ELECTION TIME.—Replying to enquiries as to whether Daylight saving or old time is to be observed at the polling on election day the Guardian is authorized to state that in the city and towns in which Daylight saving time has been adopted the polls will be opened and closed according to that time. In all other places old time will be observed. The returning officers have been instructed as above.

AFTER THE RETURNED SOLDIERS.—At the meeting in North River Hall last Monday night, Mr. G. E. Hughes in the course of his criticisms of things generally stated among other things that if Falconwood Farm did not do better than it did—that is than he said it did—it should be sold. Is this another attempt on the part of Mr. Hughes to deprive returned soldiers of positions? The manager of the farm and practically all his assistants are returned soldiers.

WHAT DID HE MEAN?—At the North River meeting Monday night Mr. LePage criticized the Department of Agriculture for loaning the farmers the grant of \$5000 for greater production, claiming it should have been given to them without any expectation of repayment, adding that "the farmers in his district needed it." How many farmers in the North River District, supposedly the richest agricultural district in the province, would have accepted their seed as a free gift from the government? When Mr. LePage began criticizing he does not know where to stop.

BABY COVERED WITH ECZEMA. When 4 Days Old. Cross and Cried. Cuticura Heals. My baby brother had eczema which began when he was about four days old. It came in little pimples and then a rash, and he was covered. He was so cross that he could not sleep, and this lasted about two months before we used Cuticura. It helped him, so we bought more, and he was all healed after we had used two cakes of Soap and two boxes of Ointment. (Signed) Miss Almida Williams, Youngs Cove, N. B., May 22, 1918.

THE FEMALE OF THE SPECIES, ETC.—Two women residents of Dorchester Street east had a difference of opinion in regard to some matter yesterday and the result was that after a heavy bombardment of tongue-tire on both sides they met in deadly combat in the street where the combat raged for about half an hour and the police had to be called to shed their calming influence around. Before the custodians of the law arrived however the amazons had retreated to their respective dwellings.

After service at St. Dunstan's Cathedral the remains were conveyed to their last resting place in the Catholic Cemetery. The floral tributes were numerous and very beautiful. FAREWELL ADDRESS AND PRESENTATION. On Friday evening June the 27th the many friends of Mr. and Mrs. Garfield LePage met at their home in Dunstaffnage to bid them farewell on the eve of their departure for their new home at Rustico and presented them with a beautiful arm chair and the following address.

Dear Mr. and Mrs. LePage:—It is with feelings of deep regret that your numerous friends in this community have heard of your departure from our midst. Since coming amongst us you have proved yourselves good citizens. In school matters you were always deeply interested, in connection with your own profession that of farming you were always in the front rank.

In Mr. LePage the Farmers Institute will lose a most valued member, one who was regular in his attendance and whose intelligent discussions always added to the interest of the weekly meetings. Since the late war began you have both proved yourselves Patriotic citizens. That our Red Cross Society has done such good work has been greatly owing to the self denying labors of Mrs. LePage.

We pray that your future may be prosperous that success may attend your every effort to secure material blessings that you will use them wisely and that you may have the still greater joy of seeing your family grow up into useful and honored citizens.

Please accept of this gift as a small memento of our esteem. Signed on behalf of the community by WALLACE OWEN, J. T. FERGUSON, A. A. McBETH, JAMES A. STEWART (Patriot please copy)

OUT OF THE FRYING PAN INTO THE FIRE.—Mr. J. J. McNally has wired to Ottawa and the answer proved conclusively that the Liberals at least will have no show in getting the \$2000 soldiers grant. They are not in line with Ottawa.

POLITICAL MEETINGS.—Political meetings were held last night at Souris, Kensington, Milton, Summersville, Caledonia, St. George's and Murray River. The wind-up meetings of the campaign will be held tonight at Vernon and New Acadia.

ST. JAMES' TEA.—The afternoon tea and strawberry festival held on the grounds of St. James Church yesterday afternoon was an evening well patronized and proved one of the most enjoyable events of the kind this season. The tennis tournament in the afternoon was also a great success and much enjoyed. The war Veterans band supplied excellent music in the evening.

ANOTHER "PATRIOT" SAMPLE.—The Patriot says that the Premier's statement that "the Government gave a grant to each man or unit that left the Island for overseas" is untrue. It is the Patriot as usual that is untrue. The Patriot knows that every man who enlisted previous to the formation of the 105th Battalion received ten dollars; that the Government gave the 105th a grant of \$1500; that the Siege Battery received \$1750; from a road master, \$300 and all other men and units received a grant. If the Patriot wanted to give the truth and to be honest it would have given these facts instead of characterizing the Premier's statement as untrue. But this is the Patriot's way.

ANOTHER PATRIOT CANDID.—The Patriot states that Road Masters are refusing to issue duplicate receipts to parties who had lost or mislaid the original certificates. In order to make it impossible for an elector to lose his vote because of having lost his certificate provision was made in the election law at the last session of the legislature that any certificate or duplicate certificate from a road master, can obtain same from the Commissioner or Secretary of Public Works. The Guardian is informed that so far no application has been made to the Department for any such duplicate. "We know," says the Patriot, "that one road master received instructions from the Department to do his duty." Will the Patriot dare give this man's name or admit the statement is incorrect?

Greatest Event in History of Brussels. (Special to the Guardian.) BRUSSELS, July 22.—Never in its history has Brussels witnessed such crowds as those which took part in the celebration of Belgium's National Festival. It was the first day of the festival and the minds of the people were in the presence of Premier Poincaré of France and the occasion brought forth such a crowd that the town traffic was virtually held up all day.

Program of Prince's Visit. (Special to the Guardian.) LONDON, July 22.—Reuter learns that the following are the details of the Prince of Wales' visit to Canada. Times are excited as some of the plans are tentative and subject to possible alteration. America is not mentioned in the programme but this does not mean that the United States is not to be visited. There is almost certain to be a visit to the United States but the details are not yet settled and it may be strictly limited.

Mr. Brown and Wages. Sir.—A scribbler signing himself "Laborer", is airing his stupidity in the Patriot on the subject of wages. He is no doubt one of those white collar hangers on at that office, for no intelligent laborer would be so ignorant of conditions, and dense in logic.

Newfoundland Has \$2,160,000 Surplus. ST. JOHN'S, Nfld., July 22.—Newfoundland's great fishing industry was the means of bringing the colony through the war financially unscathed. Events today indicate that notwithstanding generous provision for all public services the surplus revenue for the year ended June 30, would be at least \$2,160,000 or nearly double the surplus of the year previous and three times that of 1915-16.

Two Hundred Billion Francs Damage Claimed. (Special to the Guardian.) PARIS, July 22.—The parliamentary commission of peace today listened to a report by Deputy Louis Dubois on the clauses of the treaty relating to reparations demanded of Germany. M. Dubois said the material damage done in the invaded departments amounted to 119,000,000,000 francs. He added that the damage done to agriculture was said to aggregate 37,000,000,000 francs. The total amount of damage done M. Dubois said would aggregate 200,000,000,000 francs.

Prince Maximilian Has Disappeared. (Special to the Guardian.) BERLIN, July 22.—Prince Maximilian of Baden has fled to Switzerland, according to a report current here. Baden, was appointed Imperial German Chancellor in October 1918 but held that office for only a brief period. It was Prince Max who announced the abdication of the German Emperor and the Crown Prince.

HUNDREDS OF FORMER LIBERALS DISGUSTED WITH THE DECEPTIONS AND MISREPRESENTATIONS OF THE OPPOSITION WILL VOTE FOR THE GOVERNMENT TOMORROW.

AT THEIR OLD GAME. A correspondent from St. Peters writes—"A man selling pictures has been spreading a report among the Protestants round St. Peters Bay that the Premier delivered a speech in the west in which he said if he were returned he would do more for the Catholic Church. This is an old Liberal trick to rouse religious jealousies and the people are so indignant that if the picture man returns here he will get feathers along with the tar. The Opposition canvassers are also busy among the returned soldiers and their friends promising them \$2,000 each if returned. It is a safe promise as they are not going to be returned and even if they were, they would have no say in the matter as it is the Dominion Government and not the Provincial Government that will have the settling of this question."

THE SOLDIERS VOTE. The Patriot calls in question the statement of the Premier that the only representative in the Legislature who opposed the soldiers vote was a member of the opposition, who was evidently speaking the minds of the Opposition. According to the report of the proceedings in the Legislature Mr. Johnston was the member referred to, the report stating:—

Mr. J. J. Johnston while admitting that the soldiers had a right to everything reasonable that could be given them, yet did not approve of giving them a property vote if they did not have the property.

Mr. Brown and Wages. Sir.—A scribbler signing himself "Laborer", is airing his stupidity in the Patriot on the subject of wages. He is no doubt one of those white collar hangers on at that office, for no intelligent laborer would be so ignorant of conditions, and dense in logic.

It was in the days of stagnant Liberal rule, when laborers were only getting 90 cents a day, \$1.00 a day that Councilor Brown increased the pay to \$1.25. And later, while still under the supervision of grit rule, that Mayor Brown further increased the pay to \$2.00. The white collar didn't touch on this. His memory lapsed at this point.

Children and fools tell the truth, and in this he has "put his foot in it," by admitting that now, under good sound and clean Conservative rule, the laborer can get 32 1/2 cents per hour. Yet miserably jealous of Mr. Brown's deserved popularity amongst earners he would deceive in order to injure the working man's best friends.

FACT. In a decree issued at Berlin he was appointed regent of the German Empire in November of last year. Prince Max was a member of the New Peoples' League.

The Kaiser's Trial Up in Commons. (Special to the Guardian.) LONDON, July 22.—The House of Commons tonight unanimously passed the second reading of the Peace Treaty. Premier Lloyd George replied to his critics in the debate in the House of Commons today on the second reading of the German peace treaty and the Anglo French convention. His recent announcement that the former German Emperor would be tried before a tribunal in London had created much discussion and several members including Lord Robert Cecil expressed doubts as to the advisability of the trial being held in London. The selection of a neutral country for this purpose, it has been contended, would have been better. The Premier in answer to this said, "What right have we to assume that any neutral country could desire to be

the scene of such a trial. The Allies have sufficient confidence in this country that whoever comes here for trial will receive a trial equal to the highest traditions of the British nation and there are none higher in the world. If war is to be abolished it must be treated not as an honorable game with the prospect of personal glory but as a crime. That is why we decided that the author of this should be tried."
