15 LIBERALS UPHOLD RULING OF SPEAKER

House Indorses Speaker's Refusal To Consider Proposed Investigation.

(Canadian Press) OTTAWA, Ont., Nov. 2.—The House of Commons today refused to consider a proposal for an investigation into the management of the Sun Life Assurance Company. M. F. Hepburn, Liberal, West Elgin, made the proposal which was ruled out of order by Mr. Speaker. Mr. Speaker's ruling was challenged by J. S. Woodsworth, (Labor, Winnipeg, North Centre). The House upheld the speaker's judgment 128 to 55.

The Conservatives voted en bloc to sustain the speaker's ruling, 132 government votes being recorded. The rest of the House, Liberals, Progressives and Labor, voted against the ruling, with the exception of Rt. Hon. W. L. Mackenzie King, Opposition leader, and Hon. Ernest Lapointe, former Minister of Justice, who declared that having no knowledge of the question on which they were required to vote, they had refrained from doing so.

Trade Pact Vote Today

(Canadian Press) OTTAWA, Nov. 2.—A vote on the Anglo-Canadian Trade Treaty will take place tomorrow, it was agreed by party whips in the House of Commons late this afternoon.

EVIDENCE GIVEN FOR PROSECUTION

Hearing In Liquor Stealing Case Was Continued Yesterday.

Details concerning the incidents leading up to the arrest on Sunday last of Earl Lund, Hilson Roberts, A. Gallant and Elmer Lund, on a charge of having stolen goods in their possession were given as evidence in court yesterday at the hearing before Stipendiary Magistrate Donald MacKinnon. Witnesses giving evidence for the Crown were Sergeant Leo Bradley, Constable Alban Shaw, and Constable MacPhee, of the R. C. M. P. John Kelly and Ernest McInnis, oyster fishermen. After the prosecution had rested the case, the hearing was adjourned till Friday morning at 9 o'clock.

Sergeant Leo Bradley, in his evidence, related the incidents leading up to the arrests. As he and three other officers were proceeding out North River Road on Sunday afternoon, he saw a car standing at Lewis' filling station at Queen's Arms. Gallant, one of the accused, was at the wheel. Earl Lund was also sitting in the front seat. Hilson Roberts was sitting in the rear. On searching the car, he found 36 bottles of assorted liquors in two bags on the floor. There was a vendor's label on one bottle. The bottle was exhibited, bearing identifying marks. Two or three other bottles had labels on the corks. The liquor was seized, the three men arrested and brought to the Police Barracks. The witness, with the two Constables, went to a shack on an island in North River, where a quantity of assorted liquors was found. One of the accused, Elmer Lund, was on the island. Witness first saw him when Constable Shaw brought the accused out of the woods. The stock was seized. The witness identified the four prisoners.

Cross-examined by Mr. Bell, Sergeant Bradley stated that when they were bringing Roberts into the city he was given the statutory warning. Witness had searched Poplar Island a number of times previously. The police had followed a car track to Poplar Island. There were several car tracks to the

Sterilization Of The Mentally Deficient Mooted

(Canadian Press) TRURO, N. S., Nov. 2.—Sterilization of the mentally deficient was suggested in the report of Mrs. E. E. Sanford, Convenor of the legislative committee, Women's Institutes of Nova Scotia, read before the body in annual convention today. Mrs. Sanford reported that the question of workable legislation to achieve this end had been discussed in many local institutes during the year. Submission to sterilization should be required of all persons who become wards of the municipalities or who entered institutions supported by the government, by reason of mental deficiency, she believed.

DAUPHIN, Man., Nov. 2.—Roy McPhail, Brandon, Man., was elected president of the United Farmers of Manitoba, succeeding W. J. Ward, Dauphin, who retired.

Jap History On Scroll

PAINTED NINE HUNDRED YEARS AGO

A Japanese silk painting, made approximately 400 years before the discovery of America by Columbus, and which is owned by a Los Angeles Japanese family. The painting, illustrating an incident in ancient Japanese history, is displayed by Helen Hattori, whose family have owned it for more than 300 years.

KEEN COMPETITION AT THE FOX SHOW

Animals In Splendid Condition, Though Entries Not So Large As On Previous Occasions. Judging Will Be Continued At 9 O'clock This Morning.

The opening day of the judging at the Fox Show brought out what is possibly the strongest classes, from the standpoint of quality, that has ever been shown in this Province. The classes were not as large as those of 1930 but the individuals were so even that the judge had a difficult task in making the placings. Mr. George C. Calbeck, president of the Canadian National Fox Breeders' Association, with his wide knowledge and experience of foxes proceeded with the judging in a prompt and satisfactory manner and finished the day after having judged the dark silver, dark medium, and most of the medium classes. The largest section was that of the medium adult female, there being twenty-two entries. The first prize winners of the day were: F. G. Kennedy, Southport; C. B. Rogers, Summerside; Brown Bros., Stanley Bridge, Cudmore Bros., Charlottetown; Gordon MacMillan, Cornwall; Robert Baker, Bedouque; W. E. Johnstone, Long River; Ray Carr, Stanhope; C. C. Baker, Kensington; A. C. Rogers, Kensington; Edwin Johnstone, Charlottetown, and Wellington MacNeill, Southport. Today's programme will commence at 9 o'clock when the medium pups, male and female, the light medium and pale silver classes will be judged. These will be outstanding classes and any person interested in foxes should not miss this fine sight. On Friday the groups and championships will be awarded, while a class for boys and girls in judging foxes will also be conducted. A. Pickard and Company have donated \$25 in cash for this particular feature. The Provincial Branch of the Dominion Life Assurance Co. have kindly donated a handsome perpetual trophy for one of the champions at the show. Mr. Edwin Johnstone, the provincial representative, along with the manager Mr. J. A. MacKenzie, was particularly active in securing this fine trophy which is much appreciated by the exhibitors at the show.

U.S. ELECTIONS United Farmers Voice Protest

(By Ken Clark, Canadian Press Staff Writer.) NEW YORK, Nov. 2.—A few days before the presidential election the political map of the United States shows such a Democratic coloration as to induce the most strenuous efforts by President Hoover and his supporters. There is uneasiness among Republicans even in the rock-ribbed section of New England, Maine, a state which has never voted for a Democrat with the exception of Woodrow Wilson, this year elected a Democratic Governor. Massachusetts voted in 1928 for Alfred E. Smith who is campaigning for Franklin D. Roosevelt. Rhode Island did the same. Connecticut voted for Hoover, but has since elected a Democratic Governor. New Hampshire since 1878 has voted only twice for a Democrat and in 1930 it maintained tradition by electing a Republican Governor. Vermont has always voted Republican in presidential elections. These New England states have a total electoral college vote of 41 of which Massachusetts has 19.

The states of New York, New Jersey, Pennsylvania, and Michigan, where there are large industrial interests have ordinarily been strong Republican. New York was thumbs down on its native son, Smith, in 1928. New Jersey never has voted for a Democrat with the exception of Wilson. Pennsylvania, home of the interests of Andrew Mellon, has been considered a Republican stronghold. Michigan has a long unbroken Republican record. This group has a total vote of 118. The farmers of the central states—

COAST GUARD MAKES HUGE SEIZURE

Liquor Valued At \$200,000 Corralled On \$100,000 Motorship In New Bedford Harbor.

(Canadian Press) WOODSHOLE, Mass., Nov. 2.—(A.P.)—Two coastguard boats slipped out of the darkness of New Bedford Harbor early today, seized two power boats, a \$100,000 ship laden with \$200,000 worth of liquor and arrested twenty-six men. The seizure, one of the largest in New England waters was made as the motorship Amacitia, running without lights, the guardsmen said, came into the harbor to be met by the two power boats carrying fifteen men. The Amacitia is owned by the Northern Exporting Company of Bridgetown, and her master is W. R. Trenholm, of Halifax, N. S.

Lightning Plays Prank

LONDON, Nov. 3.—(C.P.)—During a violent storm in London lightning struck a house, knocked the woman occupant senseless, smashed the wireless set, brought down the aerial and dislodged the chimney. The house is in Eresby-mews, Kilburn, N. W., and Mrs. Brockett, the wife of the tenant, who was found unconscious at the foot of the staircase after the storm told a reporter: "I was standing in a first floor room when a sheet of flame filled the room. Then everything went misty and I remember nothing until I regained consciousness about two hours later."

Winnipeg Boy Is Located

CLEVELAND, Ohio, Nov. 2.—(By The Canadian Press)—Ross McDiarmid, by his own description, "five feet nine inches tall and a rugby player," sat on a bed in a narrow cell in Willoughby Town Hall near here, tonight and confided he "never again" will yield to the lure of far away places and the open road. The 14 year old son of John S. McDiarmid, Manitoba Minister of Mines and Natural Resources, decided eleven days ago to be "out and away to see the world and the strange sights in the States." With a single dollar in his pocket, he left his Winnipeg home and until he was located today, his family and police both of the Dominion and the United States had conducted a futile search through Canada, the United States midwest and the northeastern States for him.

Will Not Endorse Resolution Re Wheat Bonus

(Canadian Press) DAUPHIN, Man., Nov. 2.—The United Farmers of Manitoba today refused approval to a resolution endorsing the demand of the United Farmers of Alberta for a five cent per bushel bonus on wheat. Refusal to adopt the bonus plan, was based on the convention opinion that it was contrary to the principles of the Association with regard to tariff.

Germany Imposes New Wheat Tariff

(Canadian Press) BERLIN, Nov. 2.—A new wheat tariff was in effect in Germany today, imposing a 7.50 marks duty (about \$1.77) per ton on wheat imported on import certificates.

Prominent Men Voice Opinions

Present Economic Situation Summed Up In Brief By Many Leading Canadians.

(Canadian Press) TORONTO, Nov. 2.—"The task that confronts the country now is to attain a fully balanced budget as quickly as possible and in that task the cooperation and support of the Canadian people will be required," declared Hon. E. N. Rhodes, Minister of Finance, in the course of a message contributed to the silver anniversary number of the Financial Post which appears tomorrow morning. "Better sentiment in trade and industry holds out the expectation that an improvement in revenues should not be far distant," states Mr. Rhodes. "Fearless and fair criticism" of governments, corporations, institutions and individuals is deemed urgent by Sir Herbert Holt, President of the Royal Bank of Canada who refers to "numerous and enormous taxes," as having been caused largely by the "excessive cost of running far too numerous governments, which should be reduced and made more efficient. E. W. Beatty, President of the Canadian Pacific Railway, is glad that "Canada's most serious threat to National solvency, the railway situation," is being brought to public attention and considers the omen as "evidence the country is seeking to live within its means." "The foundations have been laid for the solution of the transportation problem," states Hon. Dr. R. J. Manion, Minister of Railways and Canals, referring to the "sane, wise and courageous economies" instituted in the past 18 months. The government leader in the Senate, Rt. Hon. Arthur Meighen, says "a realization that no nation can live up to itself alone and that a spirit of international economic cooperation will usher in a return to more normal business conditions, is steadily growing."

Bennett Statement On Grain Routing Expected Today

(Canadian Press) OTTAWA, Ont., Nov. 2.—Prime Minister R. B. Bennett will present a written statement to the House of Commons tomorrow covering the question whether or not Canadian wheat shipped through United States ports will receive the six cent preference. In the House today, D. M. Kennedy, (U. F. A., Peace River), drew the attention of the Prime Minister to news despatches indicating that considerable perplexity prevails as to whether or not grain consigned to the United States for shipment to the United Kingdom would receive the preference. He wishes to know, said Mr. Kennedy, if it was possible, under the treaty to store Canadian wheat at Buffalo and ship from there to Great Britain, and get the preference. In view of the importance of the matter, Mr. Bennett asked that the question stand until tomorrow when he would file a written statement.

Bear Has A "Larking Way"

(Canadian Press) MONTREAL, Nov. 2.—A bear's stomach is hard on the feet. J. K. Edmonds, Chicago hunter just returned from a trip in Quebec's backwoods, reported as he limped into the city to take a train back to Chicago. The Chicago hunter got his limp from giving a marauding bear a good swift kick in the breadbasket. "It felt more like an iron safe," Edmonds complained. The bear visited Edmonds' camp at two a. m. and bit into a gallon tin of maple syrup. Edmonds leaped from the tent in his bare feet. "Go away," he shouted at the big brown bear. "Sex you" brain seemed to sneer. "What'll I do?" Edmonds called to his mates in the tent. "Kick him in the stomach," shouted someone drowsily. "O. K." said Edmonds and d'd so. Now he has a sprained toe. The bear gave him a reproachful look and took his tin of syrup away with him where he would be more appreciated.

Canadian Dollar And The Pound

(Canadian Press) OTTAWA, Nov. 2.—In the House of Commons tonight G. G. Coote, (U. F. A., MacLeod), moved an amendment to the motion to ratify the Economic Conference Agreement. His motion if adopted would make the ratification include the undertaking that the Canadian dollar be brought down to a parity with the pound sterling.

Military Man On Peace Mission

(By The Canadian Press) MONTREAL, Nov. 2.—Vice-Admiral Sidney Robert Drury-Lowe in Canada with the Oxford Group of speakers presents the unusual spectacle of a military man on a mission of peace. A member of the British League of Nations Union the vice-admiral served in the navy during the war at the Dardanelles; in the Grand Fleet; and in the campaign against Germany in East Africa and thus he brings to the cause of peace an extensive knowledge of modern warfare. Speaking of personalities at Geneva he referred to Arthur Henderson for his devoted interest in the conference's success. Asked by interviewers if the League could function successfully without military power to enforce its decisions the vice-admiral replied that the mechanical structure of the league is quite adequate but that the spirit of the powers now in control leaves much to be desired and for this reason a moral as well as spiritual advance is needed immediately. It is to foster this spirit that he retired from a naval career at its height.
