

FRIDAY
IN ST. JOHN.—Mr. and Mrs. Frederick Chandler, of Charlottetown, P. E. I., who have been spending the last three weeks in Toledo, Ohio, Niagara, and Montreal, are the guests of Mr. Chandler's sister, Mrs. J. R. Cobb, Carmarthen street, says a St. John Exchange.

MARRIAGE ANNOUNCEMENT.—Mrs. William Ings of Fowal P. E. I. announces the marriage of her sister Miss Mary Taylor and Mr. Samuel Drake of Millview, to take place in Birch Hill Church on Wednesday 24th inst. at 6 p. m.

FUNERAL YESTERDAY.—The funeral of the late Mrs. Herbert Love took place from her late residence, corner of Fitzroy and Edward Sts. yesterday afternoon, to the Peoples Cemetery. It was largely attended and the floral tributes were many and beautiful. The funeral services were conducted by Rev. Mr. Marshall, assisted by Rev. Mr. Bell. The pall-bearers were: Messrs T. H. Gill, T. Z. Taylor, Wm. Johnson, Edward Toombs, and F. S. Hodgson.

PROHIBITION NOTICE.—Mr. Allen Bolsner, Inspector writes The Guardian that he has received a number of anonymous letters in connection with his work, concerning the "Prohibition Act" and respectfully asks those friends of the Temperance cause, to sign their names to their communication. Otherwise call at his office in the DesBrisay Block, Charlottetown, where matters can be more fully adjusted.

TOWN IMPROVEMENTS.—The enterprising Citizens of Crapaud are still making improvements to their busy little town. A few years ago they had Gasoline lights installed, now they are having the buildings and streets lighted by electricity. The water power is supplied from the mills owned by Messrs G. E. Leard & Son. We expect to have the system in operation by the last of September. Later on Sewerage will be put in the houses. Crapaud is now one of the leading villages on the Island and is destined for greater things still, for with its beautiful location, modern improvements, and lately its wealth of fox ranches, it is attracting hosts of retired farmers and others, made rich in this world's goods by their good luck in the said Fox Business.

OLD RESIDENT DEAD.—An old-time resident, Mr. George Heatherley, has recently passed away at the age of 73, while on a visit (accompanied by his wife) to relatives at Kensington and vicinity. He had been ailing more or less for years, but the end came very suddenly by failure of the heart's action on September 5th. He was brought home to North Wiltshire and interred in the cemetery of the Methodist Church there. The funeral took place on Sunday afternoon, September 7th, and was very largely attended. The funeral services at the house and grave were conducted by the Rev. George Orman. The choir of the church attended and sang several well known hymns. He is survived by his widow and one son, a daughter having predeceased him. Two brothers, William and John (the latter out West), two sisters remain, Miss Jane Heatherley and Mrs. Mary Ann Mathers.

(Canadian Press.)
ST. JOHN, Sept. 18.—Hon. J. D. Hazen, Minister of Marine returned tonight from the west. He reports the political situation west of the Great Lakes very bright. The Government Naval Policy is popular in the Interior. The elevator policy, also is doing much to popularize their present administration.

(Canadian Press.)
WINONA, Minn., Sept. 18.—Six cars of the Great Northern East-bound Oriental Ltd., were hurled from the track by a burning bridge on the Burlington Railway three miles east of Winona today. Two passengers were slightly hurt. The cars were later destroyed by the fire. The train was running at the rate of fifty miles an hour and was within 500 feet of the trestle when the engineer observed the fire. The emergency brakes were applied but too late to stop.

(Special to The Guardian)
FREDERICTON, N. B., Sept. 16.—Three races on the second day's program of the Fredericton Exhibition races were all won in straight heats. Upon Prince, a son of Todd Mack, imported from the Johnson Farm by Dr. J. T. Jenkins, the octogenarian turf devotee of P. E. I., had no trouble in winning the two year old trot with the two Ozore fillies dividing second and third monies. Barvos an Allard Farm product, now owned by P. H. Reed, Fort Fairfield, placed the track record for 3 year olds at 2:27 in the second heat of his race. Baring's Comet, the favorite in this race, was drawn owing to lameness. Frank Patch never was in trouble in the 2:14 pace and won as the prohibitive favorite over the field should. The Summary,

Can you arrange the above sets of jumbled letters into the names of six well known fruits. If so, you can share in the distribution of the above prize. It is a money task. But by patience and perseverance you can probably make out four or five. To the person who can make out the largest number we will give the sum of One Hundred Dollars. To the person making out the second largest number the sum of Fifty Dollars. To the person making the third largest number the sum of Twenty Dollars. To the person making the fourth largest number the sum of Ten Dollars. Should two persons send equally correct answers, the first two prizes will be divided between them, each receiving \$50.00. Should four persons send equally correct answers, the whole sum of \$200.00 will be equally divided cash receiving \$50.00, and so on in like proportion, provided they comply with the conditions which we will give as answers are received. We do not want a cent of your money when you answer this advertisement. If you can find any of the names, write us today enclosing stamp for our reply. Do not delay, as we have not much time under the first letter of each name.

12 Tumors Removed Without an Operation
 Silver Lake, Ont., Sept. 20, 1909.
 Dear Mrs. Currah—I am enjoying better health than I have for eight years, and I think I am entirely cured. I have none of the old symptoms. I am very grateful for my present health, and think Orange Lily is the greatest treatment for women the world knows. Its use in my case caused 12 tumors or growths of some sort to be expelled. Some were as large as a hen's egg, and others smaller, down to the size of a walnut. You may use it in your advertisement, for my case is the solid truth, and you cannot describe all the good it has done for me. Mrs. Louise E. Boite-ridge.
 This letter gives an indication of the sensitive benefits that always follow the use of Orange Lily. It is an applied treatment and comes in direct contact with the suffering organs. It produces results from the start in all cases of women's disorders, including painful periods, falling of womb, irregularities, leucorrhoea, etc.
 I will send a sample box containing 10 days' treatment absolutely free to any suffering woman who has not tried it if she will send me her address. Enclose stamps and address Mrs. FRANCES E. CURRAH, Windsor, Ont.

 Victoria Row—Opp Post Office

NEW BRIDGE.—While the new bridge at Cardigan river is being built, a temporary structure has been erected across the river for the convenience of the public. The temporary bridge, which has been built right alongside the original bridge where the work of reconstruction is going on, is sufficiently wide and stable to permit of its use by vehicular traffic as well as pedestrians. The new bridge will be the first of its kind to be erected in this province, its peculiarity being in the fact that it is to have a concrete roadway, instead of the ordinary plank roadways that have been used in every other case hitherto. The concrete will be laid down six inches thick, and the superstructure of the bridge will consist of two eighty-foot steel spans. Alongside the roadway, and apart from it there will run a footpath, also of concrete, and about four feet wide, for the use of foot passengers. This bridge is to be in the nature of an experiment, which if it is proved successful will lead to similar structures when occasion arises in the future.

SUCCESSFUL DANCE.—Under the auspices of the Fourth Regiment, a very successful dance took place at the Armouries last night. A large and merry company, excellent music and a nice, smooth floor, waxed to the right pitch, were the concomitants of a very pleasant time. The scene was a gay one. There were about 150 persons present, the dance hall was appropriately decorated, while the many handsome gowns that were in evidence added to the gaiety and the attractiveness of the scene, which was only enhanced by beauty, personified in her many daughter, present. Mrs. D. A. McKinnon and Mrs. J. A. S. Bayer were the Chapresses. Dancing was sustained for about four hours, and was greatly enjoyed by all. About 11:30 o'clock light refreshments were served. The Fourth Regiment Band supplied the music, and they rendered a splendid program of some sixteen dances, repeatedly earning encores from the delighted dancers. The program was added to by a number of pianoforte pieces by several ladies. Much of the success of the event was due to the efforts of Capt. Webb Stanley and J. A. S. Bayer, the Secretary of the Entertainment Committee, who were responsible for the excellent arrangements made.

FIRE REPARATION.—The work of reconstructing Mr. M. P. Hogan's lumber mill and wood-working factory, which was recently destroyed by fire, is now well on towards completion. The roof, which is of Amate and fire-proof, has been put on and consequently not being retarded by wet weather the men can complete their work much quicker. The shingling has already been done, and the windows are made and all ready to be put in. The men will commence laying the floor of the second storey today. The shaft has been hung and some of the pulleys put in. Monday the machinery, which will be mostly that used in the old mill, with a few additions. The new machinery will include a boring machine, planing machine, small moulder, engine, machine, rip-saw, etc. In rebuilding an improvement was made over the old building, the ground floor being entirely free from posts, the second floor being suspended from the roof by iron bars. The brick-work encasing the boiler and the brick flue was completed yesterday. An iron partition shutting the fire-room off from the main building and making it fire-proof will be put up today. A new dry kiln larger than the old one has been constructed at the north of the mill, the dimensions of which are twenty-three feet long and 15 feet wide. The mill will be completed and the business resumed in about two weeks.

TOO GOOD TO BE TRUE.—In connection with the formation of the latest fox company to enter the field the Royal Silver Black Fox Company, which, as stated in yesterday's Guardian, has been floated and incorporated in Massachusetts, U. S. A., Dr. S. A. Nicholson, P. E. Islander, who was instrumental in the organization of the concern, told a Guardian representative that the only difficulty experienced in getting the capital of the company subscribed was the disinclination of the American investors to credit the large percentage of dividends that were being offered by fox companies. The idea of a return of forty per cent. for their investments was considered by these stolid New Englanders too good to be true. Said Dr. Nicholson: "The best thinking business men and solid business men thought there was something wrong with concerns offering such inducements. They were satisfied to get eight or ten per cent. return for their money, but the idea of getting forty or sixty per cent. was too much for them. They were scared of such a proposition, and would not touch it, thinking that the stock was watered, that something was totally wrong."

The meeting of the P. E. Island Silver Fox Breeders' Association held in Summerside yesterday, although, on account of the very disagreeable weather, not as large as it otherwise would have been, was a fairly representative one delegates being present from different parts of the province east and west. The meeting was called at a former meeting. He gave a rival of the special train from Charlottetown. In his opening remarks, the President, Dr. Jones, explained that the object of the meeting was to complete the preparation of the constitution and by-laws and, also, to discuss the base of registration proposed as a former meeting. He gave a number of suggestions which he would like to have discussed by those present, in order that the organization would have the advantage of a good beginning, agreeable to all concerned and in the best interest of the fox business of the province.

After a few remarks by several of the members the meeting adjourned till 2 o'clock.
 The afternoon session opened with a study of the draft constitution previously prepared, and was agreed to with a few minor changes, among which was the addition of those members to the executive, the following being elected unanimously:—Prince County, Mr. Fred L. Rogers; Queens, Mr. E. R. Brow; Kings, Mr. R. A. Taylor. The question of registration was next taken up and discussed very freely. The system of classification adopted at the former meeting was agreed to, and suggestions made or extensions. The importance of arriving at the best possible basis was recognized by all and the subject was exhaustively discussed. Time however did not permit by a final settlement and it was decided to adjourn to meet the Board of Trade Rooms, Charlottetown on the 24th inst. at 11 a.m.

(Canadian Press.)
WASHINGTON, Sept. 18.—The Administration Currency Bill was passed by the House today by a vote of 28 to 84.

(Canadian Press.)
DETROIT, Sept. 18.—A Gray touring car, wrecked and unidentified, lying in a ditch 15 miles south of Mt. Clemens, has baffled the police in their attempt to apprehend the occupants of the car who are believed to be the bandits who last night held up a touring party and robbed them of \$2,000 in money and much jewelry.
 The automobile has not been identified and there are no traces of bandits.

A RESPONSIBLE POSITION.—Mr. Alfred Seaman, son of Mr. J. D. Seaman, Principal of Prince Street School, has been receiving the congratulations of a large circle of friends on his new appointment with the Reading Camp Association, whose headquarters are at Toronto. Mr. Seaman's work will be among the foreigners in the camps at Musquodoboit, Harbor, N. S., to whom he will endeavor to impart a knowledge of the English language, chiefly, but will also teach other branch subjects. Mr. Seaman's position is one of responsibility and a fact that it has been offered to him is a strong testimonial as to his character and his rank as a student, as he is scarcely yet little more than out of his teens. He had a somewhat brilliant career as a student, too. In 1909-10 he led the graduating class from West Kent School taking the highest honors, the Governor General's Bronze Medal, and at Prince of Wales College he was equally successful. In passing from the college he led the 3rd year students winning the Anderson Gold Medal, and with it a first class teachers license. When he received the appointment to the camps he had just entered upon what had every appearance of being a successful year as a teacher on the West Kent School staff, the old school where he had gleaned the rudiments of his education. He is wished every success in his future work.

\$3.50 Recipe Free For Weak Men.
 Send Name and Address Today—You Can Have it Free and Be Strong and Vigorous.

We have in our possession a prescription that has cured many of the debilitated, weakened manhood, failing memory and lame back, brought on by excesses, unnatural diet, loss of sleep, and other causes. It has cured so many worn and nervous men right in their own homes, without any additional help or medicine, that we think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. We are determined to send a copy of the prescription free of charge, in a plain envelope, to any man who will write us for it.
 The prescription comes from a physician who has made a special study of men and we are convinced it is the surest-acting combination for the cure of deficient manhood and vigor ever put together.
 We think we owe it to our fellow men to send them a copy of this splendid recipe. It is a plain ordinary envelope free of charge. A great many doctors would charge \$10.00 to \$20.00 for such a prescription. We give it like this—but we send it entirely free.
