Lt. - Col. W. W. Reid Guest Speaker At S'ide Kinsmen Club

Lt.-Col. W. W. Reid, D.S.O., director of the Department of Physical Fitness, was the guest speaker at the regular meeting of the Kinsmen Club of Summerside last evening and later met with the Kinsmen Hockey Committee to discuss hockey plans for the winter.

In his talk he outlined the work being done by his department. He said that when the department was first organized most of the work was confined to Charlottetown because the need seemed greater there. He explained that the program should be directed towards both the adult population and the children but for a while it is not intended to do any adult work. It is wonderful, he said, to see the way a child will respond to good treatment and fair play. He explained that some work is being done through the country schools. A small amount of equipment is provided and literature and information is given out.

He outlined the work now being done in Charlottetown, centered at Prince of Wales College where basketball, volleyball, badminton and other sports are organized. One of the most valuable factors of the work being done among the students at Prince of Wales, he explained, is that they will take these ideas out to the smaller communities and become leaders.

Physical fitness is really a misnomer, he said, in that many other things come under its head, such as music festivals, drama festivals, bands, concert parties. He outlined the work done last year by the Women's Institutes in sponsoring music festivals which were most successful and this year he made the promotion of sport was his big problem.

He told of the work done last year in hockey for the youngsters in Charlottetown and other centres. He said the fact that any money made in sports activities should be used for the promotion of sports and not squandered. He also explained that one of the main purposes of enabling children to take part in sports is to build better citizens as well as better athletes.

In conclusion he expressed his appreciation for the work the Summerside Kinsmen are doing in the promotion of sports and he offered his assistance in any way possible. Mr. Charles Hogan presided and extended the thanks of the club to the speaker. Mr. Hogan also outlined the plans made to date for organizing the hockey teams and said that all except four of last year's juveniles will be available this year.

Sentenced To Three Years In Penitentiary

Roy F. Pye, Lot 16, was sentenced to three years in penitentiary on a charge of attempted rape on the speaker. Mr. Hogan also outlined the plans made to date for organizing the hockey teams and said that all except four of last year's juveniles will be available this year.

In passing sentence the Chief Justice stated that this crime was aggravated by the fact that the victim was only five years of age. He said further, that the court in passing sentence must have regard to the prevention of such heinous crimes by others. "There seems to be a proclivity by certain elements of the population to offences of this kind against children," he said. "If there is one part of the population of the land which the law must protect it is children. They are not mentally or physically competent to protect themselves against assaults."

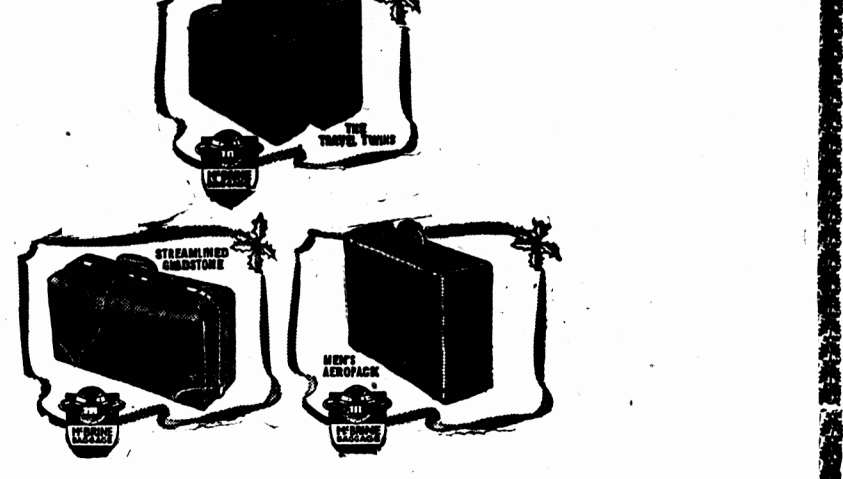

W. E. Darby, K.C. appeared for the Crown and J. E. DesRoches, K.C. for the prisoner. The Crown had appealed and the judgment of the Stipendiary Magistrate had been reversed and a conviction entered. The

When stewing prunes add a small stick of cinnamon while simmering, and several slices of lemon. Good for breakfast and for prune whip.
