MALE OF THE SPECIES

Zyzsko Gets Divorce From Spouse—Ill Treatment?

(Montreal Gazette)
The most strenuous of sport do not need to be in a contest as compared to a wrestle between pugilistic enemies. It is a mild and innocuous exercise to see two brawny exponents of the art mauling and springing each other in the endeavor to secure the excruciatingly technical fatal scissor grip for the cruel hammer lock is a test of the capacity of the man to put forth brute strength under rough treatment. The champion got some realization of the far from gentle nature of the sport from the fact that the quiet of "Strangler" Lew's one of the most noted wrestlers of years is due to his partially blind, now blinded because of heady nature, which left an agent only the alternatives of

French Dressing
The French dressing for fruit should be made with lemon juice instead of vinegar and with a dash of black pepper.
Measure Flour
When baking cakes remember to measure flour after it has been sifted; unsifted flour invariably weighs more.

Hoppe Leading Former Champion

NEW YORK, Oct. 17.—Willie Hoppe, world's champion at 18.2 on the billiards, won the first two blocks of his 300 point match at three cushions with Alfred De Oro, former holder of the three-cushion title, at the Strand Academy, and is now leading by the score of 100 to 50. Hoppe won the afternoon game at 50 to 30, making a high run of 115, while his opponent's best run was 5. In the evening the billiard champion counted 50 times in fifty four innings, playing the same fine billiard as in the afternoon. De Oro improved slightly, going 38 in this block while De Oro counted seven times on a single turn at the table.

Hoppe was always in the lead in both blocks. In the twenty seventh inning of the afternoon game he led 20 to 10 and thereafter all ways held a lead of 10 points. In the evening game, the champion started out even better and got 20 caroms in sixteen turns at the table. De Oro counted ten times during this stretch. In the next eleven innings De Oro did not make a single point, while Hoppe made 5. At the end of the thirtieth inning the billiard champion was ahead at 32 to 19. De Oro picked up on him slightly. De Oro's run of 7 was marked by the most spectacular sort of three-cushion shot and was the big spot of the two blocks.

ALL PRIVACY ENDED AS NEW X-RAY DEVICE MAKES WALL TRANSPARENT

SCHENECTADY, N.Y., Oct. 17.—New X-ray machines by means of which one may look through walls and floors as easily as a physician or dentist now examines subcutaneous parts of his patient's body, have been perfected. The inventors are Dr. W. D. Coolidge and his associates in the research laboratory of the General Electric Company.
The new apparatus, an oil-immersed portable outfit in a box 28x16 inches and weighing but 30 pounds, is expected to prove of great value, especially to plumbers, building contractors, electricians and jewelers.
To use the new device it will only be necessary to connect an ordinary extension cord to the nearest lamp socket or base plug of the household lighting system, and then X-rays may be produced by simply pressing a button.
Hereafter, the inventor says, the man who wishes to hang a picture on the wall and doesn't know where to find a solid place to drive a nail will not have to ruin the wall before finding the right spot. The new machine may also prove a blow to smugglers, should customs officials use the device in searching for secret chambers in trunks and bags.
Jewelers, it is said, will be able to detect spurious gems at a glance by using the rays.
T. p. Table Handy.
In a very small apartment where space is limited, a tip table is an excellent investment.

LADY ASTOR HAS COMISKEY LOOKS FOR A LONE FIGHT

Is Facing Two Labor Opponents Owing to Party Split.

PLYMOUTH, Oct. 17.—For the fourth time in almost as many years Lady Astor, the first woman to enter Parliament, is carrying the standard of the Conservative party in the Sutton division of Plymouth. Tonight amid scenes of great enthusiasm, when hundreds flocked to gain admission to the hall in which people were packed like sardines, she was adopted once more. She will have a lone fight with socialism, for the Liberals have decided not to oppose her.
At present she has two Labor candidates to tackle, because of friction in the Labor camp, but in the end it is expected that only one will stand.
Present indications are that the election will be as keenly fought as on the last occasion. Tonight as Lady Astor faced her audience a slim vivacious personality in a becoming orchid-colored dress, her eyes were lit up with the light of battle. A few hecklers gained admission to the hall, but she flashed on to them some of her subtle repartee and promised them a hot time for a fortnight.
The first thing she did on entering the hall was to lean across the rail of the platform and shout at the top of her voice, "Are we downhearted?" and the "No" given in response could be heard a long distance outside the hall.

COMISKEY LOOKS FOR GREAT BALL NEXT YEAR

He Doubts if Recent World's Series Will Ever Be Equalled.—Praise For Judge Landis.

MONTREAL, Oct. 17.—The Landis-Johnson controversy, this year's season and the world series, and the prospects for 1925, were discussed by Judge Landis and "Charlie" Comiskey, internationally famous manager of the Chicago White Sox, when interviewed at Windsor Station yesterday morning, prior to his departure for Quebec, whence he sailed yesterday with members of his team and of the New York Giants for an extensive tour of Europe. Comiskey and his party arrived in Montreal on the Delaware and Hudson train from New York at 7.50 and left shortly afterwards by Canadian Pacific to join the players aboard the company's liner "Montroyal" at the ancient capital.
"I don't think there is anything in Ban Johnson's charges," Mr. Comiskey asserted. "Judge Landis is a fine man, absolutely straight, and baseball is mighty lucky to have been able to induce the judge to devote his time to superintending the game. He is an absolutely fearless judge and an absolute fearless lover of baseball, and the American people trust him implicitly. If Johnson has any definite charges to make I consider that he should make them, instead of alarming the country with vague insinuations, which do more harm than good."
The World Series.
"Don't you think it was a wonderful world series?" the veteran manager continued, dismissing the subject of the declarations of the president of the American League to turn to what was obviously a more pleasant topic. "The victory

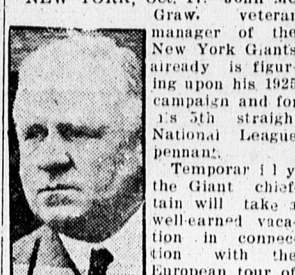

GIANTS DUE FOR SHAKE-UP NEXT SEASON

Outfield Weak and Needs Bolstering Up—Meusel and Ryan to Go.

(United Press.)
NEW YORK, Oct. 17.—After barely sneaking into the last two world series, and to get a beating for their end, the New York Giants are due for some re-vamping before they make a dash for their fifth straight National League pennant.
John McGraw needs two outfielders badly, and he has always been in dire distress for pitchers. He has plenty of infield strength, but he may have to sacrifice some of it to patch up the other holes.
The outfield was bad enough before Jimmy O'Connell got himself in the scandal, and when he was ousted from baseball, McGraw found himself without any kind of centre fielder. He had to do the unusual, and shift George Kelly from first base to the garden.
It has been no secret for several years that McGraw would like to have Eddie Roush. Any manager in the league would like to have the Cincinnati outfielder on his club, but McGraw has more than the ordinary regard for him.
Harry Herrmann, president of the Reds, said during the world's series that Roush would not be traded under any circumstances, as he was a large part of the team with which Cincinnati hoped to win the 1925 pennant. It's a catch that the Reds would not sell him, and they couldn't put on any kind of trade without giving away Terry or Kelly.
Some Will Go
Meusel and Ryan are almost sure to leave the Giants, and Heide Groh might be used in a deal, although he would make a valuable pinch-hitter, even if Freddie Lindstrom should take away his regular job at third base.
There should be a lot of swapping during the winter season, but there will probably not be, because none of the contending clubs will want to help the other fellow, and there isn't a wealth of desirable material among the second division clubs. Some of them are weak enough as they stand without giving away any more strength.
The Yankee management has decided that a deal has been made with the St. Louis Browns for Urban Shooker. The Yanks admit they would like to have the St. Louis pitcher, but insist they will not part with Waite Hoyt in a deal for him.
Reports were heard during the series that Pittsburgh was going to get rid of Grimm, Bigbee, Schmidt and Marvillo, and that the Red Sox were going to put Milt Stock and Dutch Deutter on the market. The death of Jake Daubert left a vacancy at first base on the Cincinnati club, but Rube Bressler may be able to take his place.

JAWN FIGURES ON HIS FIFTH STRAIGHT FLAG

NEW YORK, Oct. 17.—John McGraw, veteran manager of the New York Giants, already is figuring upon his 1925 campaign and for his 5th straight National League pennant.
Temporary, the Giant captain will take a well-earned vacation in connection with the European tour of the Giants and White Sox, after one of the most strenuous campaigns he has ever had, but on his return he intends to line up his forces for the coming year. He sailed last night on the Canadian Pacific liner Montroyal for Liverpool. They expect to return November 25 on the Leviathan from Cherbourg.
Discussing his 1925 prospects today, McGraw expressed confidence that his team would be even more formidable than this year, with new talent developing rapidly. The Giants finished the season and went through the world's series with two rookies, Lindstrom and Terry, in the infield and another, Wilson, in the outfield. In addition McGraw figures that such newcomers as Dean, Mann and Baldwin in the pitching box will strengthen his hurling corps for 1925.

John McGraw

EPINARD TO START TODAY

Passage Cancelled and is Entered in \$10,000 Stakes—Is in Good Condition.

(Canadian Press.)
LAUREL, Md., Oct. 17.—Only some accident between now and past time will prevent Epinard, famous French thoroughbred from starting in the \$10,000 stakes Saturday, the trainer of the colt said today. Word was received at the track that M. Worthheimer who had

Epinard

intended sailing for France on Saturday, has cancelled his passage, and will see his horse run here.
Epinard was in splendid condition on his arrival, according to his trainer and when taken out on the track for a ten minute jog after the fifth race, was greeted by a burst of applause from the fans.

GREAT HONOR FOR FINLAND'S WONDER

NEW YORK, Oct. 17.—The Finnish Government has appropriated 60,000 Finnish marks, or approximately \$1,500,000, for the erection of a statue in Helsinki, in national capital to Paavo Nurmi, marvelous Finnish runner, who won four races at the Paris Olympics and holds numerous world records. According to information reaching here today, this tribute to the runner—the first of its kind on record—eventually will be placed as a memento to Finnish athletes in a new athletic stadium.
The tests were conducted by Dr. C. C. Little, president of the University of Maine, and Dr. W. Bove, professor of biophysics at Harvard Medical School.
Several hundred chicks were used in the tests. Those treated with ultra violet rays were five times as heavy as the others, were more healthy, more vigorous, and continued to thrive without change of food or quarters. Dr. Bove declared 73 per cent of the chickens living only in sunlight were victims of rickets, while in the case of others all lived with the exception of a few that were killed by rats.

YDE SUMMONED IN BASEBALL SCANDAL

PITTSBURGH, Pa., Oct. 17.—Emil Yde, Pirate pitcher, has communicated with Barney Dreyfuss, owner of the Pittsburgh Nationals, denying that he made any statements with reference to the baseball scandal, Sam Dreyfuss, treasurer of the Pittsburgh club, declared tonight when informed that Yde had been summoned to appear before Commissioner Landis, Yde is at his home in Freeport, Ills. The statements attributed to Yde were contained in an interview given by an unnamed fan at a Rockford, Ills., newspaper. In the interview, the fan repeated what was purported to have been a conversation he had with Yde during one of the world series games between the New York Nationals and the Washington Americans. The account was republished in a Pittsburgh newspaper.

P. W. C. AND S. D. U. TODAY

Qwing to inaccurate information received by this department with reference to the football game this afternoon, the competing teams are not the Abegweits and St. Dussans, but P. W. C. vs. S. D. U. intermediates. The game will start at 3.30 and should be a good one. The following are the lineups:
P. W. C. S. D. U.
Full J. Cullen
A. Mathieson Halves F. McCarey
G. Houston G. White
G. White F. Murphy
G. Tanton G. Murphree
A. Stewart A. Surette
H. Saunders J. Dunphy
Quarters G. McCabe
H. Mellish G. Bristol
L. Wedlock D. O'Leary
Forwards A. McDonald
H. Horton G. McDonald
I. Home W. Rooney
N. Matheson N. McDorlad
N. McDorlad P. McAnlay
J. McLeod H. Mabey
H. Mabey W. Dunphy
P. McNaught E. Dalton
Spares A. Gillis
McKenna M. Conway
Chandler Spillet
Spillet R. Gill
Lester
Referee—Leo McDonald

"V" BOWLING

REBECCA LEAGUE
A very interesting game took place when the Seminoles and Comets met the former winning by the narrow margin of 5 pins. Mrs. Adams secured the highest single with 188 pins while Miss Grant took away the honor of having the highest total.
Next game, Thursday at 7 when the D. H. P's and Comets clash. Following are the results:

Comets	Seminole
M. Adams 82 150 188	
G. Beer 132 145 134	
F. Stewart 138 85 133	
N. Evans 87 95 154	
R. Howatt 121 169 108	
Total—1921	
Seminole	
T. Grant 174 140 105	
F. McDonald 105 113 152	
M. Ling 138 76 106	
E. Harris 124 161 124	
J. Holmes 93 169 146	
Total—1925	

Majority for Seminoles 5 pins.

Haughty Georgians Bow With Defiance To Bolshevist Rule

(United Press.)
TIFLIS, Georgia, Oct. 17.—There seems to be no other effect than to increase the Georgian people's desire for independence. Although in some respects Moscow's domination has brought benefits to the little mountain country, notably in the direction of peace and security, Georgia appears to be suffering from the same economic and industrial depression which affects the whole of Russia.
Under the stimulus of the Mensheviks or Social Democrats, who are a potent element in the Georgian politics, a large portion of the people is still clamoring for a return of the independence which Georgia lost to the Bolsheviks in its heroic struggle of 1921. That the Soviet regards the situation as serious is shown by the fact that it has more than 7,000 secret agents in Tiflis, who repress all tendencies of revolution. The recent uprising of the Mensheviks in the town of Tchiatur, where the manganese ore fields are located, was suppressed only with much difficulty and bloodshed. Several hundred Georgians were executed in reprisal for this uprising.
The Georgians, from remotest times, have been a proud, defiant, liberty-loving people, and they would resent dictation from a European state quite as much as from the Bolsheviks. They struggled gallantly for half a century against conquest by the Czar of Russia and capitulated only in the face of overwhelming forces. They are conscious of the great national resources of their country. They therefore are opposed to all foreign tutelage and show no tendency to absorb Bolshevist doctrines.
In spite of their defeat by the Bolsheviks, the Georgians retain all their old national customs and traditions. The men may be seen on the streets armed with daggers and sabres and dressed in their picturesque close-fitting "checkered" with rows and rows of miniature receptacles for cartridges on their breasts and revolvers concealed in their pockets. The princes have retained their old social position, and one sees pedestrians bowing deferentially to them as they pass.
The manganese ore industry, fruit-growing and wine production, which are Georgia's chief sources of wealth, have suffered seriously since the advent of the Communists to power. The manganese mines are now virtually idle. But if the Bolsheviks have failed to confer any great economic or social benefits upon the country, they certainly have acted beneficially as a stabilizing, mediating force among the

GOLF

The finals in the Standard Cup Match and the Longworth Cup Match, were played this week on Belvidere Links, with the result that Willie Lyman won the Standard Cup, defeating A. W. Weeks, and Mrs. K. M. Martin, the Longworth Cup, defeating Mrs. E. W. MacKinnon.
The winners of these matches are very young players with only two years experience and they have proved to some of the "Veterans" that they know how to "play the game".
