

OBITUARY.

Very sad was the death of Mrs. Annie McFadyen, Braselane, which occurred at the home of her son, Ewen McKinnon, on July 21st. She ceased was sixty-nine years and nine

months. Mrs. McFadyen's two daughters arrived home from Boston Saturday night on a visit and were shocked to learn that their mother had dropped dead in the morning. She had been in her usual health up to the time of death.

A precious one from us is gone. A voice we loved is still. That place made vacant in our home Which never can be filled.

THE PRINCE COUNTY GUARDIAN

Offices in Summerside, Miss Amy G. and J. F. Lafferty, Water and in Alberton.

Burrows, Agent, Summer Street, Street, News Correspondent; Herbert Clark, Agent.

The latest news, first of all.

Malcolm McDonald of Lorne Valley was in the city on Friday.—L.L.

The S. S. Caspatria is due in Summerside from Montreal at daylight this morning.

Philip Crossman of Cape Wolfe is rebuilding his saw-mill. P. Silker of Knutsford did the framing.

The members of Star of Hope Division held a very enjoyable gathering at West Point on the 15th.

Mrs. George Fish of Haliburton has returned home after spending a few weeks visiting friends and relatives in Boston, Mass.

Dr. P. C. Murphy of Tignish and McEwen of O'Leary returned last evening from St. John where they had attended the medical convention.

The City of Ghent arrived at Summerside about 4 p.m. yesterday and left again about 8 p.m. for Halifax. She had very little freight inwards or outwards.

The many friends of John and Mrs. Warren of Cape Wolfe are pleased to welcome them back from Newton, Mass., where they have spent the last few years with their children.

Bro. Thomas A. Duff, Toronto, will pay Hamilton L.O.L. an official visit on Friday, the 29th day of July at 7.30, in the interests of the Order and the Orange Mutual Benefit Fund. All brethren requested to attend.

The prisoner Cunningham who was sent up to await trial at the Supreme Court on a charge of murder, was brought to Summerside, from Alberton and lodged in jail by Constable Gough yesterday morning.

In taking the evidence over the telephone in the preliminary hearing of Clifford Cunningham at Alberton recently an error crept into The Guardian's report. Where the words "Cunningham said he slept steadily and did not know, etc." occurred, it should have read "Cunningham said he struck Sherry and did not know whether he killed him or not."

A telegram received last evening by Hugh McInnis, Summerside, from his brother-in-law, James C. Daley of the C. P. R. conveyed the sad intelligence that Mrs. Daley passed away on Wednesday evening at North Bay Ont., after an illness of several months. Mrs. Daley was a native of Charlottetown and with her husband visited Summerside about two years ago and made many friends. A husband and large family are left to mourn. Interment will take place at Saint Ste Marie tomorrow.

UNABLE TO SWIM AND PERISHED

WIARTON, July 20—A double drowning accident occurred at Colpova bay, three miles north of here, last evening, when Joseph Holler, aged 56, and Edward Cunningham, aged 17, lost their lives when a nasoline launch in which they were riding struck a sunken log. There were four others in the boat at the time, and but one of the party could swim. They were rescued by an Indian with a row boat. The bodies were recovered in less than ten minutes, but efforts at resuscitation were without avail.

STAR FLOUR

STAR Flour is advertised because we know that the Bread made from it satisfies—Color, Flavor, Richness and Uniformity. Quality counts in what you eat.

The Young Housewife

is anxious to get good results from her first efforts in baking. She is eager for the admiring comments of her husband and her visitors. She knows that her bread and pastry will be subjected to close criticism, and realizes that in her nervous anxiety she is likely to make mistakes, by using too much of this or too little of that. Then again, the flour she uses is apt to vary in quality from time to time, unless she uses

"Beaver" Flour

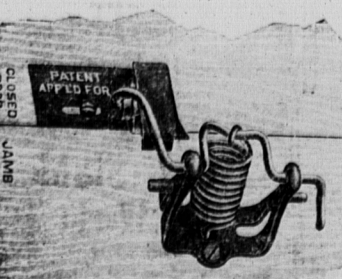

which takes a heavy burden of responsibility off the young wife's shoulders. It is a scrupulously exact blend of Manitoba Spring wheat and Ontario Fall wheat, so balanced as to provide an unvarying uniformity of superlative quality.

"BEAVER FLOUR" contains all the gluten—the bone and muscle forming element—of the Manitoba wheat and the qualities of the Ontario wheat that make bread light and white, and cakes and pastry tasty and flaky.

"BEAVER FLOUR" saves the trouble of keeping one flour for bread and another for pastry. It is a bread flour and a pastry flour too. It is reliable at all times and under all conditions. It is also economical, for it makes more loaves to the barrel than any other flour—loaves that are as good to look upon as they are tasty and nutritious. For biscuits, pies and pastry, "BEAVER FLOUR" has no equal. Don't take our word for it. Try it, and be convinced.

Your grocer has it, and will be proud to recommend it. DEALERS—Write for prices on all kinds of Feed, Coarse Grains and Cereals.
