Extraordinary Bargains In Wall Papers

Freight Prepaid to any Station in the Province on all orders amounting to \$1.50 and over.

Bargains so rare and extraordinary are keeping everyone in this department on the jump every day, and all day long.

Notwithstanding the fact that we had stocked as much as two or three ordinary stores, the bins are getting depleted very fast. However, we can still show you more designs than most stores usually carry, and besides our patterns and colorings are the most beautiful ever shown here—so beautiful indeed that certain competitors have made a desperate try to get hold of the same lines, but just a little too late.

Our phenomenal selling of the present season, proves beyond a doubt, that the majority of the people are fully alive to the fact that we are selling wall papers from 40 p. c. to 50 p. c. cheaper than can be produced elsewhere. All that is needed to convince the few remaining is a visit to our wall paper dept, or a comparison of our lines with those shown by competitors. For instance, take any samples sent around Town marked 18 to 25 cts and make an honest comparison with our samples marked 7 to 12 cts and you will immediately admit that the lines we show are far superior even at that price, while if you care to pay as high as 25 cts a roll, we can offer you papers fit to decorate the best rooms, while 45 cts a roll takes our best papers, the same quality as you will be asked 90 cts for elsewhere.

Do not merely take our word for it make the most critical comparison note the weight of the papers and the colorings. It is certainly to your own interests to investigate fully before purchasing, if a saving of 40 p. c. to 50 p. c. is any consideration to you. Remember these low prices are not merely on a few leaders, but on our whole magnificent stock.

Sample books sent and called for to any part of the city, but we would strongly urge you to call and note the full beauty of the papers laid side by side in the rolls, as, from such excessive handling, the samples do not now do justice to the papers. With such papers, and such prices we simply defy any competition in the Maritime Provinces.

Samples will be sent free to any P. Office, and freight will be prepaid on all orders amounting to \$1.50 and over. This is an exceptional offer which will hold good for the next 10 days.

Send a postal card, asking for samples stating for what rooms they are required, and give an idea of the shade and price and you will receive by return mail suitable samples. Order today.
