

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with trying medicines is dangerous. The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

I was greatly troubled with small boils, caused by working among the oil at the refinery. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." **ANGUS FISHER, Emerit St., Sarnia, Ont.**

Hood's Sarsaparilla promises to cure and keeps the promise.

The death of Robert Moffat, formerly of New Glasgow, P. E. Island took place in Fairmaid, N. W. T., on Oct. 2nd, at the home of his son William. He was born in Lymington, Lennoxshire, Scotland, in 1819 and came out to this country in 1843, the year of the disruption. For many years he made his home in New Glasgow where two of his brothers James and John the eldest and the youngest are still living. His wife who died some years ago was Jane Proudfoot, late of Brookfield. His relatives and many warm friends will hear with regret the death of one who so long lived in their hearts.

THE FIRES OF ECZEMA

So keen is the suffering of many people who endure the stinging, itching sensation of Eczema that they speak of the skin as being on fire. By its soothing, healing, antiseptic influence Dr. Chase's Ointment positively cures Eczema, Salt Rheum, and every form of itching skin disease. It is of inestimable value in every home, and when once introduced becomes a household necessity. Dr. Chase's Ointment is the standard the world over, and has no worthy rival.

MALTEX BREAD

MADE FROM MALTEX FLOUR

Maltex Flour, which is produced by the scientific treatment of the choicest wheat flour, with the finest barley malt, makes a bread of very fine, delicate texture, brown in color, and although containing no sugar, has a slightly sweet, nutty flavor, that is extremely delicious. MALTEX BREAD is proving a happy revelation as far as digestibility is concerned. It is one of the most appetizing and nutritious breads made.

I have secured the sole right from THE MALTED CEREALS Co., Montreal, Que. to manufacture MALTEX BREAD for Charlottetown, P. E. I.

Families who value pure and unadulterated foods should give this Bread a trial.
