

Cold Feet

Lower the temperature of the body and influence the general circulation of the blood. When the circulation is defective a person is liable to sickness and apt to suffer from sudden changes of weather.

A Hot Water Bottle

Is a great boon and obviates such conditions as noted above. Nothing is quite so convenient, nothing retains the heat so long. The application of a hot water bottle relieves pain like magic. All sizes—Prices \$1 to \$2.75.

SHORT COURSE

(Continued from page one)

pointed out that Prince Edward Islanders were now beginning to realize the resources of their own province and then proceeded to show what might be accomplished through enthusiasm directed by intelligence in agriculture.

He pointed out that the wheat crop of the province was yielding on an average about 20 bushels to the acre but that many farmers were getting 30 bushels to the acre; some must be getting about 15 and if through the putting into practice what they know, to be right methods of farming in regard to wheat, they could increase the average yield 5 bushels per acre; over a hundred thousand dollars would be added to the wheat crop of the province. In the same way the oat crop allowed 35 bushels to the acre while the average yield of those who entered in the Standing Fields of Grain Competition was over 60 bushels. If the best seed was used and proper rotations followed, there was no doubt in his mind but that we could very easily increase the yield 5 bushels per acre, which would mean an addition of nearly one hundred million (100,000,000) bushels to the crop, worth about \$400,000. He also pointed out that seed oats brought from ten to fifteen cents a bushel more than feed oats and the only requirement for growing seed oats was to begin with pure seed and keep the ground reasonably free from weeds. In this way another hundred thousand dollars might be added to the oat crop. In this manner he showed that the value of the field crops of the province could be increased from eight to fifteen millions of dollars and the whole of this extra seven millions of dollars would be almost clear profit.

He discussed live stock in the same way, showing that it costs no more to raise a \$200 horse than it does to raise a \$150 horse, but the census returns showed that the average horse in Prince Edward Island was worth only about \$125. The same returns showed the average milk cow was giving only a little over three thousand pounds per annum. The average cow in Denmark gave over seven thousand pounds per annum. We had many farmers here whose cows were averaging over seven thousand pounds per annum and if we could raise the yield of milk, the average yield, to five thousand pounds per annum, it would mean an increase of a million dollars to the milk product.

He also spoke of what might be done in fruit-growing. Everybody knew very much better than they were doing and it was the purpose of this course to persuade everyone to do as well as they knew how; and if they did, the results that he had given would soon be reached and Prince Edward Island would be more than many regarding all America.

PRAY AND NOT FAINT.

Pray, always pray; the Holy Spirit pleads Within thee all thy daily hourly needs.

Pray, always pray; beneath sin's heaviest load Prayer sees the blood from Jesus' side that flow'd.

Pray, always pray; though weary, faint, and lone, Prayer nestles by the Father's sheltering throne.

Pray, always pray; amid the world's turmoil Prayer keeps the heart at rest, and nerves for toil.

Pray, always pray; if joys the pathway throng, Prayer strikes the harp, and sings the angels' song.

Pray, always pray; if loved ones pass the well, Prayer drinks with them of springs that cannot fail.

WEEK OF PRAYER

Programme of Service.

The opening meeting of the Week of Prayer in Charlottetown as fixed by the Ministerial Association will take place tonight at 7.30 o'clock in the Baptist Church. The special speaker for the occasion will be the Rev. T. Marshall, whose subject will be: "Thanksgiving and Humiliation." The programme of the other services for the week is as follows:—

Tuesday evening—Zion Church, speaker, Rev. D. McLean; subject, "The Church Universal."

Wednesday evening—St. Paul's Schoolroom; speaker, Rev. T. F. Fullerton; subject, "Missions."

Thursday evening—First Methodist Church; speaker, Rev. T. W. Murphy; subject, "The British and Foreign Bible Society."

Friday evening—Grace Church; speaker, Rev. G. C. Taylor; subject, "Nations and their Rulers."

An offering will be received at each service, 75 per cent of which will be for the P. E. Island Hospital, and 25 per cent for the Evangelical Alliance, less the expenses of Ministerial Association. The offering on Thursday evening will be for the work of the British and Foreign Bible Society.
