### THE LOWER PROVINCES LOSE UNIQUE SPORT CELEBRITY.

HALIFAX, Nov. 5.—With the announcement of the untimely end of Bernard Cribbs, there is incidentally chronicled the passing of one of the most unique figures in athletics the Lower Provinces have ever known. The story of his death, due to a fall down an elevator shaft in St. John, was told in yesterday's issue of the Mail. There has, in recent years, possibly been no other known athlete in these provinces, both for reason of his capabilities and his never failing good humor and unique pranks, as a result of which he gained the nickname of The Wizard.

Bernard Cribbs, still a young man in his twenties, went in for three branches of athletics and in these three branches proved most successful. Baseball, hockey and long distance running were his favorites; and many a good story is told by others who have been related by himself, of his pranks and experiences.

In a distance race in his home town, Chatham, N. B., so the story goes, he started against a considerably mediocre field, and finished so far ahead of them that he was dressed in a number two crossed the line. But the funny part of the whole proceedings was contributed in the fact that the officials forgot all about the man who finished second.

Halifax athletes will recall him as the young fellow who played an out field position with the St. John Marathons in 1911, on the occasion of the Greeks visit here for a series, and the funny man in goal for the St. John's when the Wanderers hockey team met the pride of the Foggy City in the season of 1909-10. Bernard Cribbs was a boy with a host of friends. He could keep a crowd in an uproar for hours, and was a ventriloquist of no mean ability. The intelligence of his timely passing will be accompanied by a feeling of general regret.

### RIVER STEAMER WILL BE SAWED IN TWO.

ST. JOHN, Nov. 6.—The new river steamer Oceone, which ran on the St. John-Wickham suburban route during the past summer, will make her last trip of the season on Saturday. She will then go to Glenwood on the main river, where she will be remodeled and enlarged. It is the intention of the owners to have her sawed in two and twenty-five feet added to her. The object for doing this is to make the steamer more commodious both for passengers and freight. The contract for making the alterations has been awarded to E. H. Whelpley, of Glenwood. Work will be continued all winter, so that when navigation opens in the spring of 1913 the steamer will be in condition to hold her own with any steamer on the river. Her machinery will be overhauled and repaired and the entire boat repainted.

## CHARLOTTETOWN AND ELSEWHERE

It pays to buy in this Province. Mrs. (Lieut. Gov.) Rogers returned to Charlottetown from Halifax last evening.

H. Hyndman, returned to Charlottetown last evening on the Northumberland.

Dr. Delaney, Magdalene Islands, leaves Charlottetown this morning on a visit to Quebec.

Miss Margaret Beaton, Souris, passed through Charlottetown yesterday en route to Boston.

Clarence Harris, Summerside, arrived in Charlottetown on the express last night.

Donald Nicholson, M.P., Charlottetown, was a passenger returning on the express last night.

Yesterday the Northumberland arrived in Pictou from Charlottetown at 11.05 a. m. She left again about 2.00 p. m. with passengers, express, mail and freight and arrived at 5.40 p. m. She leaves today at 7.30 a. m. for Pictou, returning about 5.30 p. m.

Meddlesome persons should be more careful how they interfere with other people's property. Yesterday afternoon a young man left his bicycle outside the door of one of the leading hotels of Charlottetown. While he was inside an amateur driver undertook to have a spin with the young man's bicycle, resulting in a collision with a team and damaging the machine. The owner of the team was compelled to chip in and assist in making good the damage. It is about time that taking French leave of other people's property should be stopped.

### TORONTO HOCKEY PLAYERS WILL TAKE LONG TRIP.

TORONTO, Nov. 6.—The entire squad of University of Toronto Hockey players will leave Toronto on Christmas night for a two weeks' trip, including visits to Ottawa, Boston, Newhaven, New York and Syracuse, which will be played with all the great American Universities.

### SMITH STRAW VOTE SHOWS WILSON LEAD.

NORTHAMPTON, Nov. 5.—Smith College girls cast 1,212 ballots in a straw vote for President today, with Wilson leading, but not getting a majority. The vote was: Wilson 551, Taft 317, Roosevelt 314, Debs 20, Chafin 10.

### MEDAL FOR SAVING A CHILD'S LIFE.

HALIFAX, Nov. 5.—Tomorrow at 11.30 the troops of the garrison will parade on the Common to do honor to a very special occasion and one well worthy of honor—the presentation to a comrade, Sapper F. C. Fielder, of the Royal Canadian Humane Association medal, for saving the life of a child.

It was early in August last that a little son of Staff-Sergeant Ruffell fell off the garrison pier at McNab's island, and would certainly have been drowned but for the prompt and gallant action of Sapper Fielder, who rescued the child at the risk of his own life, and became much exhausted in the effort.

### SOCIALISTS ON WESTERN JURIES.

VANCOUVER, B. C., Nov. 5.—With so many Socialists on the jury that convictions were next to impossible, the business of the Vancouver fall sessions came to a sudden stop yesterday. In several important cases recently, the jurors have failed to reach agreements, and the crown counsel decided that it was impossible to go on.

### WINS ALL-DAY FIGHT FOR LIFE ON LOST SHIP.

NORFOLK, Va., Nov. 4.—Snatched from death just as he had given up all hope, Capt. Fred Godfrey, sole survivor of the crew of the three-masted schooner John Maxwell, is being cared for tonight by the life savers of New Inlet station on the North Carolina coast.

Capt. Godfrey saw six of his crew go to their deaths after his ship hit the beach early yesterday, he clung to first one piece of the vessel and then another as it was torn to pieces by the gale and high seas.

He lashed himself to the remaining mast at sundown and it fell into the sea by midnight. He managed to reach the crane of the ship and clung to it until the sea ripped it away. Then he lashed himself to the stem of the schooner and when the ship broke in two the seas pitched that part on which he was tied toward the shore.

Life savers burnine rockets on the beach saw the schooner break up and caught a glimpse of a man clinging to a part of the wreckage. They tried to launch a boat, but the seas beat the frail craft to pieces. Then they shot a line and the half dead man grabbed it. They pulled him through the surf and when near the shore jumped into the sea up to their necks and took him in their arms.

J. Morrison, Summerside, crossed by the Empress yesterday morning. J.

The Honorable Wm. Richards, Bideford is spending a few days in Summerside. J.

John and Mrs. Turner and child, New York, who have been visiting Alfred and Mrs. Duchemin, Charlottetown, leave this morning on return.

The eastern accommodation arrived in Charlottetown yesterday at 6.15 fifty-five minutes late and the Tignish express at 10.40, fifty minutes late.

Among the improvements of Charlottetown, quietly and steadily going forward, that accomplished by Messrs. Carvell Bros., this year, is worthy of note. The frontage of the houses of this well known firm. The Street affords no idea of the great area covered by the stores and warehouses of this well known firm. The buildings extend back across the whole width of the lot, and are admirably arranged for the taking in and sending forth of the goods imported and sold. They comprise, without doubt, the largest establishment of the kind in this Province. To see the business going on in them, would dispel the idea that there's nothing doing, from the minds of the most pessimistic of blue ruin grumblers. We heartily congratulate the members of the firm, and particularly W. H. Aitken, on possession of the splendid property lately purchased and enlarged and rearranged for the greater convenience of their business, and on the abundant evidences there are that their business is larger and more prosperous than ever. Their success is another proof that for men who stick to it, and attend strictly to business, there is a certainty of profitable results in this Island Province.

We are showing now what is without doubt, the latest and best display of canned pipes that has ever been shown here. It's a grand showing—brilliant and amber mouthpieces, newest style bowls, in fine plush cases. The Mackinnon Drug Co. Mf.

The many friends of James Keenan, Charlottetown, for many years cook on the Northumberland, will be grieved to learn that he is suffering from injuries sustained in a fall while attending to his duties. His early recovery will be eagerly looked forward to.

A large assembly of persons thoroughly enjoyed themselves at the social held in St. Peter's Church, Charlottetown, last night.

### MURDER AT LETHBRIDGE.

LETHBRIDGE, Alta., Nov. 6.—What appears to be the most cruel blooded murder perpetrated in this city in recent years, was uncovered last night, when three found lying on the crossing of seventh avenue north and John street, the battered remains of John Gurd, a miner, also employed at number three shaft of the Galt Collieries. Suspicion rests on Walter Besoula, who is held in the Mounted Police Guardroom.

### HAS LEG CUT OFF.

ELGIN, Ills., Nov. 5.—While Judge Henry B. Willis, presiding jurist of the northern division of the appellate court was standing on the railroad track in front of a newspaper office tonight watching the election returns he was struck by an engine and seriously injured. Both of his legs were cut off near the ankles. He also sustained serious injuries about the head.

### A NEW FLAG FOR RUSSIA.

ST. PETERSBURG, Nov. 5.—Some weeks ago a special commission was appointed by the Czar to consider the advisability of a new flag for Russia. The commission has completed its labors and has presented its report. The reason for this somewhat unusual proceeding is that Peter the Great, to whom was originally due the Russian flag, appears merely to have copied the Dutch, a flag with three horizontal stripes of red, blue and white. The commission recommends that these colors should be replaced, arranged in the same way as before—as a horizontal tricolor.

The merchant-marines to keep the same ensign as before—red, blue and white; while the flag of the imperial navy will be white with a blue St. Andrew's cross, as before. It is generally assumed that these recommendations will meet with the Czar's approval.

### CAPTURED SECOND CHICAGO BANDIT.

CHICAGO, Nov. 5.—Clifford Fall, the survivor of the two automobile bandits who attempted to hold up Ed. and Rob. Rutherford B. Cooke, assistant secretary of the Chicago National League Baseball Club, has been arrested, after having confessed to detectives. Edward Meyers, the other bandit, was killed by Cooke. Fall escaped.

### AERDALE IS SOLD.

LEXINGTON, Ky., Nov. 5.—Jerry T. Tarlton, owner of Allendale Farm, near this city, was sold to J. Howard Ford, Stonyford Farm, New York, the world's champion yearling trotter Airdale, 2:15 1/2, by Tregantle, out of Miss Fannie Summers, for \$12,500.

### ANTIPODEAN TOURERS

SAN FRANCISCO, Nov. 5.—Cal. Bwing, the Pacific Coast League manager, has selected thirteen of the fifteen players of his league who will make up the all star team that is to tour Australia, leaving here November 13 and returning February 1. Among the former big leaguers on the team are Catcher Jack Bliss and Outfielder Elmer Zacher.

### ALLEGED MURDERERS OF TRAPPER MORIN.

QUEBEC, Nov. 5.—The two Savages, father and son and More Vallee, the three hunters, who are supposed to be responsible for the death of a trapper named Morin two weeks ago, in the latter's camp, were arrested on Saturday afternoon last by the Provincial Police in the bush and brought to Quebec.

Two weeks ago Morin's disappearance caused some excitement to his friends, who went into the woods to look for him and found him dead in his camp, with a bullet wound through his body. As the three prisoners were known to have anything but the best of feelings towards the deceased, the Coroner's Jury returned a verdict that death had been caused by unknown parties and Constables Cardinal and Masse, of the Provincial Police, were sent out to try and find the three huntsmen. They returned to town a few days ago, after a successful trip in the woods, but left almost immediately with Constable Gagne and Trudel, and after a long walk through the woods, in the rear of Notre Dame des Anges, County of Portneuf, succeeded in capturing their prisoners, who will be brought to the Police Court.

### FLOATING DOCK REACHES MONTREAL.

MONTREAL, Nov. 6.—The great drydock Duke of Connaught arrived at its final resting place in Maisonneuve after a rough journey across the Atlantic. During the trip the broke several times, and a great storm nearly threw the dock on the rocky shores of Cape Breton. The dock was escorted to its position by a string of tugs, bearing representatives of the Harbor Commission and the cities of Maisonneuve and Montreal.

The dock is capable of lifting the largest ship in the British navy, and is of the double-sided, self-docking type known as the bolted sectional. The pontoon or lifting section of the dock surmounts two parallel side walls. The whole length is divided into three separate sections, which when bolted together form the whole dock. Any two of these sections can dock the remaining section independent. Each section having independent pumping machinery, can act as an independent unit.

The length over the platforms is 600 feet, width 135 feet, depth of pontoon at centre 17 feet, draught of 27 1/2 feet, lifting capacity 25,000 tons. The dock can act as a whole in lifting a vessel of the largest capacity or each separate section can lift a smaller craft, while the other two sections are similarly engaged with other vessels.

### MARCONI CONTRACT.

LONDON, Nov. 6.—The Marconi Company announced to-night that they have signed a contract with the Canadian Government for the operation and maintenance of nine additional stations on the Great Lakes. When the stations are completed, the company will receive an additional subsidy from the Government of \$31,500 per annum. The agreement is for nineteen years.

### PAPERS ISSUED FOR ARREST OF ALBERT COUNTRY YOUNG WOMAN.

HOPEWELL, Hill, Nov. 6.—The young woman of Osborne Corner, in the parish of Hillsboro, whose infant was found dead shortly after its birth in the attic of their home, is to be taken into custody on the charge of concealment of birth. Papers are now made out and the arrest will be made today or tomorrow.

The coroner's inquest, some time ago decided that the infant's death was due to criminal negligence, and it was shown that the mother had denied the fact of the child's birth to neighbors. In the meantime the local authorities have taken the matter up with the attorney-general's department. After arrest, the accused will be taken before Stipendiary Magistrate Blight, of Hillsboro, for examination. The offence carries with it a maximum penalty of seven years in the penitentiary.

### N. B. AND P. E. I. SUNDAY SCHOOL CONVENTION.

MONCTON, Nov. 6.—There was a very large attendance at Tuesday evening's session of the N. B. and P. E. I. Sunday school association now being held in the First Baptist church of this city. Many representatives from the various Sunday schools in this city attended last evening, besides those attending the sessions from various parts of the province. All the pews down stairs were occupied, and many of the audience were seated in the gallery. The addresses were of an interesting nature and closely followed by the audience, the remarks of the speakers being generously applauded from time to time.

The president, F. R. Murray, of St. John, again occupied the chair. At 7.45 o'clock a devotional and song service was held, led by Rev. J. C. B. Appel.

After prayer by Rev. Mr. Squires, the president stated that there would be a change in the order of business, that, instead of appointing the different committees on Wednesday, he would appoint them then.

The committees were then appointed as follows: Credential Committee—Rev. W. B. Wiggins, Miss Taylor. Resolutions—Rev. S. T. McArthur, Rev. W. T. Kirby, Rev. Mr. Squires, Press—Rev. J. H. Anderson. Nominating Committee—Rev. G. B. Ganong, Rev. R. T. Hayes, Rev. Robert Reid, Rev. J. C. B. Appel, Rev. G. A. Lawson.

A letter was read from G. A. McWilliams, secretary of the Moncton Y.M.C.A., extending greetings to the S. B. Association and cordially inviting the delegates to all privileges of the Association while in the city. The president, F. R. Murray, then welcomed the delegates. He welcomed Mrs. Bryner, as the Representative of the International Elementary Association. In conclusion he stated that his hope and prayer was that all should be helped and blessed by the meet ngs. Rev. Mr. Young, representative of P. E. Island Association, then brought greetings from that province. He said: "I am here to convey to the N. B. Association the heartfelt affection of her sister organization." Mrs. Young then paid a high tribute to Mrs. Bryner of Moncton. During her stay of two days and a half in P. E. Island she delivered fifteen addresses.

## WHERE TO SHIP SMELTS AND EELS

Careful attention will be paid to all consignments of smelts and eels from Prince Edward Island shipped to George T. Meon Co., 2 Fulton Fish Market, New York, whose ad appears elsewhere in this issue. The firm are wholesale buyers with a wide experience and sell their goods at the best market prices. Having been established fifty-four years they are thoroughly conversant with trade requirements and give all orders their personal attention and make satisfactory returns in all cases. A trial is solicited.
