CHILD RAISED FROM THE DEAD BY DOCTORS

Particulars Regarding An Interesting Case In A London Hospital—Which Has Attracted Attention

NEW YORK, Jan. 18.—The following cable despatch has been sent the New York Herald from London:

The remarkable case of a child, Ruth Geoffrey, who was virtually raised from the dead at the Farman Hospital, has aroused intense interest.

The child, who is eight years old, was taken by her mother to the hospital in an apparently dying condition. She ceased to breathe while preparations for an operation were being made, but artificial respiration being employed, she began to breathe again twenty minutes later.

"It is certainly a remarkable case," said one of the hospital doctors.

The child, who has twice had pneumonia, was brought in what looked like a hopeless condition, suffering from diph-

theria. She was really at her last gasp. She was removed to the operating room, where two doctors and three nurses were in attendance. No sooner had the chloroform been given than the child's breathing ceased. Her heart certainly did not beat.

The child's color was waxen. One of the nurses left the room, saying, "It is all over." But the doctors determined to proceed with the operation. Facetomy was performed for the first time in this hospital, and the treatment being employed in the earlier stages of diphtheria. The child was apparently dead. The operation took exactly twenty minutes, then, as a last hope, artificial respiration, aided by strychnine, brandy and hot bottles, was employed.

To everyone's amazement the child began to breathe again. The staff was delighted as well as astonished. How long the child ceased to breathe it is, of course, difficult to tell. Unless her heart becomes affected there is an excellent chance of her complete recovery. The tube has been removed from her throat and she can speak quite clearly now.

Liver Trouble From Overeating THE KIDNEYS AND BOWELS ALSO DERANGED AND CURED ONLY OBTAINED BY USE OF

DR. CHASE'S KIDNEY-LIVER PILLS.

Hurried eating and lack of proper mastication of the food are among the most common causes of indigestion, and overeating is undoubtedly the beginning of trouble with the liver and kidneys.

Kidney disease and rheumatism are not usually the first indication of a deranged system, but these troubles follow unheeded headaches, constipation and bilious attacks.

Because of that direct and combined action on the liver, kidneys and bowels, Dr. Chase's Kidney-Liver Pills are effective in whatever stage of such derangements they may be used, except when the structure of the kidneys has been wasted away by Bright's disease.

What we would emphasize, however, is the advantage of beginning this treatment at the first indication of trouble with the liver. It is the liver which first feels the result of overeating because of its difficulty in filtering the blood. Keep the liver right by the timely use of Dr. Chase's Kidney-Liver Pills and you not only prevent headaches, biliousness and constipation, but entirely escape derangements of the kidneys, which are at once so dreadfully painful and fatal.

Mrs. James Lawrence, West Ardour, C. B. writes:—"I have great confidence in Dr. Chase's medicine and believe that Dr. Chase's Kidney-Liver Pills saved my life. I was a great sufferer from chronic dyspepsia and entirely unable to do anything. Two boxes of Dr. Chase's Kidney-Liver Pills cured me and I have recommended them to many people."

"My husband was cured of liver complaint by using these pills and we would not think of being without them in the house."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all druggists or Edmonson, Bates & Co., Toronto.

CANADA IS TO BECOME THE LEADING PARTNER

Children Will Live to See Population as Large as Britain's

HAMILTON, Jan. 18.—Rev. Dr. Lyle, pastor of the Central Church, preached recently on the subject of "A Great Evil at Work in this City—The Drug Habit." He declared that the wine habit was not growing but was diminishing. The drug habit, on the other hand, was growing by leaps and bounds. The question for the reformer was not whether there was to be one or fifty saloons. A large number of saloons were being torn into the world, who, left to their own devices, would take to drugs or wine. Some of the cures he advocated were good, comfortable homes, with good women to manage them, and more play and grounds for the children.

DRUG HABIT IS GREATER EVIL THAN DRINK

Some of the Cures Advocated by Rev. Dr. Lyle of Hamilton Ont.

LONDON, Jan. 18.—The Times special correspondent, concluding an article on the Canadian North West, prophesies

WE SPEND THOUSANDS OF DOLLARS. Every year in giving away Celery King with Solution of Ozone (the coupon kind). We do this because we know of no other way by which germ troubles can be cured to stay cured. The solution of Ozone destroys the germs—that is certain—but being an astringent it does not enable the system to throw off the accumulated refuse matter. This only can be accomplished by taking it together with Celery King, to we supply the Celery King to you free of cost, but be sure and ask your druggists for Ozone the coupon kind or you will be disappointed.
