## COUNCIL DISCUSSES COST OF AIRPORT HOUSING PROJECT

### Churchill Due At Miami Jan. 17

MIAMI BEACH, Fla., Jan. 3 — (AP) — Col. Frank Clarke of Quebec announced today that Winston Churchill will arrive in Miami Beach Jan. 17.

Previously, the former British prime minister had planned to arrive on the South Florida "Gold Coast" some time in February.

Mr. Churchill will be accompanied by Mrs. Churchill and their daughter, Mrs. Sarah Oliver.

Col. Clarke, president of the Clarke Steamship line and a former member of the Churchill club, had made preparations for the reception were being completed at his pretty but modest-sized two-story home which sits on the narrow palm-fringed peninsula island between Biscayne Bay and the ocean.

### Red Cross Plans For This Year

(By The Canadian Press)  
TORONTO, Jan. 3 — The Canadian Red Cross plans to spend approximately \$4,000,000 in 1946 on maintenance and expansion. Norman C. Urquhart, chairman of the society's national executive, announced today.

Chief item of expenditure will be for the newly-announced civilian blood transfusion service, with new hospitals next in line.

Other major items will be spent on hospital services, crippled children, hospital maintenance and the first Junior Red Cross nutrition, first aid, swimming instructions and disaster relief.

### More Time Is Lost Because Of Strikes

OTTAWA, Jan. 3 — Time lost as a result of strikes in the first 11 months of 1945 was more than double that of the corresponding period in 1944, the Labor Department reported today.

In the 1945 figures to the end of November, showed 176 strikes involving 87,898 workers with a total of 1,216,692 man-days. That compared with 190 strikes involving 73,173 workers with a loss of 471,634 man-days in 1944, an increase of 155 per cent.

Strike of the Ford Motor Co. employees at Windsor, Ont., and sympathy strikes in Windsor and other Ontario cities accounted for 87 per cent of the time lost in November and 70 per cent of all time lost in the 11-month period. The Ford strike at Windsor started Sept. 12 and continued until Dec. 19.

## Says British Not Worried

OTTAWA, Jan. 3 — (CP) — Hon. Herbert Morrison, (above) British Lord President of the Council, forecast on his arrival here tonight that the United Kingdom would be out of her economic difficulties and "in the clear" before 1950.

There was a transition period to go through during which "controlling" was still to be used, but "there will be no austerity for a long time," he said.

"We are not worried about the future," said the doughy little coxswain minister. "The day is coming when we can spread and expand."

## Repatriation Plan Ahead Of Schedule

OTTAWA, Jan. 3 — (CP) — The Army Quartermaster General's Branch of operations in the repatriation of service personnel, is faster than those in the Occupation Army and Air Force, will be completed by the end of the year, it was announced today by the branch's chief of operations, Major General C. F. Douglas.

Major General Douglas expressed the opinion the expenses until the end of May would run to \$100,000, the City would stand to have a deficit on the project of \$100,000.

Coun. Rogers said the greater portion of the expenses, apart from coal and light, had already been paid.

## Publisher Fatally Injured In Crash

(By The Associated Press)  
RENO, Nev., Jan. 3 — William T. Dewart, 38, publisher of the New York Sun, died today in a private plane crash in the crash of a private plane.

Mr. Dewart, a student flier, was killed when the plane crashed into the rear seat, sheriff's deputies said.

The wing clipped a tree on the Banker's Ranch, eight miles south and here and the plane crashed into a deep gulch. He died in Washoe General Hospital within a few hours.

## U. N. R. R. A. Chief In Germany Quits

WASHINGTON, Jan. 3 — (AP) — Lt. Gen. Sir Frederick E. Morgan, chief of operations in Germany for the United Nations Relief and Rehabilitation Administration, has resigned today by a U.N.R.R.A. official to have resigned.

This official, who could not be named, said Gen. Morgan's resignation would be announced tomorrow, in Berlin and the United States.

Gen. Morgan's resignation was voluntary, the official added, but said U.N.R.R.A.'s top officials had been checking into the case.

## Boy Killed While Driving Dog Sled

NEWCASTLE, N. B., Jan. 3 — (CP) — Paul Lantry, 15, was killed yesterday early tonight when struck by a car driven by Rev. William Oldwood, United Church minister at Red Bank. The boy was returning from a store with groceries on a sled pulled by a dog. No decision regarding an inquest had been made tonight.

FILED SUIT AGAINST CROSSY  
CHICAGO, Jan. 3 — (AP) — John E. Kraft, president of the Kraft Foods Company, said today his company had filed suit for a declaration judgment and injunction against Sing Crosby, alleging Mr. Crosby has refused to continue his appearance on Kraft's radio show, contrary to agreements with the company.

The suit was filed in New York.

## Magdalens To Come Under Charlottetown Office Of Income Tax

### 3 Island Students Take Dairy Course

QUEBEC, Ont., Jan. 3 — (CP) — Some 70 students from parts of Canada 50 of them war veterans, have registered at Ontario Agricultural College here for a three-month dairy course which starts next Monday with re-opening of the college after the year-end holiday period. It was announced today.

For the first time in the history of the 12-year-old dairy course, a student is registered from Newfoundland. There also are two from Quebec, three from Prince Edward Island, six from Nova Scotia and four from New Brunswick.

### November Fish Catch, Value Up In P. E. I.

HALIFAX, Jan. 3 — (CP) — Fishermen of the Maritimes caught 3,544,000 pounds of fish, with a landed value of \$1,409,970, during last November, according to a statement issued here tonight by the Scotia Division, Department of Fisheries. The figures both represented increases over November, 1944, when the catch was 2,427,200 pounds and the landed value was \$967,821.

A sharp increase of 436,000 pounds of cod brought the Nova Scotia catch up to 2,577,400 pounds with a landed value of \$990,278, compared with 1,898,900 pounds in November, 1944, with a landed value of \$667,821.

Lobsters constitute the greatest single item of the catch in New Brunswick, increased the landed value of 8,999,900 pounds to \$483,142, compared with \$308,838 received by the fishermen for the month in 1944 from 8,176,300 pounds of fish.

Prince Edward Islanders were subjected to adverse weather conditions but the catch of 1,007,300 pounds, valued at \$390,898, was 291 more than advanced over the figures for November, 1944, when 792,200 pounds brought a return of \$33,457.

### Two-Headed Baby Dies

(By The Associated Press)  
BIRMINGHAM, England, Jan. 3 — (AP) — A two-headed baby girl born New Year's Day to the English wife of an American soldier, died at 7:05 p.m. today after 50 hours and 35 minutes of life.

The infant, which weighed five pounds, 12 ounces at birth, had been kept alive since 4:30 p.m. Tuesday by constant administration of oxygen.

At the hospital it was indicated that the mother, who previously had believed herself to be the mother of twins, had been told at least partly of the condition of the child, born four weeks premature. Because premature infants are not taken to their mothers' rooms for feeding, the problem of informing the mother exactly did not arise immediately.

Doctors will make a post-mortem examination tomorrow to determine for medical records the unusual anatomy of the infant, strangely formed because of incomplete fission of a single ovum.

Dr. Park described the child as having two heads and two necks joined at the point of the shoulder, two backs and a single trunk. She had two arms and two legs. The physician said x-rays revealed two skulls and two stomachs.

It also had two sets of lungs, he said, adding that the heads cried and fed at different times and one appeared to be larger and "more chirpy" than the other.

### Boy Playing Soldier Kills His Mother

(By The Associated Press)  
MONTREAL, N. B., Jan. 3 — A five-year-old boy "playing soldier" with his father's hunting rifle accidentally shot his mother to death at the supper table last night, police said today.

The mother, Mrs. Margaret Lukacs, 28, had remonstrated with her son, Michael, and the father, Steve, got up from his supper chair to take the rifle away from the child, police said, but the gun discharged.

## 37 Societies Are Ordered Abolished

### Correct Winner Of Standard Silver Championship

(Special to The Guardian)  
OTTAWA, Jan. 3 — For income tax purposes, the Magdalen Islands will be detached from Quebec and will come under the Charlottetown office of the Federal Income Tax Department when the re-organization of the income tax system as recommended to the Senate committee on taxation last month gets underway.

This will mean that the present staff of the Charlottetown income tax office will be increased from 30 to 34 persons, its annual salary roll boosted from \$43,800 to \$49,140, and its present office space extended by 600 square feet.

It is pointed out in the income tax commissioner's proposals that linking the Magdalens with Prince Edward Island for tax collecting purposes should prove more efficient than under the present setup in which they are attached to the Quebec office.

The report contains a recommendation that a review be made of the salaries of employees of the income tax division across the country.

"If the salaries are not in accordance with those paid for similar work elsewhere," the report reads, "the situation should be rectified."

F. E. I. Collections  
Prince Edward Island's income tax collections for the calendar year of 1945, last year to be fully completed, total \$274,888.

A hint to provincial reconstruction councils that their activities may have an important bearing on new works projects sponsored by the Government, is contained in the announcement of the amalgamation of the Department of Industries and Supply and that of Reconstruction which became effective as of January 1.

Among the duties of the new Department of Reconstruction and Supply, it is stated, is that of co-ordinating the work of other government departments.

## Truman Says Progress Slow On His Program

WASHINGTON, Jan. 3 — (AP) — President Truman declared tonight that progress has been "tremendously slow" on his legislative program and that "1946 is our year for action."

The President, in what he termed a stock-taking broadcast address to the American people, said that "the path of progress is not a straight line but a series of steps."

He said that "I earnestly desire co-operation of every political party, every group, every individual, every citizen in the United States to help me in my task of leading this country to a better future."

Point by point, Mr. Truman went over measure which he has recommended and on which Congress has delayed action.

Many obstacles had been thrown in the path of progress, he said, and he stressed his recommendation to Congress for legislation to authorize fact-finding commissions to look into labor disputes while strikes are barred for 30 days.

Mr. Truman said he had hoped Congress either would follow his recommendations or propose a solution of its own. But, he said, it had done neither.

The President reiterated his stand that Government fact-finding boards should be able to look at the books of companies involved in disputes where necessary. He noted that numerous federal agencies already obtain information from corporations.

Fact-finding legislation was up to Congress, and every day that production was delayed and civilian goods kept from markets, he said, was a day that brought "injury to our reconversion program."

At the start, Mr. Truman emphasized that Congress had established its full share toward carrying out its responsibility in foreign affairs.

But he went on to say that a similar record of achievement and progress on domestic problems is lacking.

He listed of equal importance with settlement of management-labor disputes the question of "keeping prices on an even keel." He added that pressure groups are working in and out of Congress for removing price controls and letting prices rise without interference.

EDINBURGH, Scotland — (CP) — The Freedom of Edinburgh will be conferred on Field Marshal Sir Harold Alexander, Governor-General of the United Kingdom, and the Earl of Home, Lord High Chamberlain of the Royal Air Force, on Feb. 18.

The report contains a recommendation that a review be made of the salaries of employees of the income tax division across the country.

"If the salaries are not in accordance with those paid for similar work elsewhere," the report reads, "the situation should be rectified."

F. E. I. Collections  
Prince Edward Island's income tax collections for the calendar year of 1945, last year to be fully completed, total \$274,888.

A hint to provincial reconstruction councils that their activities may have an important bearing on new works projects sponsored by the Government, is contained in the announcement of the amalgamation of the Department of Industries and Supply and that of Reconstruction which became effective as of January 1.

Among the duties of the new Department of Reconstruction and Supply, it is stated, is that of co-ordinating the work of other government departments.

## 1945 Farm Income Down 8 Per Cent From Record

### But Prince Edward Island Was One Of Five Provinces With Increase.

OTTAWA, Jan. 3 — (CP) — The Dominion Bureau of Statistics tonight estimated cash income from the sale of farm products in 1945 at \$1,664,000,000, a decrease of \$146,000,000 or about eight per cent from the record established in 1944.

Income for a minor amount in 1944. These lower returns were offset in part by an increase in Ontario of \$26,000,000 and by smaller increases in Prince Edward Island, New Brunswick, Quebec and British Columbia.

Cash income from the sale of farm products (totals for 1944 in brackets) included: Alberta \$47,000,000 (\$43,800,000); Nova Scotia \$26,000,000 (\$24,000,000); Ontario \$2,300,000,000 (\$2,200,000,000); Quebec \$223,700,000 (\$216,900,000).

## Former Nazi Officers Describe Orgy Of Murder

(By NOLAN NORGAARD)  
NUERBERG, Jan. 3 — (AP) — The Nazi leadership conceived and executed a pogrom which bathed Eastern, Central and Southern Europe in blood and claimed up to 5,000,000 victims, two former officers of the Nazi S.S. and Security Police testified before the International Military Tribunal today.

The grim testimony, which described the steel clamp of two generals among the 22 German leaders on trial, was given by S.S. Major General Wilhelm Kriebitzsch and Gen. Otto Ohlendorf, the slight, 38-year-old trusted aide of Heinrich Himmler.

Ohlendorf, described the orgy of murder in 1942-44, testified that he, himself, had prepared vast shipments of Jews from concentration camps to German murder camps. The officer quoted Adolf Eichmann, head of the Jewish problems office, as declaring himself most pleased "to have 115,000,000 people on my conscience," and to look into labor disputes while strikes are barred for 30 days.

Mr. Truman said he had hoped Congress either would follow his recommendations or propose a solution of its own. But, he said, it had done neither.

The President reiterated his stand that Government fact-finding boards should be able to look at the books of companies involved in disputes where necessary. He noted that numerous federal agencies already obtain information from corporations.

Fact-finding legislation was up to Congress, and every day that production was delayed and civilian goods kept from markets, he said, was a day that brought "injury to our reconversion program."

At the start, Mr. Truman emphasized that Congress had established its full share toward carrying out its responsibility in foreign affairs.

But he went on to say that a similar record of achievement and progress on domestic problems is lacking.

He listed of equal importance with settlement of management-labor disputes the question of "keeping prices on an even keel." He added that pressure groups are working in and out of Congress for removing price controls and letting prices rise without interference.

EDINBURGH, Scotland — (CP) — The Freedom of Edinburgh will be conferred on Field Marshal Sir Harold Alexander, Governor-General of the United Kingdom, and the Earl of Home, Lord High Chamberlain of the Royal Air Force, on Feb. 18.
