It Makes People Well.

Paine's Celery Compound is the one true specific recognized and prescribed to-day, by the most able practitioners for all diseases arising from a debilitated nervous system.

That eminent medical professor Dr. Phelps gave it to his profession as a positive cure for sleeplessness, wasting strength, dyspepsia, biliousness, liver and kidney troubles, rheumatism and neuritis, and in every case it has triumphed over sickness and disease when all other medicines failed.

Paine's Celery Compound works wonders in the season of oppressive heat. It gives vim, energy and strength to the weak, languid, irritable and morose; it banishes all tired feelings, and enables men and women to go through the routine of daily toil with heart, soul and energy.

Let us urge you to try this marvellous medicine that millions are talking about. The use of Paine's Celery Compound means vigorous appetite, good digestion, happy disposition and continued good health. Paine's Celery Compound makes people well.
