

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province. ADVERTISING IS A TONIC that every business needs. IF YOU DIDN'T ADVERTISE during the war, jump in and make up for lost time now.

GREATEST TOWEL VALUES EVER—These towels like brag, but see the towels; the kind of towels, such a lot of them, they are piled up on the tables and counters, their ability to dry things is so apparent that the sight of them creates thirst. This is no exaggeration. See our bargain in towels only 25 cents each at Pasco's.

HIGH PRICED STEERS.—It may be of interest to know that the steers which fetched at the Experimental Farm Easter sale the remarkable high prices of from 12 1/2 to 17 1/2 cents per lb. live weight—the highest figures yet obtained—were sold to the farm last November by Mr. D. M. Macdonald, Charlottetown, and Mr. W. A. Mutch, Hopewell. The fact shows that these two gentlemen know the cattle trade thoroughly and are able to produce the stock which attains the highest returns when fed and cared for in the proper manner as has been done at the Experimental Farm under the management of Mr. B. H. Smith, superintendent.

HOME MISSION BOARD.—At a meeting of the Baptist Home Mission Board of New Brunswick, Nova Scotia and Prince Edward Island at Amherst on Tuesday it was unanimously decided that the three Boards amalgamate and become one. The Board to meet three times a year, a meeting alternately at Moncton and Amherst. By this change there will now be one fund and one secretary, and considerable saving of general expenses in the management. The question was discussed by each Board separately, they in committees of the different Boards, and fully passed unanimously by the three Boards. Rev. C. R. Freeman of Charlottetown attended this meeting.

AUTO NON-GLARE LENSES.—The regulation of auto owners is called to the attention of the Motor Vehicle Law of this Province recently passed by the Lieutenant Governor, in Council, requiring non-glare lenses to be used on auto lamps. The Regulation is as follows: "No auto lamp shall be used or displayed on any motor vehicle while being driven in this Province unless such lamps are protected by proper non-glare lenses, approved by the Provincial Secretary, and no motor vehicle shall be registered or operated in this Province without being so equipped." "Non compliance with this Regulation shall be deemed an offence against 'The Motor Vehicle Law' and the Regulations thereunder, and shall render the offender liable, if he be the owner of the car, to cancellation of his car permit, and if he be the driver thereof, only to cancellation of his license as operator or chauffeur, or, in either case, to a fine of ten dollars for each and every offence, or to both cancellations of permit or license and fine." As motor vehicles already registered must be registered again on or before the 1st May, 1919, these lenses should be procured in due time.

To whom it may concern: This is to certify that I have used MINARD'S LINIMENT myself as well as prescribed it in my practice where a liniment was required and have never failed to get the desired effect. C. A. KING, M. D.

THE BEST PATRIOTISM at present is to make a good job of your business.

FOX RECEIPTS.—Mr. E. M. Ureth, Kensington, recently received a cheque for nearly \$1,000.00 from Lampson Co., London, Eng., for three fox pelts. This was a pleasant surprise, as Mr. Ureth considered them the culis of his 1918 hunt.

NEW MEMBERS.—The Charlottetown Chess Club members have joined the Board of Trade, and in order to have a larger opportunity of instructing others in playing the game, have decided to have their Friday evening weekly meetings in the social room connected with the Board of Trade Rooms, Market Building. As it is the wish of the members of the Board of Trade to encourage the social side of this worthy organization it is hoped a number will become interested in chess, acknowledged the king of all indoor recreations. Checkers also will be on hand, so there is no excuse. Its your move. Seven thirty tonight.

ST. DUNSTAN'S CATHEDRAL.—The work of decorating the interior of St. Dunstan's Cathedral is making great progress and it is anticipated the Cathedral will be opened before August 1. About thirty men are employed making marble columns, ornaments and other decorations. It is most interesting to see how this "New industry" has been developed. The imitation marble could not be easily distinguished from the real stone, and is every bit as durable, though the cost of the finished article is considerably less. The floors will all be laid with polished marble, but where the pews are a handsome flooring will be placed on top of the marble. When completed St. Dunstan's promises to be one of the finest churches in the Dominion, being a replica of a fifteenth century European cathedral.

DOUBLE BEREAVEMENT.—Mr. P. W. Hyndman has received the news of the death in Edinburgh, Scotland of his brother-in-law. An Edinburgh exchange in referring to the death says: Captain R. G. Hyndman Cole, whose death from pneumonia is announced, was the second surviving son of the late Rev. George Johnstone Cole, D. D., of Forfar, and brother of the Rev. N. MacLeod Cole, B. D., of Hamilton. At the outbreak of war he joined the Royal Fusiliers, and he saw much fighting in France. He was severely wounded at the Battle of Loos (September, 1915), and later was invalided home with frost-bite. In 1916 he obtained his commission, and though unable for active service abroad he had been for some time attached for duty to the office of the Judge-Advocate-General, London. His widow, formerly Miss Belle Hyndman, it is pathetic to note, died three days after him, also from pneumonia.

SALE OF PROPERTY.—The Steam Navigation office and lots in Cornwall and Royalty belonging to the estate of the late John Ings will take place today at twelve o'clock noon, at the Steam Navigation office.

AUCTION SALE of furniture at the late residence of Lt-Colonel Ings on the Esplanade will be continued today commencing at two o'clock p.m.

FUNERAL NOTICE.—The funeral of the late Mrs. John Doherty will take place from her late residence (Cherry Valley) on Saturday April 12th at ten o'clock sharp to Belfast Cemetery. (Patriot copy)

STRUCK OFF LIST.—According to a late issue of the Canada Gazette the following P. E. Island officers have been struck off strength of the C. E. F. on general demobilization: Major Daniel Albert McKinnon, D. S. O., Lieut. George Bradford Beer and Lieut. Harold J. Pickard.

SUCCESSFULLY OPERATED ON.—Mr. James Paton M. L. A. Received a telegram yesterday from his son Lieut. Rowland Paton, M. C. Brant Military Hospital, Burlington, Ont. stating that he had been successfully operated on for his knee trouble and is doing very well.

THE FORTY HOURS.—The closing services of the forty hours devotion at St. Dunstan's Cathedral on yesterday morning was largely attended. High Mass was celebrated by Rev. J. C. McLean of Summerside, assisted by Rev. Dr. Hughes as Deacon and Rev. Wm. V. McDonald as Sub Deacon. Rev. Maurice McDonald was master of ceremonies.

STARTING AGENCY IN N. B.—The Moncton Transcript says:—Ulisses J. Cameron, New Brunswick Representative of The Parador Company of Canada, Bridgeburg, Ontario, has arrived in the city. New Brunswick is the only province in which this company has not been represented, but an office is to be opened here shortly. Mr. Cameron belongs to Indian River P. E. I.

FROM OVERSEAS.—Among the island soldiers who returned Tuesday night was Cpl. Percy Gregory son of Mr. Samuel Gregory, East Royalty and brother of the well known hockey player. Gregory was overseas three years, and saw a lot of fighting. He was wounded on May 1918, and was invalided to England for treatment. He served with the well known fighting twenty-sixth Battalion. He has still two brothers overseas.

CORRECTION.—A couple of typographical errors, occurred in the report of the speech delivered by Hon. H. D. McEwen in the Guardian yesterday morning. Mr. McEwen stated that the standardization of the P. E. I. Railway should not stop at Charlottetown "start" as had been erroneously reported. Four hundred thousand, and 40,000 had migrated from the country sections of Ontario to the city last year. The Guardian regrets these errors.

FIRE PREVENTION.—Mr. J. Grov Smith, head of the department of fire prevention of the Dominion Conservation Commission Ottawa, delivered an interesting and valuable address before a fair sized gathering in the Board of Trade room last evening. Mr. George D. DeBlais, chairman of the Board of Fire Underwriters presided. The speaker among other things suggested the appointing of a Provincial Fire Marshall. Remark were also made by Mr. J. O. Hyndman, Mr. E. T. Higgs, Premier Arsenault, Mr. G. E. Hughes, M. L. A. Mr. A. F. Prowse and Mr. E. H. Beer.

A NOTABLE PURCHASE.—The property of Lieut. Colonel A. E. Ings of Dundas Esplanade comprising his splendid brick residence and a lot across the street was sold at auction yesterday forenoon. It was knocked down to Mr. Percy Pope for the Navy League, at \$6,100. The P. E. I. Division of the League is certainly to be congratulated upon this fine purchase. The house is in first-class condition and is just the thing for the purpose for which it was purchased—as a Seaman's Institute—and headquarters for the P. E. I. Division of the Navy League of Canada. It is the intention of the League of which Chief Justice Matheson is the President and Mr. J. O. Hyndman is Secretary, to start an educational campaign on behalf of young men in this Province to fit them for training for life either in the mercantile marine or the navy. A training ship will be provided by the Navy League for the Maritime Provinces and Charlottetown will be one of the principal stations. This move of the part of the local branch certainly looks as if something is about to be done to fit the youth of this province for the life of the sea, a profession in which this Province has provided splendid material in the past.

MARSHFIELD.—Rev. Donald McLean will preach in the Presbyterian Church Marshfield on Sunday the 13th at 11 a.m.

Magnificent Exhibit Of War Pictures (Continued from Page One)

Mr. J. J. McKinnon then introduced Lieut. Colonel McKendrick, D.S.O., of Toronto. He is here in connection with the street building programme of the city and won distinction in the war in connection with road building on the western front for the Canadian Corps and the 5th British Army. He was selected by Sir Eric Geddes to take over road building on the Somme area and had a force 12,000 men equipped with 300 waggons, 150 motor trucks and 150 steam rollers.

Colonel McKendrick stated that the roads in France in 1916 when he went over were absolutely broken down. The men would take positions but were unable to get their transport and supplies up. By means devised by the Canadian Corps they were able to go anywhere and carry their roads with them. The Canadian Corps he thought as second to none in the world. Wherever the army got stuck the Canadian Corps was called in and always succeeded in getting through.

At the fight Passchendaele after the Corps had been through the mud, the Canadians had a show of their own and finally took the place. It was the bloodiest of all their bloody battles. Col. McKendrick said you could see the Canadians anywhere. There was a certain "vim and zip" to their way of doing things which marked them. There was something in our country which was responsible for this. He paid a warm tribute to Sir Arthur Currie of whom he said there was no finer leader of men in the world though he has his traducers as have all men who make a success.

The Colonel said he was very favorably impressed with the exhibition he saw the pictures in London as photos. Colored and enlarged as now they give a totally different appearance. There was not so much of the brightness in the actual scenes in Flanders. His impression of that place was one of mud, dirt and grim and it was almost impossible to believe men could go through it all. He hoped the boys would all be able to secure jobs and forget it. He congratulated Charlottetown on securing such a notable show.

The Lieutenant Governor then in a short address formally declared the show open after which Col. Jack Jenkins for a few eloquent words called upon all to join in the rendition by the band of Canada's National anthem "O Canada." About 139 views in all are shown in the exhibit. The largest is 21 feet in length and 12 feet high. The pictures are worth coming miles to see. Lieut. Shouldis is in charge. The Ladies Aid of the G. W. V. A. are serving tea during the afternoon.

HOME FROM OVERSEAS

Another Quota of P.E.I. Soldiers Arrived Last Night.

After a pleasant voyage of eight and a half days the White Star liner Megantic, with some 1300 troops on board, arrived in Halifax at two o'clock Wednesday morning. The steamer did not dock owing to a strong wind and the work of disembarkation was carried out by lighters, as was done with the Olympic's passengers.

Among the civilian passengers were some two hundred repatriated British officers, including over a hundred of the Royal Air Force, all of whom have been demobilized in England. There were also sixty munition workers on board, who will accompany the ship to New York.

The pall bearers were Hon. J. E. Sinclair, M.P., A. E. McLean, M. L. A., William Stewart, T. B. Grady, Mayor James A. Morrison and Col. H. M. Davison. Rev. Mr. McDougall of Cape Traverse officiated.
