GREAT BRITAIN APPRECIATES GIFT.

LONDON, December 10.—A formal expression of Great Britain's appreciation of Canadian patriotism displayed in her coming gift of three battleships to the British navy was postponed today by the house of commons until the Dominion parliament shall have dealt with the proposal of Hon. Robert L. Borden.

The premier in reply to the expression of Andrew Bonar Law, the leader of the opposition for an opportunity to thank Canada, said: "The government fully recognizes that it is both the desire and the duty of the house of commons to give formal and authoritative expression of the universal feeling of warm appreciation and heartfelt gratitude which has been aroused in the mother country by the splendid patriotism liberally displayed by her fellow citizens and fellow subjects in the overseas dominions."

SECRET WORKERS.

The Plan Upon Which Tea and Coffee Work.

Tea and coffee are such secret workers that they are not suspected as the cause of sickness or disease, but there is a very sure way to find out the truth.

A Southern lady gives an interesting experience her husband had with coffee. It seems that he had been using it for some time and was an invalid.

The physician in charge shrewdly suspected that coffee was the "Worm at the root of the tree," and ordered it discontinued with instructions to use Postum regularly in its place.

The wife says: "We found that was the true remedy for his stomach and heart trouble and we would have gladly paid a hundred times the amount of the doctor's charge when we found how wise his judgment was."

The use of Postum instead of coffee was begun about a year ago, and it has made my husband a strong, well man. He has gained thirty-five pounds in that time and his stomach and heart trouble have all disappeared.

"We never tire of telling our friends of the benefit we have received from leaving off coffee and using Postum in its place." Name given by Canadian Postum Co., Windsor, Ont.

Look for the little book, "The Road to Wellville," in each pkg.

Instant Postum is sold by grocers. 50-cup tin 30c. 100-cup tin 50c.—Or 5-cup trial tin mailed for grocer's name and 2c stamp.

Regular Postum (must be boiled 15 to 20 minutes) 15 and 25c pkgs.

Detectives and Doctors

Work along similar lines. One seeks the thief who steals money or valuables; the other is after the thing that steals health. Every doctor knows that the insidious, subtle drug, caffeine, in tea and coffee "get away" with valuables that money cannot buy—clear brain, steady nerves, regular heart action, sound sleep, etc.

POSTUM

has been helping doctors put tea and coffee wrecks on their feet.

Made of clean, hard wheat, Postum is a true food drink. It contains no caffeine or other harmful substance; but does contain the Phosphate of Potash (grown in the wheat) required by Nature in rebuilding brain and nerve cells.

INSTANT POSTUM

Made in the cup No boiling required

Some say it has improved flavour, but it is regular Postum in concentrated form—nothing added.

Simply put a level teaspoonful (more or less for strength desired) in a cup of hot water. Stir until dissolved; then add sugar to taste and enough cream to bring the color to golden brown.

A fascinating beverage is ready instantly.

Instant Postum is sold by grocers. 50-cup tin 30c. 100-cup tin 50c.—Or 5-cup trial tin mailed for grocer's name and 2c stamp.
