*Mission for Munro*

The Years of Change lie ahead in Europe, years, perhaps, of revolution, famine and violence in which governments and forms of government will die; huge populations will move; boundaries will change and loyalties shift. Years of occupation, of trade rebuilding, of cleaning up the loose ends of war and laying solid foundations of peace. Ross Munro, most famed of Canadian Press war correspondents, has chosen this turbulent area as his "beat," (with headquarters in Paris) and through his keen eyes and facile pen Canadians will be kept posted day-by-day of the broad story of Europe's rebirth.
