# 3 Times We Have Been Forced to Enlarge Our Quarters

**HALIFAX is on the upward trend and our business is keeping pace with the upbuilding of this busy city.**

SINCE this firm started business less than a year ago, the advances made have been not only rapid but substantial and satisfactory.

Three times within one year our growth has been so rapid that we have been compelled to enlarge our quarters. We now occupy the entire four floors of our building on Hollis Street which we purchased last year.

The rest of our branches throughout the Maritimes show the same activity as that of our head office in Halifax and the prospects for the future are bright with promise.
