MRS. MOSES BURKE

The death occurred suddenly at the Sacred Heart Home yesterday morning of Mrs. Moses Burke, widow of the late Moses Burke, who died about twelve years ago.

Mrs. Burke, who was 92 years of age, was a native of St. Peter's Bay, a daughter of the late James Miller. For forty years she had been a resident of Lower Montague, and had made many warm friends, there, who will regret to learn of the passing of this estimable woman.

She came to Charlottetown eighteen months ago.

Out of a family of eleven, nine sons and two daughters, five sons survive, viz.: Capt. William Burke, Charlottetown; Henry, at Douglas Station; Daniel, Joseph and Philip at Lower Montague.

She also leaves sixteen grandchildren, including Major W. B. Burke, (the well-known piper of this city) and thirteen great-grandchildren.

The body was taken yesterday to Frank Hennessey's Funeral Home and will leave on Tuesday evening, at 8:30 a. m. for Montague, where the funeral will be conducted at 10 a. m. in the Roman Catholic Church by Rev. Father Owen Higgins. She will be laid to rest in the adjoining cemetery.

AVONLEA W. L.

The annual meeting of Avonlea Women's Institute was held at the home of Mrs. Leigh Warren, North Rustico, on Nov. 16th. President opened meeting with Ode followed by Creed. Minutes of previous meeting and last annual meeting were read and adopted. Committees reported and new ones are as follows:

Cavendish school, Mrs. Fred Clark and Miss Anita Webb. Cavendish sick, Mrs. E. C. Webb and Mrs. George McCoubrey. Rustico school, Mrs. Lorne McNeill and Mrs. T. L. McNeill. Rustico sick, Mrs. E. C. Woolner and Mrs. Chester Woolner. Convent for next night, Miss Lucy Woolner, National Events. It was moved and seconded that \$200.00 be sent to the Campaign against Tuberculosis, \$40.00 to Hunter River Library, \$20.00 for two books of Christmas Seals. A committee was then appointed to arrange programs for the twelve months of the year. It was moved and seconded that the usual amount of money be given to each school for Christmas gifts for the children.

Then came the election of officers as follows:

President, Mrs. Oak Stevenson. Vice-Pres., Mrs. Alfred Moore, Cavendish, Miss Lucy Woolner, North Rustico.

Secretary-Treasurer, Mrs. R. G. Sove. The King, of the screen's pepper-uppers, frolics to town with three strings of swine in search of social security who find themselves sidetracked by love in "Sally, Irene and Mary" opening yesterday at the Prince Edward Theatre.

Alice Faye and Tony Martin sing the tuneful songs you've ever heard as only they know how they top the cast with Fred Allen, star of radio's "Town Hall Tonight" and he is twice as funny face-to-face.

The cast is unapologetically magnificent with Jimmy Durante, the street-sweeper who crashes into cafe society; Gregory Ratoff, with a champagne bankroll and a gleam in his eye; Joan Davis, the gazelle with knee-action; Marjorie Weaver, the sensation of "Second Honey-moon" making second sensation; Louise Hovick, who keeps Reno busy, and Barnet Parker and J. Edward Bromberg.

The romance is made rhythm radiant by eight top-notch tunes by four top-notch tunesmiths. The nation's dance bands will get new life from these rhythmic radiance tunes, "Half Moon on the Hudson," "I Could Use a Dream," "This is Where I Came In," "I Want to Be a Millionaire," "Who Stole the Ham?" by Walter Bullock and Harold Spina; and "Got My Mind on Music" and "Sweet as a Song" by Mack Gordon and Harry Warren.

Alice meets Tony in a little Greenwich Village cafe where both are working and soon they are singing and romancing to the moon. Alice is "Sally" of the bright-eyed girls' trio managed by Fred Allen, theatrical agent, and Alice is "Irene" of the bright-eyed girls' trio managed by Marjorie Weaver has the "grand old name."

Complications arise when Fred induces Louise Hovick to back a show for Tony, for whom she has fallen, and his three proteges. At the same time, Gregory Ratoff tries for Alice in his own way when the true state of romantic affairs is learned, the chances of the show being a success are slim.

Suddenly comes a glimmer of hope. Marjorie inherits an ancient Hudson River side-wheel steamboat and she and Alice, with the inspiration of turning it into a show-boat. Some neat conning brings financial backing, some neat show-boating brings success and some neat romancing brings a happy, uproarious finale.

**Harold Lloyd
At Capitol**

As screw a yarn as Harold Lloyd has ever appeared in premiered last night at the Capitol Theatre when the respected comedian came to town in "Professor Beware," assisted by Phyllis Welch, Lionel Stander, Raymond Walburn and Sterling Holloway. Lloyd is at his best in this tale of a hitch-hiking professor.

Lloyd, an Egyptianist employed by the California museum, gets himself into a scrape with the law when he befriends an aspiring young actress. He is offered a job with an archaeological expedition leaving for Egypt, providing he can turn his own fare to New York. And do with his uproariously funny experiences on a cross-country jaunt. Penniless, with the law at his heels and a broken-down car, he follows his adventures follow in a whirl. He is forced to spend a night on the desert, alone with Miss Welch, but with a dress and hat away to continue his lonesome travels.

Continuing towards New York via the freight train, he meets a tramp with two tramps, Lionel Stander and Raymond Walburn, who contribute their consistently goofy share to the fun. Lloyd follows the adventure, and before he knows what's what Lloyd finds himself marrying an heiress to escape the law.

In the meanwhile, the girl's wealthy father hears that she is being married and he rushes to stop the ceremony, but he is too late. Nevertheless, he whisks his daughter off to his yacht where she is thrown overboard twice. He leads a mob in a mass attack on the boat and finally gets his bride and the approval of her father.

BY DEVON FRANCIS

NEW YORK, Dec. 11 (AP)—The United States still leads Europe in making airplanes faster bigger and stronger in spite of Germany's military superiority in the air, a leading American aviation authority said today on his return from seven weeks abroad.

Statements that Europe held technical predominance over the United States in the air were challenged by President Roosevelt in a press interview last week.

Germany's strides in aeronautical research have been a source of concern both in and out of government circles for two years. Insisting the United States can still show the way to Europe in research, S. P. Johnston, aeronautical engineer and editor of the magazine "Aviation," nevertheless expressed the opinion that of all countries of Europe, Germany probably was best prepared for air raids.

"In the field of commercial aviation," he said, "the United States is way out in front, and have been for five years. Because our research agencies are ahead, there is no reason to suspect that Germany has any edge on us in the performance of military aircraft."

Recently highly publicized has been the German Messerschmidt military fighting plane, reported to be the fastest in the world, 379 miles an hour with full armament.

But, Johnston added, "there is little doubt that Germany holds the balance of air power, and it seems probable that Germany and Italy together would outweigh by a substantial margin the combined air forces of Great Britain, France and Russia."

**Christmas
Travellers For
British Isles**

MONTREAL, Que., Dec. 12 — Canada's Christmas armada laden with overseas travellers bound for their old homes in the British Isles and on the continent is about to draw to a close with sailing from Halifax during the next few days, stated C. W. Johnston, General Passenger Traffic Manager of the Canadian National Railways, a considerable stream of passengers traffic having passed across the country over lines of the company.

The sailing of ships from Halifax this week-end and during next week will terminate the traffic as the festive season approaches, with a host of visitors from Canada anticipating the joys of re-union with relatives and friends in the old lands.

"The volume of passenger traffic this season enroute to the Old Country has been quite heavy," stated Mr. Johnston, "and it appears that with the greater incentive to travel these days many people are taking advantage of the opportunity to visit Great Britain and European centres.

"During the past three weeks or more it has been necessary for us to operate extra sleepers to accommodate passengers booked for sailings from Canadian ports, and, generally speaking, it looks as if the Old Country is going to have a considerable influx of visitors for the Christmas season. The excursion circles handling quite a volume of European-bound travellers" said Mr. Johnston.
