

WEDNESDAY

**DELEGATE TO G. W. V. A. CONVENTION.**—Mr. P. E. Palmer, in charge of vocational training in this province has gone to Montreal to spend a short holiday. Mr. Palmer is one of the Island delegates to the convention of the Great War Veterans which opens in Montreal on Monday next.

**EGG CIRCLE MEETING.**—The annual meeting of the St. Peters Bay Egg Circle was held Tuesday. There was a representative attendance and the proceedings were interesting, informative and most harmonious. This circle sold last year 35,400 dozen eggs at an average price of 46.45 cents per dozen a most satisfactory showing. The following directors for the ensuing year were appointed: William Sutherland, Milton McLaren, Angus McLean, Frank McInnis, Raymond McKinnon, Colin McBeth, James McIsaac.

**K. OF P.**—B. Roy Holman, Grand M. F. W., assisted by Major Leonard McKay, Past Grand Chancellor, and other members of Empire Lodge, K. of P., Charlottetown, duly installed the following officers of Crescent Lodge, Summerside on Friday evening: B. G. Rogers, C. C.; Louis Moore, V. C.; A. R. Brennan, K. of R. and W. C.; Wyatt, K. C.; Prelate; M. L. F. McKenzie, M. J. E.; L. R. Allen, M. of F.; John Taylor, M. of W.; Collin Stewart, M. of A.; Robert Walker, O. G.; Thos Linkletter, I. G.. After the installation of officers, a social evening was spent.

**TO COMMAND BISLEY TEAM.**—Major T. F. Elmit, D. S. O. of Ottawa has been appointed adjutant of the Canadian Rifle Team, to take part in the National Rifle Association matches at Bisley, England, in July. Major Elmit served overseas for five years. He was a shooting member of the Bisley Team in 1908, and also in 1919. The team will sail from Canada about the 19th of June, and the competitions will commence on July 6th. Mr. G. R. Elmit, who has been announced to represent P. E. Island on this team. Arrangements will also be made for an entry from the Canadian team in the Belgian Olympic games, which take place July 22 to 31st.

**SPLENDID RETURNS FOR FOXES.**—That the raising of silver black foxes is one of the most profitable industries in the world cannot be better exemplified than by the returns received by Mr. Geo. Tweedy of Charlottetown. He has recently sold by him through C. W. Lampson & Sons, London, England. The prices fetched were as follows: No. 1. £225 or \$1095. No. 2. £160 or \$779. No. 3. £125 or \$608 No. 4. £110 or \$535. The last pelt was a jet black one having no silver what over. Numbers 1, 2, 3, and 4 were out of the same litter. Another pup in the same litter was sold alive to Prowse and McKinnon for a large sum. All of the pelts were taken from pups killed at eight months old.

**THE PORK MARKET.**—The market yesterday was small and prices showed little or no change from that of the past few weeks. Hogs are being brought in in fair quantities, but the buyers complain that there is still a tendency on the part of farmers to kill off the undersized and smaller finished animals. The packers are paying 22½ cents, and a fraction over that is being paid for a few small lots for retail. The present high cost of feed is believed to be the cause of so many unfinished hogs being offered. The packers declare that it would be better even to hold these animals over for another season than to sell them in this state, as it is giving a "black eye" both to the farmers and the packers. With the stabilizing of affairs in Europe which must gradually come about, there will be a great demand for foodstuffs from this side and Prince Edward Island is bound to share up with the rest of the country in this respect.

**DIED IN NEW YORK.**—His many friends here will learn with sincere regret of the death in New York City of Mr. Charles Mathe son, son of the late Harry Mathe son and brother of Mr. Harry Mathe son, caretaker of the Fire Station. His death occurred on March 6th, very suddenly, of heart failure following pneumonia. Deceased left here about 15 years ago, and was latterly chief steward of the S. S. Marth Washington, of the Munson Line. He had only come out of hospital on March 3rd after being laid up for two weeks with pneumonia and appeared to be a gain in excellent health and was about to return to his duties when death suddenly intervened. Before leaving Charlottetown deceased was for several years employed in the office of Horace Haszard. His last visit home was two years ago, when he was accompanied by his wife who is a native of Switzerland and who was in that country at the time of her husband's death, having gone there to visit her father, who was in poor health. To Mr. Mathe son and other bereaved relatives the sympathy of many friends will be extended.

**JOHNSON'S ANODYNE LINIMENT**  
A doctor's famous prescription—internal and external use—for Coughs, Colds, Sore Throat, Grippe, Cramps, Sprains, etc. Soothes, heals, and stops pain.

**is your child a mimic?**

Can your child mimic the things he sees or hears? If he can, encourage it. If he can't, develop it. You may have an embryo Charlie Chaplin or a Mary Pickford in your family. When children "make-believe," don't laugh at them—this childish art of mimicry is the finest way to develop self-confidence and poise. Amateur acting and classic dancing will oftentimes cure childish fears. An exhaustive article, profusely illustrated, on "Character Development Through Impersonation," in the March issue of EVERY WOMAN'S WORLD, tells you how to cure the bashful child and develop mental and physical poise.

**PROPERTY SALE.**—Mr. E. G. Saunders has purchased the well known farm and residence known as Newstead at Winsloe from Mr. John S. Morris who intends to come to Charlottetown to live. Mr. Saunders takes possession of the farm at once but Mr. Morris retains the residence until the autumn.

**DIRECT SERVICE.**—Messrs. Buntin Bell & Co., have been advised that the Canadian Government Merchant Marine have arranged for the first sailings of one of their steamers from Charlottetown to Liverpool, G. B., about the middle of June. This will be good news to the shippers of this Province and it is to be hoped will mean the building up of a large trade between P. E. Island and the Old Country. It is interesting to note also that arrangements are also being completed for sailings from Charlottetown to Cuba and to South America during the months of November and December, providing that sufficient cargo is assured.

The Federal Trotting Club held two very successful races on the ice on Monday March 15th inst. There was a large gathering including a number of ladies who waited to see each race finished both requiring five heats for a decision. The ice was in A-1 condition and some good clean racing was shown.

**SUMMARY CLASS A**  
Pt. Prim Boy, D. N. Nicholson 31211  
Baby Kalol, J. Robertson 13322  
Woodvale, N. Morrison 22133  
Best time 1.10.

**SUMMARY CLASS B**

Teddy S. F. Murphy 01212  
Trixie, S. D. Murchison 25344  
Minnie M. Percy McLean 43433  
Belle Mac, A. McMillon 35555  
Best time 1.16.

The officials were:—Starter, E.T. Harrington, Judge, Alex. Ross, and Milton MacDonald, Timer, Ezra Larabee, Patrolmen, A. W. Docherty, and Willie Malkman.

Owing to the judges from Ontario, Messrs. Scharte and Gregory, having been unable to make train connections at Sackville, judging in the Provincial Horse Show will not start until today.

The program as arranged for yesterday will therefore be carried out. A total of ninety eight horses are entered in the show which makes it the biggest ever held here. These comprise some decidedly fine specimens of Clydesdales, percherons, grade draft mares, standard bred, hackneys, etc.

As judging did not take place yesterday only a few owners of horses stabled their animals at the Agricultural Hall, which has been splendidly fitted up for the purpose. The building when filled with horses and people today will present a lively scene and all interested should make it a point to attend.

There will be a sale of horses before the show closes. Though the weather in the morning was disagreeable it did not dampen the enthusiasm of the Saint yesterday was duly honored by the sons of Erin of this city, members of the local Irish Societies—the Benevolent Irish Society and the ancient Order of Hebrernians, who turned out in large numbers for the annual parade and church service.

The parade headed by the League of the Cross Band playing the ever-popular Irish melodies, left the hall, lower Queen Street at 9.45 proceeding to St. Dunstan's Cathedral, where High Mass was celebrated with Rev. Maurice McDonald as celebrant, Rev. R. St. John as deacon, and Rev. Lawrence Smith as sub-deacon, and an able sermon appropriate to the occasion was preached by Rev. Father St. John.

proceeded to the Charlottetown Hospital where they gave a serenade to Bro. Robert Kelly confined to his room there on account of illness. Bro. Kelly, needless to say deeply appreciated this thoughtful act. He has been a member of the Society for 40 years and the ardent wish of his friends is that he may be spared for many years of further usefulness.

**MILK TESTING.**—The report of the milk test from samples of milk taken from the Summerside Vendors on Tuesday, resulted as follows:—Phillip McNally 3. Holmans, Ltd. 3.1, A. P. Wells, 3.3, George Harris, 4. Level Silliphant 3, Malcolm Cannon 3.2 James Pritchard 4.—H.

**THURSDAY CARFERRY AND RAILWAY SERVICE.**—Superintendent Grady yesterday received a wire from the Montreal, stating that the double car ferry service and the regular summer service on the P. E. Island Railway will begin this year on May 2nd. This is much earlier than usual and the innovation will be greatly appreciated.

**EARNSCLIFFE.**—Messrs. Amby and James Doyle have started in to finish pressing the remainder of the surplus hay crop for our farmers, which they were engaged in last fall when their work was halted by the stormy weather. Amby and Jim have a great hay press and they know how to handle it to best advantage, too; as their average work is two tons, three hundred pounds an hour. One day since they started pressing they pressed thirty seven hundred lbs., or twenty four bales in thirty three minutes. Last week we got our mail four times, "Great record!" In February we would actually get our mail three times a week. Some body is asleep at the witch. Guardian readers want their paper every day. Is Mr. Wheat in his office this winter?—Mr. Frank Mutch and his boys, Roy and Houghton put their mud digger out on Pown Bay last Thursday and are now getting some large quantities of that valuable fertilizer.—Mr. Henry Young returned home Sunday from a visit with his brother, Mr. Robert Young, Mill Cove. Why don't you come down to see us some time, Robert? There will be a large number of fat cattle for sale here this spring, on account of the big bonus received last spring by those farmers who sold on a rising market.—Q.

**FOUGHT. MUTINEERS.**—Mr. James R. Ferguson after a short visit to Charlottetown—his native city left yesterday for Halifax en route to join his ship the S. S. Mariska of which he is an officer. Mr. Ferguson is a son of the late chief engineer of the S. S. Minto, and has been away from home for some time sailing between Baltimore and parts in France. He was on the Mariska at the time of the mutiny on that ship 200 miles west of Ushant, when members of the crew got into the cargo of alcohol and became crazed with the stuff. A terrible conflict ensued between officers and men, in which shots were freely exchanged and some were badly injured. Two of the mutineers were sentenced to five years imprisonment and three got eighteen months.

**GOODYEAR VISITORS PLEASED WITH EXHIBITION.**—Mr. J. E. Stephenson and Mr. M. D. Call, representing the Goodyear Tire Co. are here from St. John attending the motor show. These gentlemen express their pleasure at seeing such a good exhibition and to have it so well arranged in the limited accommodation at the disposal of the committee. The display of cars and tire accessories by Messrs. Bruce Stewart and Co., and Mr. J. Stanley Wedlock are exceptionally creditable. The visitors having been asked regarding the market for autos this year stated that in their opinion the demand was such that it was hardly possible that the supply would be sufficient.

Intending purchasers would be well advised to have their orders in early if they wished to enjoy their cars during the summer season. As far as the Goodyear Tire and Rubber Company are concerned their output is practically sold for the present year. The capacity of the factory is being doubled in an effort to meet the demand, and the factory is working twenty-four hours a day.

**COWAN'S PERFECTION COCOA**

Start the Day Right  
WITH a cup of this delicious Cocoa for breakfast. It makes a splendid foundation for the day's work.

THIS illustration shows a cluster of Cocoa Pods as they are found on the tropical tree "Cacao Theobroma." After the beans are removed and dried, they are shipped to Cowan's where by a special process of roasting, their fragrant aroma and delicious flavor are retained, and may be enjoyed by users of Cowan's Perfection Cocoa.

**AS EASY AS A.B.C.**  
Simply drop an OXO Cube into a cupful of hot water, stir with a spoon and your OXO is ready. What could be more simple—more convenient!

A cup of OXO is good at all hours—and is ready in a minute. It revives—strengthens—and keeps one brimming over with health and vitality.

**OXO CUBES**  
TINS OF 4, 10, 50 & 100 CUBES

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name, "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monrovia, and it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

**Modern Farms and Wire Fences**

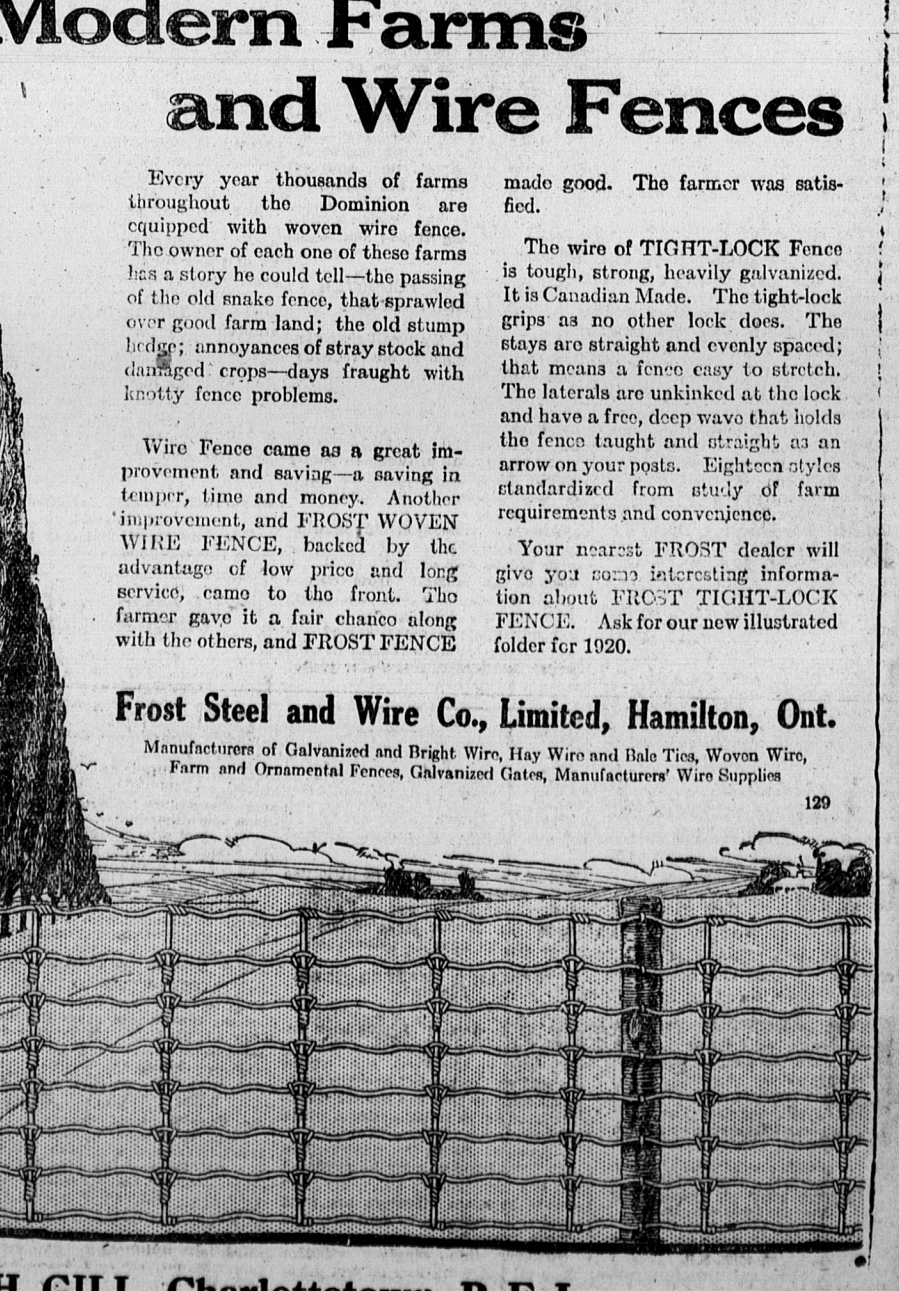

Every year thousands of farms throughout the Dominion are equipped with woven wire fence. The owner of each one of these farms has a story he could tell—the passing of the old snake fence, that sprawled over good farm land; the old stump hedge; annoyances of stray stock and damaged crops—days fraught with knotty fence problems.

Wire Fence came as a great improvement and saving—a saving in temper, time and money. Another improvement, and FROST WOVEN WIRE FENCE, backed by the advantage of low price and long service, came to the front. The farmer gave it a fair chance along with the others, and FROST FENCE made good. The farmer was satisfied.

The wire of TIGHT-LOCK Fence is tough, strong, heavily galvanized. It is Canadian Made. The tight-lock grips as no other lock does. The stays are straight and evenly spaced; that means a fence easy to stretch. The laterals are unlinked at the lock and have a free, deep wave that holds the fence taught and straight as an arrow on your posts. Eighteen styles standardized from study of farm requirements and convenience.

Your nearest FROST dealer will give you some interesting information about FROST TIGHT-LOCK FENCE. Ask for our new illustrated folder for 1920.
