LEGITIMATE ADVERTISING.

The rules elsewhere in Canada and in all cities where newspapers are printed is that local notices of concerts, socials and other meetings and entertainments, are treated as advertising, and their insertion in whatever part of the paper they may appear is charged for. Hitherto in Charlottetown the practice has prevailed of inserting gratuitously in the newspapers a considerable class of such notices. The object of these gatherings may be to disseminate information, to provide amusement or to promote some cause or movement; another object is to make or collect money.

It is felt by the managers of the daily newspapers of Charlottetown that all such meetings or entertainments where money receipts are the object aimed at are business enterprises and that all advance notices of such gatherings are in reality advertisements and ought to be paid for as such. They occupy valuable space which could be filled with news of interest or sold to regular advertisers. Quite frequently valuable news of general interest and even regular paid advertising is held out to make room for such notices. They cost in the aggregate a large sum in labor and material. The notices are valuable to those who profit by the increased attendance and receipts which such advertising brings. No merchant would ask or expect a newspaper to advertise his goods or direct people to his place of business without paying for the service.

For these reasons the daily newspapers of Charlottetown decided last week to adopt and adhere in future to the rule which prevails among newspapers elsewhere and make a reasonable charge for notices of all meetings or entertainments, where the object is to raise money. The rate will be five cents a line (of 8 words) for first insertion in either Daily or Weekly, and two and a half cent a line for each continuation. Where such gatherings are for a purely religious or charitable object one-half the regular rates will be charged. Minimum price for all such notices fifteen cents.

For black type notices double price will be charged. Births, Marriages and Deaths will be inserted free, but verses accompanying the latter will be charged as above.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Orscole's tablets, ten cents per box. All druggists.

HIS CONFESSION.

Maurice Best Admits that he Owes His Life to Dodd's Dyspepsia Tablets and Dodd's Kidney Pills.

"A man's health depends upon his stomach." Like many another ancient adage this one has more than a grain of truth in it. The stomach feeds the blood and the blood carries the food to all parts of the body. Therefore if the stomach is in good shape the body will be thoroughly fed.

But another important matter must be attended to. The blood, as well as carrying the food to the muscles, carries off the waste material, and the kidneys remove that waste material from the blood. Therefore to ensure the perfect working of the system the two most important organs to keep in order are the stomach and the kidneys.

And to do this is easy with Dodd's Dyspepsia Tablets and Dodd's Kidney Pills on sale at every dealer's. They work on the parts affected separately and together and the results obtained are almost miraculous. Listen to what they did for Maurice Best, of Southern Harbour, Newfoundland.

"I suffered for eight years from Dyspepsia," writes Mr. Best. "I was in continual misery. I would go off in a faint and for ten or fifteen minutes I would be more dead than alive. Doctors tried and could not cure me. Two boxes of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets made me feel like a new man. I confess I owe my life to Dodd's Kidney Pills and Dodd's Dyspepsia Tablets."

FOURTEEN INJURED.

INDIANAPOLIS, March 2.—Fourteen people were injured in a grade crossing accident at midnight tonight. A street car carrying 25 passengers was struck by a cut of freight cars at the Indianapolis, Decatur and Western railroad crossing on Washington street. The car was thrown some distance and two box cars were overturned. The injured will recover.

Two Irishmen who had imbibed far more of the 'Oh be joyful' than is conducive to clear thinking, entered a fashionable church one morning just as the choir was winding up the anthem. They had hardly seated themselves, when the choir closed the anthem with the words, 'Amen.' There was a good line up of handsome soprano and contralto that morning, and it was quite natural for Pat to think that this mild reproof from them was directed especially at himself. Springing to his feet, and in accents that betrayed deep emotion, he exclaimed, 'ah girls.'

BOUGHT BY J. J. HILL.

QUEBEC, March 2.—James J. Hill, the American railway magnate, has purchased from Lord Mount Stephen his property at Grand Metis, which includes the large water-power and salmon fishing there. It is probable that power will be utilized for the purpose of furnishing electric light and tramways for the whole of the surrounding country as well as pulp saw mills.

MARTINEAU PROCEEDINGS.

OTTAWA, March 2.—Col. Pipault, deputy minister of militia, has returned from his holiday trip to the Pacific Coast and Mexico. It is not decided what charges will be pressed against Martineau, but the matter will be fully determined by Thursday, after a consultation between the heads of the department and the Dominion police authorities. Sir Frederick Borden is in Montreal.

MESSRS. C. C. RICHARDS & CO.

Yarmouth, N.S. Gentlemen,—In January last Francis Leclair, one of the men employed by me working in the lumber woods, had a tree fall on him, crushing him fearfully. He was when found placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain, and with the use of three bottles he was completely cured and able to return to his work. SAUVEUR DUVAL, Elgin Road, L'Etete Co., Que. May 26th, 1898.

SOUND INVESTMENT AT HOME IN A RICH MINING PROPERTY. The Eastern National Copper Company, Limited, whose Gold and Copper Deposits are at Cheticamp, Cape Breton, is capitalized at \$500,000. The Board of Directors of eight includes some of the Best Known and Most Reputable Business Men of Halifax, who have become members of this company confident that the property it has acquired is one of the most valuable in Canada, and situated in one of the most promising mining districts in America. The mining areas purchased by the Eastern National Copper Company, Limited, have been thoroughly prospected and have undergone expert examination by trustworthy engineers during the past eighteen months. It has been on the evidence of mining men competent to testify as to the worth of the property that many have already been satisfied to subscribe for stock, believing that they were joining in an enterprise giving promise of large returns and that their shares would assuredly advance in value as the development operations proceeded. The Company is now Blocking Out a Body of Copper Ore estimated to contain 160,000 TONS. The average result of the tests so far made to determine the Value of the Ore is TEN DOLLARS PER TON, and when the work now under way is completed it is calculated that there will be ORE IN SIGHT to the Value of \$1,600,000. The Development Operations are Proceeding with Pay Ore on All Sides of a Two-Hundred Foot Slope which is being driven through the Main Deposit. Other Beds of Copper are known to Underlie and Overlie the Bed Now Being Developed, and it is confidently expected that This Mining Property will prove of vast Value when a Few Months More Work has been Performed. Gold is Associated with the Copper Contents of the Eastern National Ore, in Quantity Probably More than Sufficient to Pay the Expense of Mining and Milling, Leaving the Other Contents to the Good. The Operations now being conducted by the Eastern National Copper Company, Limited, were begun only after the proposition had been most carefully investigated and large expenditure of money had been justified by the results of such investigation. The Company considers the opportunity for investment one of the most attractive before the public. Stock which is now being sold at a low figure will certainly advance as progress is made on the Deposits. Several liberal offers to purchase this property were received and declined before the present Company acquired it. The former owners are shareholders in the Eastern National, having accepted stock in payment for their interests and so demonstrated their confidence in the worth of the Copper Deposit now being opened and other Deposits which it is proposed to develop at an early date. The sum of \$10,000 is to be expended in the present operations, in order to further establish the extent of the Copper Beds, and place a large quantity of Ore in Sight. Part of this amount is being raised by the sale of a block of stock at 30 per cent. of par, Fully Paid Up. Additional stock will not be offered at present. That already marketed is held by the purchasers for higher prices. Applications for stock should be addressed to ALFRED BENNETT & CO., 16 Prince Street, Halifax, N. S. Copies of the Prospectus and any Information respecting the foregoing proposition may be obtained from ALFRED BENNETT & CO., or from the EASTERN NATIONAL COPPER CO., Ltd., 16 PRINCE ST., HALIFAX, N. S.
