CHILD STRUCK BY TRUCK—The four-year-old daughter of Mr. and Mrs. Lorne Weeks, Fredericton, received a severe shaking up but so far as could be learned was not seriously injured when hit by a motor truck Saturday evening. The child was playing on the road when the accident occurred. She was taken to her home at once and medical assistance summoned.

Kensington

Mr. and Mrs. R. A. Taylor, of Charlottetown, were visiting Mr. Mrs. James Jardine, over the week-end.

Mrs. A. R. Buntain has returned from visiting her three sisters, and other relatives and friends, in Boston, Mass. Mrs. Buntain had a wonderful trip, and a most enjoyable time seeing many new and varied things, in the big city. But she finds it pleasant to return to the leisurely old "Island" and her home in Kensington.

Mr. and Mrs. Don McKinnon of Auburn, Mass., who have been recently married spent part of their honeymoon at Mr. McKinnon's old home in Kensington, guests of Mr. and Mrs. James McKinnon.

The death occurred in Brighton, Mass. of Mrs. Frederic Walton, formerly Miss Margaret Jenkins, of Vernon River. Mrs. Walton was well known in Kensington as she had spent many holidays here and formed many friendships. She leaves a sorrowing husband, and one daughter, Mrs. Fulton McKay and two little grand children, George and Peggy a brother, Mr. Samuel Jenkins, and sister, Mrs. Locke Jones, in Kensington as well as three other sisters, living in the United States. The late Mrs. J. W. Millman, of Kensington was also a sister. Mrs. Walton was a beautiful character, a rare and lovely type of Christian womanhood, whose passing was a sad gap in her home and family.

Sunday, Oct. 20th being observed as Children's Day throughout the Sunday Schools of the Anglican Church in Canada a Special Service was held in St. Mark's church on Sunday evening.

The church was beautifully decorated with cut flowers and potted plants. A large congregation was present, the front pews being occupied by the children, who listened with great interest and attention to Rev. Mr. Fream, the Pastor, who delivered a message from the Primate. The Most Reverend Derwyn T. Owen D. D. of the General Board of Religious Education in Canada. Children Day must remind all Bishops, Clergy, grown-up people, and the children that the young people have a very important share in the church work, as members of a great church. Its future will be in their hands. Habits are early and easily formed, good habits as well as bad. Try to form good habits about the church: First to pray for your church, your pastor, and the congregation. Second, look upon going to church as a sacred duty; Here is a Christian land. It is also a privilege, that countless children in other lands do not have. And then cultivate the habit of trying to give something however little to the support of the church, as early in life as possible. There good habits, formed in youth, will be a great blessing in after years, to yourselves and others, to the church, and the community in which you live, and you will help to hasten the Kingdom of Heaven upon earth.—B

SUSTAINS INJURIES IN ACCIDENT

Mr. Vernon Durant In P. C. Hospital As Result of Auto Collision Saturday Night.

Vernon Durant of Summerside is in the Prince County Hospital with a fractured thigh and other injuries resulting from an automobile collision at the intersection of Fitzroy and Spring streets, which occurred about 12:30 Saturday night.

Mr. Durant was driving down Spring Street towards Water Street when he was struck amidships by a car driven by Mrs. L. G. Lewis, who was accompanied by her husband, newly appointed Crown Prosecutor for Prince County. Dr. Durant, in trying to avoid the accident, applied his brakes and swerved to the left striking the telephone pole. Mrs. Lewis had stopped at the stop sign and she did not see anything approaching until she started to cross the street but applied her brakes when she saw the other car coming past, but was not able to avoid the collision.

Mr. Lewis' car, a new Chevrolet coupe, had only the left front fender and wheel damaged, but Mr. Durant's car, a Hupmobile sedan, was a total wreck. The body was wrenched from the chassis, the windshield, doors and hood carried away and steering wheel broken. The rear wheels were badly damaged through striking the curb side on. Mr. Durant was picked up by an unconscious condition and Mr. Vernon MacQuarrie, who was a few blocks behind when the accident occurred, took him in his car to the hospital. The driver occupant of the car was not hurt and was able to go home. Mr. and Mrs. Lewis escaped injury.

The police were called to the scene of the accident and made enquiries into the matter. Mr. Durant regained consciousness early Sunday morning. Later an X-ray was taken of his injuries. His broken limb was set in the afternoon and he is now resting comfortably.—S

The inquiry was closely connected with the problem raised recently by Sir Samuel Hoare, British Foreign Secretary, who said a means must be devised to obtain more equitable distribution of raw materials.

Economic insufficiency has been one of the chief reasons advanced by Mussolini to justify his military campaign in Ethiopia.

Inquiry in authoritative German and Japanese circles elicited the opinion Germany and Japan probably will not reply to the League's communication concerning sanctions for several days.

With Mussolini allegedly demanding a protectorate over part of Ethiopia, Japan is interested in the economic rights of various regions now under mandates.

Concrete questions may be put up to non-League countries as to whether they will agree to refrain from exporting gasoline, coal and copper to Italy if these are put under League ban.

LONDON, Oct. 27—The Government marshalled a formidable array of sanctions into position against Italy today.

The treasury department ordered that financial sanctions against Italy be made effective next Tuesday. It was announced the arms embargo became operative Friday, and that economic sanctions would be levied when the League Council orders them, probably in early November.

A distinctive feeling that many weeks and months may elapse before peace can be secured in Ethiopia was apparent in official circles. It brought an end to last week's bright hopes that Premier Mussolini would grasp the olive branch held out to him by British statesmen.

A series of measures allowing farmers to benefit from unemployment insurance will be introduced in the next Parliament. The unemployment problem will be attacked, first by a more elaborate building program, including private houses and ships, along the lines followed in the last Parliament, and second, by the transfer of labor from areas of stagnation to areas of greater industrial activity.

In addition, it is planned to reorganize certain industries, such as mining, on a more rational basis.

Attention was drawn to improvement brought about in agricultural prices and wages.

The manifesto concluded: "The advent of a Socialist Government pledges to revolutionary measures of which the ultimate results are not clearly foreseen would inevitably be followed by a collapse of confidence."

It was signed by Prime Minister Baldwin, leader of the Conservative Party, former Prime Minister Ramsay MacDonald, leader of the National Labor Party, and Sir John Simon, leader of the National Liberals.

Liberal and Labor manifestoes opposing the Government also have been issued. The Labor statement called the period of the present Government's power "four barren years," while the Liberal platforms-statement did not "recognize the present administration as a National Government" because it said it was not supported by any party except the Conservative.

Many political observers predicted the Government would be returned on Nov. 14 with a strong working majority of 150 to 200 seats.

Arthur Greenwood, prominent Labor leader, today accused the Government of seeking re-election only so it can "pursue its policy of increased armaments."

PEAKES JUNIOR RED CROSS RALLY

There was a large attendance of interested parents and friends at the Junior Red Cross Rally held in Peake's Station Hall on Monday evening, Oct. 21st, when Junior members of the Red Cross from St. Patrick's Road, Peakes, Ruskin, Elliotvale, Byrne's Road, St. Teresa's and Piquisquid East Schools presented an excellent concert under the direction of their respective teachers. They were assisted by Miss Catherine MacLean who showed the moving pictures of crippled children's work. The proceeds of the evening are to be used for the treatment of Junior Red Cross patients.

believed not to have been so great as first feared, but information reaching here was to the effect thousands of persons are homeless and hungry.

The hurricane that struck Haiti was believed to have been the one that swept over Eastern Cuba and Jamaica last Monday.

The pilot of the airplane reported widespread suffering was likely in the storm area unless aid is rushed. No epidemic was threatened according to his reports.

Relief operations, however, are awaiting the arrival here of the Standard Fruit steamer Truxton which has been delayed by strong winds north of Cuba and is expected to arrive tomorrow.

The government, to provide relief funds, has cut the government payroll 10 per cent for a period of one month. The move affects the salaries of every government employee.

The difficulties in the way of an adequate survey of the storm and flood damage was said by officials to be enormous because of the isolated position of the stricken areas.

The bodies of most of the missing were feared to have been washed out to sea, as streams in the deep river valleys roared to record heights under the impetus of torrential downpours.

Villages and thatch huts of natives along these streams were believed to have been swept away, with the floods completing the destruction begun by the raging hurricane blasts.
