SEMI-ANNUAL MEETINGS OF D. C. S. AND W. A.

KENSINGTON—the centre of one of the most highly cultivated and prosperous sections of this Province—was Wednesday the meeting place of the Diocesan Church Society in Midsummer session and of the Women's Auxiliary of the C. M. E. In connection with the Anglican Church of Canada. It is estimated that a hundred and fifty to two hundred persons were present including representatives of the congregations at Alberton, St. Eleonors, Summerside, Crapaud, Springfield, French River, Irishtown, Kensington and Charlottetown, the Very Rev. Dean Lloyd, of All Saints Cathedral, Halifax, the Rev. W. T. Hallam, D. D., Editor of the Canadian Churchman. All were guests throughout the day of the Rector of New London, the Rev. Mr. Neish and the hospital Church people of the parish of New London.

There were about eighty communicants at Holy Communion in St. Mark's Church. The preacher on the occasion was Dean Lloyd, whose text was—St. John VI, 5-7, and whose sermon was an eloquent discourse on the needs of our times and the resources of the Church of Christ in its Lord and Master. The Dean sketched, briefly, the difficult problems with which the society is now confronted, and said "there are two ways of meeting these problems, two methods by which to attempt them,—the Hamlet Method and the Christ Method. "In the case of the former there was a man whose intellect

was greater than the powers of action, whose resolution was "sicklied o'er with the pale cast of thought," But in the Church "Action releases Power." Power is needed for the fulfillment of any duty laid upon the people. As in physical development the athlete gains strength as he continues to exert his strength, as in mental development the mind strengthens as it is used, so in spiritual experience greater skill and greater power are obtained by the practice of the virtues—the strength supplied by Christ. Something Divine within us rises to meet the Divine requirement without us. Our capital is always greater than we know and the problems by which the world is now faced will be solved, rightly and satisfactorily, by the exertion of the powers conferred by Christ. Each Christian may, in this way, provided help towards a betterment of the world's conditions. Just now the world is craving for Brotherhood; and the task of the Church is to regain her lost spirit of fellowship. Greater warmth and enthusiasm are needed and ought to be encouraged and practiced by those who desire the reconstruction of Society in conformity with Christian ideals. In the afternoon at the semi-annual meeting of the W. A., presided over by Mrs. Raymond, excellent interesting papers were read by Mrs. C. W. Neish on "Educating our Girls" and by Mrs. John Pierce on "Our Church Work among the Indian Girls of Can-

ada." Mrs. Neish emphasized the great need, today, of Religion in Education and directed attention to the importance of maintaining King's College at Windsor, Nova Scotia. Reports were read and routine business was transacted. Later in the afternoon there was a general meeting of the D. C. S., at which the Rev. H. D. Raymond, presided and at which eloquent, inspiring addresses were delivered by the Rev. Dean Lloyd and the Rev. Dr. Hallam. Thanks were unanimously voted the Church people of New London parish for their abundant hospitality and to the Rev. Dean Lyod and Rev. Dr. Hallam for their excellent addresses. An evening service at which the Rev. Dr. Hallam preached a thoughtful and suggestive sermon brought the meetings to a suitable close.

HOPEFIELD SCHOOL CLOSING
The annual examination of Hopefield school was held on Thursday afternoon, June 30th. A large number of ratepayers and visitors were present. The pupils were examined by the teacher assisted by Mrs. Alex MacDonald. At the close of the examination a program was rendered by the pupils after which the following address was read by Sam MacDonald, one of the pupils, and a gift and purse of money were presented to the teacher by Mary MacPhee.

To Miss Rebecca Cook, Teacher:
As our school year is drawing to a close, and you have been our associate and teacher in all this time, we feel we cannot let you depart from among us. Without showing in a small measure how we appreciated the unity which bound us as teacher and pupils. You come among us as a stranger, and on

the well-remembered day of school opening, the thought uppermost in our minds was: "How shall we like our new teacher?" Time alone answered the question and we can truly say we cancelled the words: "Like the teacher," and instead we say, "We love the teacher." We can sincerely say that your untiring interest in our studies has ever encouraged us to strive for higher things, and tasks usually uninteresting became a pleasure to us through your loving kindness and patience which you ever showed towards us; and your chastisement was done in a loving way and without favor. Your society in our homes has been of the highest example to us as little children, and your visits among us were hailed with delight; and now we children feel the sadness of farewell for we learn with the deepest regret, you cannot remain with us another year, and in saying goodbye we know we are parting with a loving friend as well as teacher.

SIGNED BY PUPILS.
We speak for ourselves, also the ratepayers and all connected with the school, when we wish for you a goodly share of the many bountiful gifts life holds and in parting ask you to please accept this little gift. May it ever remind you of our sincere love wherever you may be.

The teacher replied with a few words thanking the pupils for their gifts and expressing her regret at the parting.

This was followed by remarks by the trustees and parents after which the examination was brought to a close by the singing of the National Anthem.

Believe Wife Slew Husband

HAVERHILL, Mass., July 6.—Soon after the mutilated body of Frank Farina had been found in a field on the outskirts of this city early yesterday, his wife, Catherine, was arrested on a charge of murder. Their fourteen-year-old daughter Virginia, told the authorities that her parents quarreled on Saturday night and later left the house. Mrs. Farina made no statement. Her husband apparently had been killed with an axe. The police said later that Farina had threatened to kill his daughter, who ran from the house with her father in pursuit and took refuge in a hedge. They charged that the mother chased Farina and hit him with an axe.

Boy Killed; Body In Pond

DAYTON, Ohio, July 6.—The nude body of Henry Blevins, seven years of age, was found floating in Blinn Pond here late yesterday with the neck broken, police say, as the result of a fight with several companions. Blevins was reported missing late on Saturday. One of the lads is said to have hit young Blevins, who fell. As he was getting up, one of the boys admitted striking him over the back of the neck with an iron bar, according to the police. The body was thrown into the pond. The police were told that all of the boys were naked, they took Blevins' clothes and rushed away afraid to notify the authorities.

A Celebration In A Church Halted By Falling Wall

WINNIPEG, July 6.—Several persons were injured when the "out-section" of the Catholic Church at St. Eustache, Manitoba, collapsed Sunday evening, while hundreds of people were in the church to celebrate the burning of the mortgage. Mrs. J. Albert, was in the church kitchen, sustained severe burns

Peace Is Desired By Irish People

LONDON, July 6.—The London Times learns from its Dublin correspondent that there is an intense desire throughout the country for the success of Monday's conference with a counter proposal

between the representatives Northern and Southern Ireland. The influence of all churches, says, is being strongly exerted ward the cause of peace, and offers for the success of the conference were offered Sunday churches of various denominations.

any correspondent to the London Times says that well informed quarters expect Eamonn DeValera will reply to Premier Lloyd George with a counter proposal
