"SING YOUR WAY HOME" FEATURES MUSIC AFLOAT

Tuneful fun afloat prevails in RKO Radio's newest comedy "Sing Your Way Home," at the Capitol Theatre, which stars Jack Haley, Marcy McGuire, Glenn Vernon and Anne Jeffreys in a lilting, romantic interlude aboard an ocean liner.

Presenting Haley as a war correspondent with a swelled head and an urge to return to America for a series of lecture dates, the film weaves its gay story around his plight when, to get passage, he is forced to take charge of a group of young entertainers from Cherbourg to New York.

The juvenile affairs of the youngsters, and Haley's own romance with Miss Jeffreys, bring about the fun-laden complications of the story at the harrassed newspaperman endeavors to carry on with his reporting as well as chaperoning his unruly proteges.

Four sparkling songs by Magidson and Wrubel feature the production by Bert Granet which was directed by Anthony Mann. Donna Lee, brilliant young soloist, Patti Brill, Nancy Marlow, James Jordon and Emory Parnell have supporting roles.

LUSTY HERO SUFFERS FOR FILM LAUGHS

Actor John Carroll knows what it means to put in a day of hard labor —ironically, all for the sake of laughs. Portraying a test pilot suffering with pantaphobia in "Bedside Manner," howlarious new farce low showing at the Prince Edward Threatre thru United Artists release, John underwent a series of treatments at the hands of "Dr." Ruth Hussey, his co-star. John is faking his disease, but Ruth dreams up a sure cure.

He submits to a bone-cracking massage at the hands of hefty nurse Esther Dale. Then he is forced into a sizzling sesion in a steam bath. This is followed by a teeth chattering bath in a tub of cracked ice. As a final step he receives a shock treatment with an electrical diathermy machine.

Producer - director Andrew Stone, who is a rugged realist, insisted that all the action be the real thing.

A MESSAGE TO ALL RESIDENTS OF CHARLOTTETOWN

Who Are Interested in Maintaining the Good Health of Themselves and Families

The Mobile X-ray Unit is coming to Charlottetown and X-raying will commence in our centre at 61 Grafton Street, next to the Prince Edward Theatre, ON MONDAY, FEBRUARY 11. OUR TELEPHONE NUMBER WILL BE 2178.

The Members Of The

RED CROSS CORPS

are conducting a canvass of the houses West of Spring Park Road and North of Euston Street and Brighton Road to arrange for your X-ray appointment.

They expect to be canvassing MONDAY, TUESDAY and WEDNESDAY EVENINGS as well as WEDNESDAY AFTERNOON.

These ladies are giving generously of their time to further this good health campaign, and we hope that their efforts and the response that they meet with will result in a large degree of freedom from disease for the residents of this city.

Will you please help them by arranging that when they call someone will be at home who can make appointments for the whole family. This will enable the canvassers to finish their work more quickly, and will save you time when you have your X-rays.

PRINCE EDWARD ISLAND TUBERCULOSIS LEAGUE

DOROTHY DIX SAYS—

(Continued from Page 2)

a boy? How can we stop our mothers from nagging? Every step we take, every word we say, everything we do they criticize. We depand upon you to help us.

FOUR BOBBY-SOCKERS

ANSWER: Girls who are petters and loose in their conduct nearly always have more men followers than girls who are modest and refined and keep to a high code of morals But before you envy the wild women just give a thought to the kind of boys who prefer them to clean, decent girls, such as you are. And, anyway, don't forget that men play around with one type of girls and marry another. And that's what counts.

I think a girl of 16 is very foolish when she goes "steady" with a boy. She doesn't know what she wants in a husband any more than she does what kind of a hat she is going to want two seasons from now, but if she ties herself down and gets branded as "Tom's girl" or "Johnny's girl" she cuts herself off from making any choice. She has to take the lad who has wished himself on her. A girl should know as many boys as she can and look 'em all over before she settles down to one.

Of course, mothers shouldn't nag. They should handle their teenagers more diplomatically. But the reason they do criticize you and advise you is just because they are so anxious about you One of the greatest pities in the world is that mothers and their teen-age children so seldom understand each other.

DEAR MISS DIX: Do you think a man really loves you when he won't marry you?

S. L.

ANSWER: A man may refuse to marry a girl, even when he loves her, because he is not able to support a wife, or because of his health, or because of family objections; but, for whatever reason he avoids the altar, the result is the same for the girl, and she is foolish if she wastes her time waiting for him to change his mind.

A Treatment For Arthritic Rheumatic Pains

SCIATICA, LUMBAGO, SPONDYLITIS, FIBROSITIS, NEURITIS AND OTHER GERM-CAUSED RHEUMATIC DISORDERS

What is LANTIGEN?

Lantigen is prepared in a licensed laboratory in Australia. Lantigen is not a patent medicine but is a vaccine in a dissolved state. When taken it stimulates the system to create resistance against disease. It acts first by local absorption by the mucous membrane principally lining the nose, the throat, and the intestinal tract, and it is further operative by means of its distribution through the system.

A Dissolved Vaccine to be taken by mouth

Price $6.00 Per Bottle

AN EMINENT PHYSICIAN

Writing in the "British Medical Journal," speaks as follows in the issue of January 15, 1936: "In my experience, the oral antigens have been mostly employed for cases of Catarrhal infections, rheumatic conditions and catarrhal enterocolitis. Clinical response has been quite definitely marked." This important statement, however, heralds the dawn of a great release for Catarrhal sufferers.
