SUCCESSFUL ICE CREAM FESTIVAL.—The ice-cream festival at Mount Stewart under the auspices of the War Workers' Society was a great success, the sum of \$180.00 being realized for patriotic purposes.

BRIDGE CLOSED.—Wilmot Bridge will be closed Thursday, Friday and Saturday. The travelling public from Summerside to Bedeque going and returning will be obliged to come around via Clark's Mills.

BOYS AND FIREARMS AGAIN.—While a number of lads on Richmond Street were celebrating the arrival home from the war on Monday night of Pte. Albert Heron, a lad named Stanley Ryan aged 16 years was shot in the left leg by a 22 calibre revolver fired by another lad named Hughes, aged 14 years. Ryan was crossing Pownal Square at the time. The bullet which entered below the knee was extracted by Dr. Ledwell.

DELIGHTED WITH P. E. ISLAND.—Mr. W. H. Affleck, of Adams & Thompson, General Insurance, Halifax, and Mrs. Affleck, Mr. Hutchins of the Bank of Montreal, Halifax, and Miss Hutchins, crossed over to the Mainland yesterday on their return to Halifax after spending a week motoring through Prince Edward Island. Mr. Affleck is a native of Bedeque where his father, mother and brothers reside and where the party made its headquarters during their visit here. The party speak highly of Prince Edward Island as a resort for tourists, its beautiful scenery, magnificent weather, its good roads and its hospitable people. During their stay in this province they visited the different sections of Bedeque, Point Borden and the Terminals, Summerside, Port Hill and Charlottetown, where they were the guests of the Premier for a day. They had intended crossing by the Aranmore on Tuesday morning but when they ascertained that that boat was not crossing Tuesday they motored back to Summerside in time to cross by the Princess. To a representative of The Guardian they expressed themselves as delighted with their visit to little P.E.I.

L. O. A. PRESENTATION.—Tanton L. O. L. of Brookfield, was presented last evening with a very rare and beautiful picture of St. Edward Carson signing the covenant at City Hall, Belfast, Ire. The picture was presented to the lodge by Mr. George H. Tanton of this city. Mr. Tanton's appropriate gift was fully appreciated as will be seen by the following letter:— Brookfield, August 27th, 1917. To Bro. George H. Tanton, Charlottetown. Dear Sir and Bro.—By resolution of Tanton Loyal Orange Lodge, No. 1126, I have been authorized to write you conveying to you the hearty thanks of the Lodge for the historical picture presented by you, which is very much appreciated by the said Lodge and its brethren. Again thanking you, I remain, Fraternally yours, Andrew E. Dollar, Rec. Sec.

While the S. S. Aranmore was on her way from Pictou to Charlottetown on Monday night she collided with the schooner Cyrene, Captain Frank Murphy of Montague, en route from Charlottetown to Pictou. The Aranmore blew her whistle three or four times as a warning to the vessel to go out of the steamer's way. Whether the warning was unheeded or the crew were unable to put the vessel about in time has not been ascertained. At any rate it appears that a collision could not be avoided and the Aranmore struck the schooner amidships, the steamer's bow piercing a gaping hole in the schooner's hull so that she sank in a few minutes. The Captain and his son climbed aboard the Aranmore, while the other member of the schooner's crew launched a dory from the stern of the vessel and made his way ashore.

The accident occurred near Pictou Light.

The Cyrene was a vessel of about ninety tons register. She was on her way to Pictou to load a cargo of coal for Poole and Thompson, Montague.

The hard coal question was taken up with Mr. D. Nicholson, M. P., by Hon. M. Kennedy and J. A. Messervey during the last three weeks and the Guardian publishes the telegrams which speak for themselves:

August 5th, 1917.

D. Nicholson, M. P., Ottawa.

Is it possible for the government to secure steamers to bring hard coal from New York or any Atlantic port at cheap rate of freight. Schooners now charging \$7.00 per ton. Please reply.

To Hon. M. Kennedy and J. A. Messervey:

Can coal dealers handle two thousand tons hard coal? How long would it take to load and unload steamer? It is necessary to know as demurrage is charged. Freight about thirty-five per ton.

D. NICHOLSON.

Mr. Messervey consulted with the coal dealers and they said it was impossible to get 2,000 tons of coal awaiting steamer. The following wires were then sent by Kennedy and Messervey to Dickson & Eddy and Patterson & Browns, New York and they answered:

"Could you arrange delivery two thousand tons hard coal to a steamer at Philadelphia, New York or Elizabethport or any Atlantic port Please name price. What time would steamer take to load. Coal will be

Messrs. Kennedy & Messervey are doing all they can to secure the coal for the steamer which the government will furnish.

A late casualty list contains the name of H. McDonald, Caledonia, wounded.

Among those reported wounded on the 15th of August in France was James N. Waughan, formerly of this city and of the 102nd Battalion, B. C. James Waughan is a son of Mr. Noah Waughan, of this city.

FOR PATRIOTIC PURPOSES.—A meeting of importance was held at Abram's Village, Monday evening, for the purpose of organizing and establishing a society to adopt a prisoner of war. The meeting was well attended and the following officers were elected. President—Mr. Joseph G. Arsenault, Cheese Maker; Secretary—Aime D. Arsenault; Treasurer—Jos. A. S. Gallant. Committee members—Charles Arsenault, Harry Darby and S. E. Gallant. The committee is charged to meet and make the by-laws which will govern the society. A collection was taken at the meeting and a snug sum realized. The prisoner adopted is Theodore Arsenault, son of Elize Arsenault of Abram's Village. This is certainly a good move in the right direction. The society will see that the district will be well canvassed and that this prisoner will receive immediate succor from the people of his native place. The Red Cross Society established in Esmond Bay sometime ago is making itself noticeable and the members are busy in getting up all kinds of serviceable goods for the relief of our boys at the front.
