XMAS SHOPPING

We are not altogether selfish in urging the early selection of gifts.

It has always been our aim to offer Jewellery—"Out of the Ordinary"—so that a great many of the articles we show cannot be duplicated in a short time.

Our stock is now at its best—our assortment complete—and the advantages to be gained by buying early need only be suggested.

THE MONARCH PRESSURE CURED BOOTS, AND LUMBERMAN'S RUBBERS

They Wear Like Iron

Like the great steel tank, the Monarch Line is built to stand the roughest usage and the worst kind of wear and tear. Like steel, they are made by a process of compression. The Monarch Pressure Cure Process vulcanizes into one unit every piece of rubber and fabric that goes into these lines. There is only one line of rubber footwear made in Canada with the grey finish. This is the Monarch Line.
