JACKSON SUING WHITE SOX FOR $18,500

Denies He Was Implicated in Throwing 1919 World's Series to Nationals

MILWAUKEE, Wis., Jan. 31—Joe Jackson, former Chicago American outfielder, yesterday denied on the witness stand that he was implicated in the throwing of the 1919 world's series to the Cincinnati Nationals. Jackson is suing the White Sox for $18,500, the amount he alleges he would have earned under his unexpired contract. His services were dispensed with under a ten day release clause which he claims he did not know was in the contract.

Sports writers who attended the games testified yesterday that Jackson's playing during the series was that of a player doing his best for his club.

Ottawa Outplayed St. Patricks And Won by 7–2 Score

TORONTO TEAM LED IN FIRST PERIOD BUT WERE OUTCLASSED BY LEADERS IN FINAL SESSIONS.

OTTAWA, Jan. 31—Toronto St. Patricks were completely outplayed and decisively outscored in tonight's N. H. L. fixture here. It was only a question of time, even with the visitors leading two to nothing at the end of the first period. This score of 7 to 2 was not a fair indication of the play, and when the locals got things going rightly in the second and third periods they made life miserable for John Ross Roach, who with Reg. Noble, bore the lion's share of the St. Pat's work.

The two goals scored by the green shirts in the opening session were the results of straggling offensives, the first started by Dye, and the second by Noble. Ottawa had more than an even share of the play, but the brilliant work of Roach kept them at bay. In the second period they took the lead with three well-earned goals, and in the closing stanza ran in more. It was a strong finish, and the local attack in the final twenty minutes earned more than four goals.

St. Pats seemed disorganized. The combination rarely worked. The individual rushes almost invariably ended at the Ottawa defence and their shooting was ragged.

Mike McTigue Not Yet a Free Agent

LIGHT HEAVYWEIGHT CHAMPION WILL HAVE TO FULFILL CONTRACTS TO FIGHT TUNNEY, GIBBONS AND STONE

NEW YORK, Jan. 31—Mike McTigue, who believed he was free of all contract obligations after purchasing his release recently from Joe Jacobs, his former manager, now finds that he is still obligated to fulfill conditions imposed under the agreement, including matches with Gene Tunney, Tom Gibbons, and Ad Stone.

McTigue, according to information revealed today, automatically bound himself to fulfill the old contract, when he removed it from Jacobs' hands, despite belief that it made him a free agent.

Jacobs had signed with Tex Rickaid for fights with Gibbons and Tunney and for a match with Stone at Philadelphia.

McTigue, it was said, would carry his latest fistic dilemma to the State Athletic Commission for interpretation.

CANADIANS WIN IN U. S. MEET

Mercerburg Academy Shattered World's Relay Record

NEW YORK, Jan. 31—Mercersburg Academy shattered its own world's record for the one mile relay to defeat Hamilton Collegiate Institute in the international feature of the two-night Millrose A. A. track and field carnival at Madison Square Garden last night.

The time of 3:33 4-5 seconds for the mile, was 1 4-5 seconds faster than the former mark.

Rosa Creese, speedy Toronto miss defeated Marion McCartie, the holder of the United States title, in the 50 yard dash, doing the distance in 6 3-5 seconds, one-fifth of a second slower than the record.

Other Canadians who featured in the results were the Toronto Girls' Club quarter mile relay team who finished third in their event behind the City Bank of New York and the Meadowbrook A. C., of Philadelphia. The meet attracted a field of more than one thousand representing school, club and college stars.

"Canucks" Downed Hamilton in Slow Contest, 5 to 2

MONTREAL, Jan. 31—Any doubt as to the ability of the Canadiens to overcome the handicaps under which they have been playing lately were set at rest tonight, when the local club downed Hamilton Tigers 5 to 2. Only one penalty was handed out by Referee Rodden in the game, and that Was to C. Denenny of the visitors for a minor offence. The game was played on heavy ice.

The victory brought the team back to even terms with the Tigers at the foot of the standing and with St. Patricks' loss at Ottawa, to a formidable position to again bid for second honors and a place for the play-off.

It was not a brilliant game, due largely to the heavy condition of the ice. The local team took advantage of the fair surface offered in the first period. Howie Morenz, Billy Boucher and Joliat continually peppered Forbes and followed up drives to bat in rebounds with the result that they led 4 to 1 at the first rest period.

Hamilton showed at a loss on the heavy going. They played hard from first to last, but could not seem to get away together. Red Green and Burch led attacks on Vezina, but seldom were able to get into a favorable position to shoot, due to the steady play of the Canadiens when on the defensive.

MINING A METEOR FOR IRON

Experts are at work in Arizona mining for a fallen meteor which fell there many years ago, its history being traced in Indian tribal traditions. It is estimated to weigh a million tons and to consist of 90 per cent. pure iron, not ore, 8 per cent. nickle, and small quantities of platinum, diamonds and radium, and roughly is estimated to be worth $15,000,000 in all. After a year of drilling, it has now been reached. The sketch shows the crater created by its fall and the position of the meteor.

CANADA TO PLAY AGAINST LEADER IN LOWER HALF

Granites Going Like World Beaters in All Their Matches—Will Likely Meet Americans in Play-off For Title.

CHAMONIX, Jan. 31—Canada has given an impression of irresistible strength in all the hockey matches. The United States team has done well, but in one period today against France faltered badly. Manager Haddock read the riot act to the boys because he seemed to think they were content to fight for second place, which he told them was thoroughly un-American. They promised to show a peppy brand of hockey against the British tomorrow.

Hewitt Satisfied.

William Hewitt, manager of the Canadian team, could not be other than satisfied with the perfection of the Dominion's hockey machine as demonstrated against a team coming from Switzerland, the European home of winter sports.

The game, as indicated by the score, was little more than a practice for the Canadians, who bombarded Savoie, the Swiss goalkeeper, at will. McCaffery, Watson and "Hooley" Smith skated rings around the Swiss defence, while Ramsay and Munro with small chance to demonstrate their ability at stopping rushes, took occasional sprints down the ice to drive wicked shots at Savoie.

It was just a case of going through the motions for the Canadians. The score might have been a hundred to nothing, it seemed, had the victors devoted their energies to scoring instead of bending all efforts toward putting the finishing touches on their combination work, experimenting with fancy methods of stick-handling and shooting from difficult angles.

Eight in First.

Canada scored eight goals in the first period, eleven in the second and fourteen in the third. The Canadian wings, Watson and McCaffery, were the most prolific scorers, but every member of the team with the exception of Cameron dented the Swiss net. Cameron, nearly frozen from his enforced idleness between the Canadian posts, took short excursions down the ice to get his blood in circulation.

Savoie, the Swiss goalkeeper was peppered with bullet-like shots throughout the three periods. On coming off the ice, he said with a grim smile he would about as soon face a machine gun as a hot one off Watson, Munro or McCaffery.

Canada was again the centre of interest when the British sextette, including C. G. Carruthers and E. Carruthers, H. P. Pitblado and H. Sexton, all Canadians, resident in England, demonstrated their superiority over Belgium.

A feature of today's games was the ski marathon race, in which 34 contested, representing eleven countries. The United states skiers decided not to start because of lack of practice. The marathon was won by the Norwegian star, Thorlief Haug, who covered the 50 kilometres (31.05 miles) in 3 hours 44 minutes and 32 seconds, remarkable time in the great snow drifts in the mountains.

Four Norwegians First

In this event four Norwegians finished in the first four places, while Sweden captured the fifth and sixth places.

In the fancy skating competition for men, the final choice lay between Grafstrom, of Sweden and Bockl, of Austria, who were in the lead yesterday when the set figures were contested. Today the competition comprised free figure skating, with the advantage on the side of the Swedish representatives. Nathaniel W. Niles, of Boston, was awarded sixth place.

Great Britain defeated France in the curling competition and won the Olympic championship. Sweden was second and France third.

Standing of Countries

The standing of the nations at the end of the fifth day:

Norway, 71½ points; Finland, 67½; United States, 20; Sweden, 19; England, 16; Austria, 15; Switzerland, 14; France, 11; Czecho-Slovakia, 6; Canada, 1. Total 241. Nine points have been cancelled by withdrawal of fifth and sixth places in the military competition, and fourth, fifth and sixth in the curling competition.

A Thrilling Experience.

Zinaka, the champion skied of Jugo Slavia, started in the skiing marathon at 8.30 o'clock this morning. At 5.50 this evening when he had failed to return to the stadium the officials sent searchers out to search the mountains for him. They had hardly more than gotten out of call when Zinaka, exhausted and stumbling at every step, appeared on the edge of the town. He explained he had been taken with severe cramps ten miles from the goal; had slipped down a steep hill, fainted away and lay buried in the snow unconscious for a long period with only his head above the surface. The snow about his body prevented him from freezing to death. He regained consciousness about the middle of the afternoon and then had taken some three hours and a half to negotiate the few miles back to town.

There was no means of reaching the searchers and early this evening they were still out looking for the supposedly lost skier.

BOWLING

LADIES REBECCA LEAGUE "Y" ALLEYS

Thursday night a very interesting match was bowled on the alleys between the Eurekas and the D. H. P's. the former winning with the truly wonderful total of 2017 which is the highest total yet attained by any team in this ladies league and which goes to show that there is a vast improvement which can only be attained by constant practice.

Notable in the game is the score of Miss Chandler with an individual score of 204 pins, and also that of Mrs. Brown with a total in three games of 465.

Keen competition and the best of feeling make those games a pleasure for the ladies and we are looking forward to some higher scores in the near future.

Following are the scores:

FIRPO'S BUSINESS

Will Have Double Financial Interest in His Bout With Wills

NEW YORK, Jan. 31—Luis Firpo will have a double financial interest in his fight with Harry Wills next July. Besides his $250,000 guarantee, with a privilege of 25 per cent. of the net receipts, he also will have an interest in the special sunken stadium which is to be constructed by a newly formed syndicate with which the Argentine has cast his lot.

A group of wealthy men, whose identities have not been revealed, are back of the syndicate. Options already are held on half a dozen sites in New York, New Jersey and Connecticut, the most favorable to be decided upon later.

Constructed of concrete, the stadium will have a seating capacity of 125,000. Plans already have been drawn and approved. The cost is expected to be less than would be required to construct a similar structure of wood above the ground. In addition, danger from collapse or fire will be eliminated.

SEEKS OLYMPIAD

Montreal Applies For Olympic Games There in 1928

MONTREAL, Jan. 31—The Quebec branch of the Amateur Athletic Union of Canada has forwarded to W. E. Findlay, President of the Union who will transmit it at once to the central executive an application that the Olyfpic games of 1928 be held in this city.

It is understood that arguments in favor of the application will be presented verbally at the annual meeting of the Olympic governing body in Europe next summer.

Eye Sight and Production Costs

Defective Vision amongst employees, is responsible for a serious increase in Production Costs.

A blinded machinist would be a drug on the market; no employer would want him, and yet there are thousands of PARTIALLY blind workers, whose productive efficiency is cut in half, by some correctable form of eye defect.

Industrialists are becoming alive to the serious loss thus incurred, and as a result, Eye Clinics are now conducted in many large shops and factories throughout the land.

Bluenose Curlers Defeat Westville

NEW GLASGOW, Jan. 31— In the E. M. Macdonald Bonspiel at Stellarton, the Westville curlers were defeated by the New Glasgow curlers this morning. The game was staged on very dull ice and the playing was not very keen. The total score found that the local team had a lead of sixteen points, score 50 34. C. L. McLaggan, defeated L. G. Ferguson, score 16-10. J. A. Mutch, New Glasgow, defeated D. W. Crockett, Westville, after a very hard tussle, score 18-14. Judge Patterson, of the local rink, defeated Wm. Maxwell, score 16-10.

The Antigonish curlers were to have met the Pictou curlers but owing to bad weather conditions the game had to be postponed. The winner of that game will play New Glasgow for the cup. Antigonish and Pictou decided to play the match off in Antigonish on February 19, when the four clubs will play for the shield.

The rinks this morning were:

CARLETON WINS MCLELLAN CUP FROM CHATHAM

Three Point Margin Proved Eventually To Be the Hoodoo Of the Chatham Curlers

CHATHAM, N. B., Jan. 31—The Chatham curlers last night lost the McLellan cup to Carleton by the narrow margin of three points. The three point margin by which the Chatham Club won the cup from Bathurst on the 16th inst., proved a hoodoo for the local curlers. Winning the cup by three points, Chatham held it against Dalhousie by three points and tonight lost it by the same margin to Carleton. Another peculiar coincidence in connection with the migration of the silverware, emblematic of the Maritime curling championship, was the fact that the skip (R. A. Snowball) who was mainly responsible for winning the cup from Bathurst and also for holding it against Dalhousie tonight lost it to Carleton.

The score by skips tonight was as follows:

Chatham	Carleton
Snowball 13	Irons 19
Jardine 17	Mitchell 14
Totals—30	33.
