YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer.)

NEW YORK, May 20.—Security markets made a cheerful gesture or two today in response to new credit expansion plans, but refused to wax very enthusiastic.

Stocks, after gaining 1 to 2 points at the opening, closed irregularly with narrow net changes so well distributed that there was no variation in the final average.

Some stocks held up fairly well. Westinghouse, for example, derived aid from the supposition that Pennsylvania's electrification program, facilitated by reconstruction finance corporation aid, would help the company. Case followed the wheat market higher. Domestic oils held up their recent reputation for firmness. U. S. Steel rose a point in the first half hour, but closed with a small loss.

American Telephone yielded all of a 2¼ point rise.

Heavy spots included Chrysler, Royal Dutch, International Telephone, in the latter instance the market was apparently trying to discount a formal dividend omission at the meeting next month. Rails followed the initial rise, but lost heart, although assured that no July 7 defaults were coming. Receipts of the railroad credit corporation are less than expected, while expenses are proving larger.

Trading was fairly lively for a quarter hour or so, but lapsed back into dullness when the market began to shade off after the first thirty minutes. Transactions totaled 773,280 shares.

Montreal Market Sidelights

MONTREAL, May 20.—Volume of trading fell off to small proportions in today's session on the local exchange, but the price undertone was one of comparative steadiness, in apparent reflection of the improved sentiment in Wall Street. At the latter centre the better tone was engendered by the announcement of the formation of a board of leading industrialists and financiers to aid in credit expansion. News in other directions was of a negative character and continues to lack that element required to bolster sentiment. At the close here gains and losses were equally divided while the average price of twenty stocks advanced 01.

The local bond market exhibited a strong tone in the early trading today, and held its improvement until well into the afternoon, when a mild reaction set in, reducing bids somewhat at the close. Dominion Government issues were generally steady with the 5's of 1937 a feature, closing at 107 bids.

MONTREAL, May 20. (By the Canadian Press)—Bullishness in Wall Street was not reflected to any great extent today on the Montreal Stock Exchange which went through a dull session of light trading and extremely narrow price movements.

International Nickel, Consolidated Smelters, McColl Frontenac and Montreal Power staged a mild recovery while Brazilian Traction, British Columbia Power, Canada Cement and Quebec Power were the principle issues to slip downward.

The end of the price restrictions imposed last Autumn drew nearer with announcement that Power oCrporation of Canada, once a popular issue, would be restored to free trading next Wednesday. National Breweries will also be placed on the unrestricted list on that date. Power Corporation has been pegged at 36½ with unofficial quotations ranging all the way downward to 10. The Price Brothers issues, Ottawa Power and Ogilvie Milling are still pegged.

Montreal Power led in activity on the exchange with 796 shares. It climbed ¼ to 26¾. Other price changes included Canada Cement, off ½ at 3; Brazilian, off ⅛ at 9⅝; B C Power off 1⅛ at 18⅛; Canadian Car, off ¼ at 3⅞ a new low; Smelters, a point higher at 28; International Nickel, up ⅛ at 5⅝; McColl, up ¼ at 9½; Quebec Power off ¼ at 12½, a new low level; Shawinigan up ⅝ at 11. In the banking group Royal Bank of Canada slipped 1½ points to 148½.

Total trading was at the low rate of 3,861 shares compared with 10,700 yesterday. Bond sales totalled $9,500 with no important price changes.

Sterling closed at $4.1926 and United States money at a premium of 14⅛ per cent.

PRODUCE

MONTREAL, May 20.—Butter receipts were again light here today, amounting to 1,042 boxes and as a result prices were slightly firmer, the range being 16⅝ to 17 cents per pound for no 1 quality in carlots or less. Yesterday's price was 16¾ cents.

The cheese market continued to ease fractionally, being quoted at 8¾ to 9 cents per pound. Receipts were 541 boxes.

Eggs held steady at yesterday's levels. Graded Ontarios and prairies on spot 17½ to 18 cents per dozen for extras, mostly 14½ cents for firsts and 13 cents or slightly less for seconds, in carlots or less. Receipts were 1,652 cases.

The potato market was unchanged.

MONTREAL, May 20.—All cash grains were moved upward in price today on the Montreal market in line with further gains at Winnipeg. The advances amounted to one cent on extra no 1 feed oats, half a cent on other oats and one cent on barley per bushel.

Millfeed prices dropped $1 per ton, the demand for barn feeding dropping off as cattle return to grassland. Prices became $20.25 per ton for bran, $21.25 for shorts and 23.25 for middlings, less 25 cents for cash.

Rolled oats were advanced 10 cents per bag of 90 pounds to $2.80.

Grain Market

WINNIPEG, May 20.—Influenced by firmer Liverpool cables reflecting a slackening of export from the Argentine and a continuance of drought over the United States winter wheat fields, grain prices moved to higher levels today. Prices closed ⅝-¾ higher for the day.

May gained ⅝ to 63; July ⅝-¾ at 63¾-⅞ and October ¾ to 66.

Only a scattered export was worked overnight and less during the day. Broomhall reported a lessening of Argentine offers and this coupled with the uncertain condition of wheat crops in France and the United States southwest was the main factor in the move to higher prices here. The better tone of the stock market was not without its influence.

Trading in cash wheat was slow and demand not keen. Spreads were unchanged. With the exception of some demand for barley the coarse grains section was dull and neglected.

CHICAGO

CHICAGO, May 20.—Wheat went upward today to the highest prices reached since April 27, with crude sentiment much more favorable to the buying side than has been the rule of late.

Hopes of fresh stimulus to general business were an evident leading factor of wheat market strength. There were further reports too of damage to domestic winter wheat, and complaints increased especially from states east of the Missouri River.

Wheat closed unsettled 1¼-1¾ above yesterday's finish corn ⅝-⅞ up, oats ⅜-¾ advanced and provisions at a rise of 2 to 12 cents.

NEW YORK, May 20—Bonded wheat closed dull.

IN MEMORIAM

MRS. JOHN N. MACLEOD

There passed peacefully away after a short illness at her home in Cumberland Hill on March 6th, 1932, Susan Owen, wife of the late John N. MacLeod in the 87th year of her age. All that a doctor's care and kind and gentle hands could do was done for her, but to no avail. Her gentle spirit took its flight to God who gave it. She was always bright and cheerful, and will always be remembered by her many friends for her kind hospitality and the large number which attended her funeral, despite the condition of the roads, bore testimony to the high esteem in which she was held. She leaves to cherish her fond memory seven sons and one daughter: Neil and Elliott in Seattle, Wash., Alexander in Cloverdale, B. C., Henry in Somerville, Mass., John and Mrs. Waldo Dagget, Haverhill, Mass., and Herbert and Edward at home, also one sister, Mrs. Jane MacLean of Vernon River, 23 grandchildren and four great grandchildren. Two daughters predeceased her a few years ago, Mrs. Cyrus B. Bruce, Haverhill, Mass., and Mrs. Joseph Campbell of Poplar Point, P. E. I.

The funeral service was conducted at the home and the grave by her pastor the Rev. Mr. Firth of the United Church, Dundas, assisted by the Rev. Mr. Morgan of the Baptist Church, Dundas. The pallbearers were: J. J. Campbell, J. J. MacDonald, John A. MacLeod, C. B. Clay, Alexander MacLean, Daniel Burhoe.

Her many friends join in sincere sympathy to the bereaved family. "He Giveth His Beloved Sleep".
