

Cure Your Rheumatism

50,000 boxes given away to all who apply.

John A. Smith and his Remarkable Rheumatism Remedy Cured Himself First and now Purposes to Cure the World.

A Box of this Great Remedy Mailed Free to any Suffering Reader who will send Name and Address.

Cured Many Cases of 30 and 40 Years Standing.

On the theory "that seeing is believing," John A. Smith of Milwaukee wants everyone to try his remedy for the cure of rheumatism at his expense. For that reason he purposes to distribute 50,000 boxes among all persons sending him.

Deformity of the Hands in General Chronic Articular Rheumatism.

their address. Mr. Smith had suffered all the agony and torture from rheumatism, tried all the remedies known and got utterly failed to find relief.

At times he was so helpless that he had to take morphine and after considerable dosing he gave up in despair. He began studying the cause of rheumatism and after much experimenting, finally found a combination of drugs which completely cured him. The result was so beneficial to his entire system that he called his new remedy "Gloria Tonic."

Those who are afflicted with rheumatism, or other ailments, should read and receive the following information. An old gentleman from Seattle, Wash., wrote him saying, "Mr. Smith would you send me a sample of your medicine, I have suffered for thirty years and wasted a fortune with doctors and advertised remedies, but wouldn't buy anything more until he knew it was worth something. The sample was sent, he purchased more and the result was astonishingly more and he was cured. This gave Mr. Smith a new idea and ever since that time he has been sending out free sample boxes to all who apply. At National Military Home, Kansas, he cured a veteran who had rheumatism in his hands and knees. In Hannaford, N. Dak., he cured a gentleman who writes, "Since taking your 'Gloria Tonic' my rheumatism is gone. In Stuyvesant, Ont., it enabled a lady to discard her crutches. In Westport, N. B., it cured a farmer 72 years old. In Fountain City, Wis., it cured an old gentleman after suffering 30 years. In Molalla, Oregon, it cured a lady 60 years of age who had suffered for thirty years. In Sumner, Iowa, it cured a lady after suffering thirty four years. In Elm Grove, Wis., 'Gloria Tonic' cured a severe case of rheumatism. Even prominent physicians had to admit that 'Gloria Tonic' is a grand success, among them Doctor Quinlan, of the United States of America, who states the result has been the same. It cured many cases which defied hospitals, drugs and electricity, among them persons upwards of eighty years of age. Mr. Smith will send a trial box, also his illustrated book on rheumatism, absolutely free of charge to any reader. The Guardian for he is anxious that everybody should profit by his good fortune. Mr. Smith's address is full is:

MONTAGUE, SOURIS AND KING'S COUNTY

...It pays to buy in this Province... Ronald McAnulty's son, of Souris, who is ill with pneumonia, is improving in Georgetown recently.

...The Morning Daily Guardian can be obtained at W. A. Johnston's, Montague. 3-8drt.

...J. J. Beaton's daughter of East Point, who has been very ill, is slowly recovering.—J.

...Services Holy Trinity, Georgetown, Sunday, March 19, eight o'clock a. m. and seven o'clock p. m.

...William W. McNeill and Alexander B. MacNeill, Village Green, were visitors in Georgetown Sunday, en route to Regina, N.W.T., by the Earl Grey.

...F. G. Jordan, Souris, having consented to act as Guardian representative, all news, advertising and subscriptions in Souris and vicinity should be handed to him. 3-10drtf

...Martin McKinnon, Montague, having consented to act as Guardian representative, all news, advertising and subscriptions in Montague, and vicinity should be handed to him. 3-8drt.

...The following were recent arrivals at the McDonald Hotel, Montague: P. H. Dawson, Montreal; S. A. Hiltz, Halifax; F. D. Chisholm, Montreal; C. Sutherland, North Sydney; Thos. Harner, Quebec; Aeneas A. McDonald, Charlottetown; Jas. B. Keenan, St. John; P. J. Vessey, St. John; C. B. Stephens, Montreal; T. C. Eggett, Charlottetown; J. C. Watson, Montreal; C. W. Spiers, Toronto, A. J. Webster, Montreal; W. A. Pattison, St. John; F. B. Armour, Montreal; L. B. Forsyth, Toronto, M.

...A rather serious accident was narrowly averted at Black Pond yesterday while Seth McLean, Kingsboro, was returning home from Souris with a load of salt, and while crossing Black Pond ice, the sleigh shaft broke. The horse became unmanageable and was running for the open water and was calmly stopped by a postman who chanced to be passing only within a few feet of the danger limit.—J.

...Lauchlin McPherson of Valleyfield, had a most miraculous escape from fatal injury or instant death a few days ago. While in the act of stepping on a threshing mill the wheel broke and a small piece struck him on the shoulder and arm and inflicted some severe bruises. A large piece of the broken wheel passed over the roof of the barn about twenty-five feet high. The usual excitement followed and in less time than it would take to tell it the mill was stopped in the usual way and Mr. McPherson can now hardly realize that it was not all a dream.—M.

WOULD HAVE MARRIED WOMEN ALL TATTOOED

CHICAGO, March 12—Harem skirts, hobble skirts and other similar novelty styles were thrown into the shade today when a native Methodist minister of New Zealand advocated the tattooing of married women's chins and lips in order that the men might know they were married. He spoke before the Cook County Teachers' Association, and said that when he went to Washington he would visit President Taft and advocate such innovation for general information of the young men regarding the singular or plural state of the women.

The speaker was the Rev. Francis Rawel. His subject was "From Cannibalism to Culture."

"I think this is a magnificent custom," said Rawel, as he ceased to be thrown on the canvas a picture of a New Zealand woman thus tattooed. "These marks are put on the chin in order that the young men may know that a woman is married. When I go to Washington I am going to suggest this to President Taft as a very convenient manner of conveying information of the women's married state."

104,341 PUPILS ENROLLED IN NOVA SCOTIA SCHOOLS

HALIFAX, March 13—The report of the superintendent of education, laid on the table of the house of assembly today, shows a total enrollment of 104,341 pupils in the common schools, night schools and academies of Nova Scotia. There are in operation 2,579 common schools. Of the 1,804 school sections in the province, 111 sections are without a school, an increase of seven during the year.

SECOND DAY OF SEED FAIR.

(Continued from page 1.)

duced. His address was freely discussed and much information was elicited from both address and discussion.

Harvey Mitchell, of the Dairy Branch, Ottawa, addressed the meeting on Dairying and his remarks were interspersed throughout with the most valuable information. A discussion followed this address which was freely participated in by many present.

A large number of farmers and citizens attended the meeting in the Market mall last night, the building being filled. The first speaker of the evening was Rev. P. D. McQuigan, President of the Central Seed Fair Association. He briefly welcomed the visitors to the Fair and told of the difficulties encountered by forefathers when they first set foot in P. E. Island and of the difference between farming of that time and that of the present day. He also showed the necessity and benefit to the farmer of a knowledge of the soil; how to treat it in order to produce good crops. He then explained that the occupation of a farmer at the present was one that required good education and much skill, telling them it was one not to be ashamed of. He spoke of the difficulties encountered in getting the Fair under way and concluded by thanking the citizens, Charlottetown for their generous contributions. The City Council, the Local Government, the Light & Power Co., and the enormous farmers' institutes who had helped to make the Fair a success.

The next speaker was Mayor Rogers who welcomed the farmers to the city and said that Charlottetown was highly honored by gatherings such as Seed Fairs, praising the management for the excellent manner in which the Fair was handled, making special mention of the Domestic

CALLS WITH BILL AND CEILING FALLS ON HIM

NEWARK, March 12—Part of the ceiling of a restaurant at 222 West Kinney street fell and stunned Edward Mittendorf, a baker, shortly after he entered the place to collect a bill from the proprietor.

Mittendorf is employed as a driver by the Mangels & Schmidt Company, and was talking with the proprietor. The plaster landed on his head and left the restaurant man unharmed.

The driver was removed to a nearby drug store, and the City Hospital ambulance was summoned. When it arrived he refused to go to the hospital, and was taken to his home, 417 South Seventh street, by a friend.

GIVES CHECK FOR A CENT TO PAY TAXES

WESTFIELD, O., March 12—Tax Collector Clark has received a check for one cent in payment of taxes. The sender of the check is Lawrence Powers, a property holder, and was in payment of an assessment on property owned by him on Central place. Powers purchased the property at a sheriff's sale last year, and the assessors made an error in placing a valuation on the land. The bill calls for \$1.95 and Mr. Powers petitioned the council to correct the error. The council, in order to clear the matter up, authorized the tax collector to accept a payment of one cent in full on the town's claim.

CASTORIA For Infants and Children.

Farm For Sale
The undersigned offers by private sale a his farm of 100 acres at Little York, seven miles from Charlottetown. This farm is within a half mile of railway station, church and school. There are good buildings on the premises also an orchard. This farm is well watered. For further particulars apply to H. HOWARD, Little York.

Science Department and looked forward to the time when he could again welcome them to Charlottetown. The President then introduced Mr. Deans, American consul, who held the close attention of the audience, profusely praising the farmers of P. E. Island and speaking in high terms of the exhibits. He said that the farmers of this country were wide awake to the necessity of proper agricultural education as was evident by the interest taken in the Seed Fairs, telling them of advantages secured from the scientific methods adopted at the present time by the farmer and of the success derived from the use of improved machinery. He showed that, while there were less people engaged in farming now, the products were twice as much as they were ten years ago. He bespoke a bright future for the tiller of the soil.

Mr. Mitchell of the Dairying Department, Ottawa, gave the farmers much valued information. He spoke well of the showing made by the island herds and said there was still room for improvement, advising farmers to keep record of the amount produced by each individual cow of the herd in order to know which was paying him, and to get clear of those that were not worth keeping.

Mr. Alward of King's County, N. B. was next. He said the grain produced on P. E. Island was of the highest standard and told the farmers to be co-operative, to give out all possible information in all lines of agriculture work. He stated that the farmers of Canada produced three times the wealth produced by the other industries of the country.

Mr. Innis, also a New Brunswick man, said the seeds were the very best he had ever judged. He told of the closeness of the exhibits and of the difficulty in judging.

Premier Hazard in a short speech, praised the committee in charge of the Fair and advised the farmers that as well as producing good seed and good dairy herds to take into consideration the producing of beef

herds as this was a very important and a good paying business.

Mr. Mathieson spoke along the same lines as Premier Hazard quite agreeing with him in many things, he also praised the judges and the Fair committee for their hard work and for the great success attained by it. The last speaker of the evening was Hon. J. Richards, Commissioner of Agriculture who told of the good results gained from the production of pure seed and also of the importance of live stock to the farmer concluding by advising the farmers to stick to the farm and by diligent pursuit of his calling become a prosperous and independent man.

The following is the prize list to date:

- OATS.**
Beauty of Old Island—1, Wm. Kain, Somerville; 2, Peter Brodie; 3, G. W. Aiken; 4, Benj. Mellett; 5, Capt. Darke.

WHY DO CHILDREN LIKE ZAM-BUK?

A Chat With Mothers.

"Whenever my children have any sore places, cuts, or skin troubles, they ask for Zam-Buk. They can always depend upon it doing what is needed."

So says Mrs. A. Alce, of 170 Chatham Street, Montreal.

A missionary writing from the West Coast of Africa, says: "One boy who was treated for a bad case of ulcer, came back recently and said, 'I like best that green medicine.' The 'green medicine' was Zam-Buk."

Now why should children, all the world over, show such a marked preference for Zam-Buk?

Children like Zam-Buk because, as soon as applied to a burn, a cut, or a sore, it stops the pain and then gradually, but surely, it heals. As soon as the pain of a wound or sore is relieved a child can go on with its play and leave Zam-Buk to finish off the healing.

Mothers might look a little more deeply into the action of Zam-Buk. First, it is highly antiseptic. As soon as applied it stops all danger of festering, blood-poisoning and inflammation. Second, it is soothing. It cools the wound or sore; allays the irritation; stops the pain and smarting. Then thirdly, it stimulates the cells beneath the injured part, to healthy action, and causes the speedy creation of new, healthy tissue.

Just try Zam-Buk for cuts, or burns, or cold sores, or eczema, ulcers, rashes, bad leg, piles, varicose ulcers, or any inflamed or diseased condition of the skin. Its effect will highly satisfy you. All druggists and stores 50c. box, or free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations and cheap, worthless substitutes.
