said: "A considerable number of undesirable Japanese have been deported to Japan. The commission added it was impossible to determine which side had broken the truce arranged by various neutral officials early this month. The report was signed by Count Galeazzo Ciano, Italian Consul General at Shanghai and son-in-law of Premier Mussolini of Italy.
