Can. National Fox Breeders Ass'n. At Summerside

Adjourned Annual Meeting Largely Attended — New Constitution Dealt With.

(Special to The Guardian)

The adjourned annual meeting of the Canadian National Silver Fox Breeders' Association, took place yesterday in the spacious head office at Summerside. Hon. G. Shelton Sharp, Minister of Agriculture, who is also a director of the Association, presided. There was a large attendance of members from all parts of the Province and some from outside points. The meeting dealt with the new constitution as prepared by a special committee appointed at the annual meeting in July and which met in Ottawa from September 12-16 inclusive. The new constitution was discussed clause by clause and much lively debate took place. The chief arguments centered round the question of fees, which in some instances had been raised.

Hon. G. Shelton Sharp opened

UNEMPLOYED WILL BE LOOKED AFTER

Min. of Labor States That Relief Measures Will Provide Food, Clothing And Shelter During The Coming Winter.

(Canadian Press)

OTTAWA, Oct. 25.—"I am confident no one in this country need worry about being provided with food, clothing and shelter this winter," Hon. W. A. Gordon, Minister of Labor, informed Hon. Ian MacKenzie, (Lib., Vancouver) today, in the House of Commons. The Government, in conjunction with the provinces and municipalities have been proceeding with measures for unemployment relief since summer, the Minister said. He believed that adequate provision would be made for relief during the coming winter.

OTTAWA, Oct. 25.—(C.P.)—With thousands of men being taken from the ranks of the workless and provided for in work camps distributed throughout the Dominion, and with hundreds of families settled on farm lands, Government officials here are confidently anticipating that much of the distress which has characterized the last two winters of the depression will be eliminated. Under various Departments of the Dominion Government work, food and shelter are being furnished to men in properly established and well regulated camps, while the provincial governments will continue this winter their programmes of road construction.

LABOR PARTY'S MOTION IS DEFEATED

(Canadian Press)

LONDON, Oct. 25.—The Labor party's motion of censure against the National Government on the ground it had failed to alleviate the unemployment situation was defeated tonight in the House of Commons by a majority of 407. The vote was 462 to 55.

Immediately after adjournment of the House the Laborites decided to move rejection of the Government Ottawa Agreements bill which would give effect to trade agreements concluded between the United Kingdom and the dominions.

(Canadian Press)

OTTAWA, Ont., Oct. 25.—Canadian lumbermen will not be in a position to regain the British market for three or five years, the House of Commons was told today by George B. Nicholson, Cons., East Algoma. For one reason, Canadian lumbermen did not have sufficient stock cut to British standards.

INVESTIGATING FOR BRITISH GOVERNMENT

Mr. J.C.F. Fryer, Now In Province Looks Into Possibilities Of Potato Beetle Reaching England In Shipments.

With the object of investigating for the British Agricultural Department the possibility of the Colorado beetle reaching Great Britain in shipments of potatoes, Mr. J. C. F. Fryer, London, England, Entomological Adviser to the British Minister of Agriculture is in the Province at the present time looking into various phases of the potato industry. He is accompanied by Mr. Arthur Gibson, Ottawa, Chairman of the Destructive Insect and Pest Act Control Board.

Mr. Fryer sees the potatoes dug, stored, graded, and shipped. He began the work in New Brunswick about two weeks ago, and will probably be in this province till tomorrow. He will spend some time in Nova Scotia and then will return to England.

Mr. Fryer explains that his duty to the British Government is merely to set forth the facts which he has observed.

The sending out of the expert is a result of advances made by Canadian agriculturists to have the British market thrown open to Canadian potato exporters.

Mother Sees Son Shot To Death

ETOWAH, Tenn., Oct. 25.—A pathetic and strange story of a mother seeing her drunken son shot to death as she dragged him home on a sled and her refusal to tell who fired the shot reached here today from the Pleasant Grove community.

Monroe Cromer, 19, got a furrough from the United States Navy and Mrs. R. A. Cromer was just as happy as a mother could be until he went on a drinking spree with boys of the neighborhood.

Somebody sent word for her to come and take him home, so she rigged up an improvised sled, placed him on it and started pulling.

En route she stopped at a house, hoping to borrow an automobile. Monroe's drunken babbling offended somebody there and shots rang out.

As the echoes died away, Monroe lay limp and bleeding on the sled. The old woman knelt and mourned. The crowd dispersed like a shadow.

An autopsy showed Monroe had been drinking poison liquor. No arrests have been made and Mrs. Cromer says she won't talk "until the proper time."

Federal Minister Asks For Inquiry Into Coal Prices

OTTAWA, Oct. 25.—The Canadian Fuel Board has been requested by Hon. W. A. Gordon, Minister of Mines, to inquire into and prepare a memorandum of the facts on coal prices in Canada. Official announcement to this effect was made late last night by the Minister.

Action is being taken on recent suggestions that coal prices were somewhat high. The question was mentioned in the Senate a few days ago.

Rt. Hon. Arthur Meighen, Government leader, advanced the suggestion that he would "welcome a move along that line by those who are specially interested in the subject." The Senate, declared Mr. Meighen, might possibly add to its own usefulness by "doing a little of this work itself."

Druggist Tank Gets His Fill!

KANSAS CITY, Kas., Oct. 25.—Three years ago holdup men visited the retail drug store of P. M. Tank.

Last year he was held up three times.

This year began rather quietly. He looked down the pistol barrels of unwelcome visitors only twice until September, then another holdup took place.

Last Tuesday three robbers made a call. Two more came Friday.

Today the long suffering druggist visited his establishment, posted a sign in the door and departed.

The sign said "Closed."

"The robbers can have their store," Mr. Tank said tonight. "If anyone wants to purchase or the stock they can come and see me. I quit Saturday night."

Fat Persons More Likely To Get Cancer

NEW YORK, October 25.—Overweight persons past middle age die of cancer more readily than men of normal weight, according to life insurance statistics.

So the New York Academy of Medicine was informed tonight at a cancer symposium by Dr. Louis I. Dublin. He said his figures covered studies of policy holders for 21 years.

Moderately overweight persons, he explained, have a nine percent higher cancer death rate than normal, "very fat" persons a still higher rate, and "exceedingly obese persons" a death rate 29 per cent higher than the average weights.

Women fare better than men. Dr. Dublin found that the cancer death rate of white women over 45 years has remained stationary for the past 21 years, while that of white men of the same age has increased about one-third.

In his studies cancer deaths were 25 per cent more prevalent among industrial wage earners than men "in better economic circumstances."

Encouraging results in cure of cancer by X-ray and radium were described by Dr. George E. Pfahler, Professor of Radiology, University of Pennsylvania. Only certain types of cancer can be treated by radiation, but within those types he showed that radiation has cured 99 per cent of some kinds of lip cancer and almost 100 per cent of certain skin tumors.

Complaints Are Being Investigated

(Canadian Press)

OTTAWA, Ont., Oct. 25.—Complaints in connection with the quality of the Soviet oil imported recently into Canada are being investigated, the Prime Minister told Hon. Ian MacKenzie, (Lib., Vancouver Centre), in the House of Commons today.

Mr. MacKenzie had asked if information could be given as to who were the consignees and the consignors of this oil.

With regard to his question the Prime Minister declared it to be the policy of the Department of National Revenue not to disclose the names and business of private corporations.

Capt. And First Officer Blamed

(Canadian Press)

OTTAWA, Oct. 25.—Loss of the grain laden freighter Bright Pan through ramming an iceberg in Hudson Strait on the morning of October 4, was not due to any defect in the system of navigation aids on the northern route, a court of inquiry found today. Failure of the ship's Master to maintain an adequate lookout was the only contributing cause found by Mr. Justice Melish, of the Nova Scotia Supreme Court, who conducted the investigation.

ONTARIO NAMES NEW LIEUT. GOVERNOR

Col. H. A. Bruce, Toronto Succeeds Hon. W. D. Ross Former Governor Who Retired Some Time Ago.

(Canadian Press)

TORONTO, Ont., Oct. 25.—Col. H. A. Bruce, Toronto, is Ontario's new Lieutenant-Governor. Outstanding physician and surgeon, widely known for his criticism of the Royal Army Medical Service during the Great War, Col. Bruce was today named to the post vacated by Hon. W. D. Ross, who retired last year.

Rt. Hon. Sir William Mulock, Chief Minister of the Province, has been acting as Administrator since the retirement of Hon. Mr. Ross.

While Cabinet was in session making the appointment at Ottawa today, Col. Bruce, in his white surgeon's robes, was busy performing an operation at the Toronto General Hospital where he is surgeon.

Disclose Loan Price Monday For Big Issue

MONTREAL, Oct. 25.—Official announcement of the price at which the new Canadian Government's loan of \$80,000,000 will be issued to the public will be made next Monday in an official prospectus of the Department of Finance, it was stated at loan headquarters here today.

The loan will bear four per cent coupons and will be priced at a sufficient discount to bring the income yield in line with the present market, it was announced.

The committee during the loan offering will be composed of Rt. Hon. R. B. Bennett, Prime Minister, and Hon. E. N. Rhodes, Minister of Finance, as honorary chairman; Sir Charles Gordon, chairman; V. M. Drury, vice-chairman and the following members: J. A. McLeod, S. H. Logan, M. W. Wilson, Beaudry Leman, R. A. Daly, J. H. Gundy, E. Gerald Hanson, I. W. Killam, A. J. Nesbitt, Ernest Savard, H. R. Tudhope, J. Gordon Weir, A. F. White and A. J. L. Haskell.

Schooner Bound For Halifax Sinks

HALIFAX, Oct. 25.—Bound for Halifax from Queensport with salt fish, the schooner Managua sprung a leak today and sank, seven miles off Beaver Light, 25 minutes after the fact that she was making water was discovered by the crew. Captain Edward O'Neil and his men were picked up by the Government cruiser Preventive, which was nearby when the vessel went down. They saved only the clothing they stood in.

The Managua had a full cargo of pickled, dried and bulk salt fish. She was to discharge part of it at Halifax, taking the remainder to Gloucester.

Captain O'Neil, managing owner of the vessel, was unable to say how the leak started. She went down so quickly that the source of the inflow was not discovered. The Managua, used as a freighter, had a full winter's work booked.

Excursionists Back Home

(Special to The Guardian)

MONCTON, N. B., Oct. 25.—Home again after their three days pleasure jaunt to Montreal the eight hundred odd bargain trippers from the Maritime Provinces and the Gaspé Peninsula arrived by special train over the Canadian National Railways this afternoon. Passengers for points beyond Moncton left by regular trains for their various destinations.

"When are you going to have another bargain excursion to Montreal," was the question asked the Canadian National officials at the station. One young lady for which this was her second bargain trip to the metropolis by having been a passenger on the first excursion operated by the Canadian National to Montreal and Quebec in August in particular was making inquiries as to when another excursion was to be operated. "We had a swell time—the hotels and departmental stores were evidently expecting us and they seemed to have put on bargains specially for the occasion—we had a glorious shopping spree—we for the next excursion," she declared. Many met former Maritimers and renewed old acquaintances. Others stayed with sons and daughters who took them out to see the sights of the city. Every body voted the excursion a huge success.

Maritime Trade Board In Annual Session Here

Yesterday's Proceedings Close With Enjoyable Dinner At The Canadian National Hotel — Conference Expected To Conclude This Morning.

Yesterday's opening sessions of the Maritime Board of Trade, held in the Canadian National Hotel, culminated in an enjoyable dinner in the hotel's main dining room last evening. The function was attended by upwards of eighty delegates and local business men. The presidential address, delivered by Mr. S. A. MacDonald, and an address on Prince Edward Island and its possibilities by Mr. W. M. Lea, were features of the evening.

At the noon luncheon an informative address on the marketing of agricultural products was given by Dr. M. Cumming, former principal of the Nova Scotia Agricultural College.

Hon. Dr. W. J. P. McMillan, acting Premier, and His Worship Mayor Stewart were present at the dinner and at the luncheon.

Yesterday's business session concluded at 4 p. m., when the visiting delegates were entertained with a motor drive in and around Charlottetown and a reception by His Honor Lieutenant Governor Dalton at Government House.

This morning's session, which begins at 9.30, will conclude the conference. Though the attendance has been smaller than on other occasions, there was marked enthusiasm at yesterday's meetings.

MORNING SESSION

The minutes of the last annual meeting, the secretary's report and the treasurer's report were read by the secretary, Mr. E. W. Saunders, Halifax, and were adopted.

The following resolutions committee was appointed: A. L. Foster, St. John; A. N. Jones, Halifax; R. P. Dickson, Moncton; R. E. Mutch, Charlottetown; N. T. Avard, Amherst.

Following was the committee on nominations: C. H. Wright, Halifax.

CAMPAIGN FOR BETTERMENT OF FISHERIES

MONTREAL, Oct. 25.—Declaring in effect that the salt of the sea makes the salt of the earth, the Canadian Fisheries' Association met to inaugurate the Dominion's annual fish week.

From one coast of Canada to the other the plea is being made during this week for greater consumption of the fruit of the sea with its consequent improvement in the lot of those who risk the perils of the ocean to garner that fruit.

Best In World

The Maritime Provinces, after capturing Boston's fish trade in Central Canada, were now sending

(Continued on Page 7)

Winnipeg Gets Life Sentence

(Canadian Press)

MUSKOGEE, Okla., Oct. 25.—The Rev. Stephen A. Berlie, 52-year-old untried minister, was convicted late today of the poisoning murder of his first wife. The jury assessed life imprisonment.

The jury had deliberated just short of 24 hours.

Berlie was accused of poisoning Mrs. Fannie Berlie last March so he might wed Ida Bess Bright, pretty young Sunday school teacher. The marriage took place two months after the death of his first wife. The young bride has been one of the preacher's staunchest defenders.

Japs Offer New Plan Of Disarmament

(Canadian Press)

TOKYO, Oct. 25.—A new disarmament plan distinctly Japanese and differing from the British and United States suggestions for naval reduction, is to be advanced by the Japanese representative when the disarmament conference resumes next February at Geneva, it was learned today.

Its details are a closely guarded secret, and not even an idea of its general character was offered.

Deported Man Fears Death Back In Russia

WINNIPEG, Oct. 25.—No appeal has been lodged against the deportation of Isaac Braun, according to immigration authorities here today.

From Montreal he will be deported to Russia, where, according to his story, he fears death because, as he admitted during his trial at Saskatoon, he smuggled money out of Russia.

Saturday Braun completed his sentence in Prince Albert Penitentiary where he had served five years for fabrication of evidence. Officials of the Immigration Department are now escorting him to Montreal for deportation.

Makes Appeal

WINNIPEG, Oct. 25.—An appeal to Hon. Hugh Guthrie, minister of Justice, urging him to intervene in the case of Isaac Braun, the man who "fears death in Russia," was dispatched tonight to Ottawa by Dr. John MacKay principal of Manitoba College and head of the Manitoba conference of the United Church in Canada.

Trampled To Death By Horse

(Canadian Press)

KENTVILLE, Oct. 25.—Trampled to death by a vicious horse—so a coroner's jury believes—the body of Aubrey Burgess, 42 year old farm laborer and war veteran, was found in a field not far from his home today, guarded by his faithful sled-dog.

Burgess had driven to his Alder shot home from Kentville late yesterday afternoon, and taken his four children for a ride in the wagon with him. That was the last his wife saw of him until a neighbor found the body today.

She had spent the forenoon with the children searching nearby fields, as the horse and wagon had been found early this morning.
