MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at her disposal, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ODDFELLOWS.—A special train left Charlottetown last evening at 5 o'clock, conveying a large number of Charlottetown Oddfellows to Montague, where a joint meeting was held such times in the past. The visit was a fraternal one, and about 60 members of Wildsey and St. Lawrence Lodge were in attendance with about an equal number from Hillside Lodge of Montague. The Charlottetown brethren exemplified the second and third degrees, there being quite a number of candidates in each. The degree work was well done and the visit was a most enjoyable one. The members of Hillside made it exceedingly pleasant for the visitors, entertaining them most admirably and serving very dainty refreshments. The special returned to Charlottetown at three this morning having left Montague at 12.50.

selections on the violin by Mr. Vessey, consisting of some of the "old time" music, which was enjoyed by all, supper was announced, and under the motherly care of the kind hostess, the wants of the ladies were carefully looked after. At tables topics of general interest were discussed finally ending on the "Fox" side of the question. After wishing Mr. Jenkins many happy returns of the day, the guests departed, well pleased with the evening's enjoyment.
