Bronchitis, Tonsillitis,
Sprains, Strains, etc.
25 and 50c.

The death occurred last week in
a Montreal Hospital of Mr. George
Large of West Devon. Mr. Large
had been suffering for some time
with cancer in his face and had
gone to Montreal for an operation.

POTATO GROWERS HERE.—
Messrs. A. B. Cohen and Arthur
Libby, Fort Fairfield, Me., O. Baun-
derlin, Freehold, N. J., and S. S.
Underhill, Long Island, N. Y., are
in the city, guests at the Victoria
Hotel and are looking over pros-
pects for the purchase of Island
Cobbler seed potatoes.

WEDNESDAY
SOLDIERS' ADVISER.—Dr. H.
D. Johnson, of this city has been
appointed Official Soldiers' Ad-
viser for the province of Prince
Edward Island. The duties of the
position are generally to advise
and assist ex-servicemen in their
claims in matters pertaining to re-
establishment and pensions and to
perform such other duties as may
be prescribed by the minister.

COUNTY COURT.—The adjourned
election case of Elmer Brown
vs. John McFadyen, returning of-
ficer, came up before Judge Steuart
at the County Court yesterday.
The plaintiff is suing the defend-
ant for refusing to take his ballot
at the provincial election. Judg-
ment in the case was reserved. In
the case of J. A. Farquharson vs.
J. C. McDonald, action for damag-
es to a wagon, judgment was given
to the plaintiff for \$5. A number of
appeals for new trials came up.

The annual meeting of The Provin-
cial Council Boy Scout Associa-
tion for Prince Edward Island was
held in the City Hall on Thursday
afternoon. The President Mr. D.
A. McKinnon, M. P., presided. Af-
ter the reading of the minutes of the
last annual meeting the Secretary
gave a report of the year's work
which showed that five troops or
about 200 scouts had been carry-
ing on the programme during the
year. Half of these had received
Tenderfoot badges while 550 had
finished their second class work.
A few proficiency badges had been
awarded.

Mr. Harry Lister of the Domi-
nion Executive who has been or-
ganizing troops in the Province for
the past few weeks reported that
he had completed organization
work in the following centres:
Charlottetown (St. Paul), Hunter
River, Souris, Cardigan, Mt. Steuart,
Montague, Georgetown, Ken-
sington, Alberton and O'Leary.
Mr. Lister stressed the necessity
of following up this organization
work by a visit in a few months
time to a field man.

The Provincial Council for the
ensuing year was elected as fol-
lows:—Mr. D. A. McKinnon, M.
P., Mayor Jenkins, W. M. Lea,
Col. H. M. Davidson, Dr. McGuigan,
Reverends G. C. Taylor, W. Orr,
Mulligan, E. Malone, H. D. Ray-
mond, G. T. Spriggs, R. St. John,
Col. D. A. McKinnon, D. S. O.,
Major McNutt, Messrs. A. A. Pom-
eroey, J. J. Trainor, Ambrose Joy,
R. H. Rogers, J. A. MacMillan, C.
L. Miles, Leo McDonald, Dr. Tid-
marsh, Colonel Peake and Hon. J.
A. McDonald.

WILL INVESTIGATE PARTIS-
ANSHIP.—By order-in-council gazet-
ted this week, Banerman W.
Tanton, of Summerside, P. E. I.,
and Sothen R. Burke, Alberton, P.
E. I., are respectively appointed
Commissioners to investigate and
report upon charges of political
partisanship against government
employees in the province of
Prince Edward Island.

GIFT APPRECIATED.—Their
Excellencies, Lord and Lady Hing
of Vimy graciously accepted an in-
teresting gift from the Prince Ed-
ward Island Sheep Raisers' associa-
tion. The gift consisted of worsted
suits manufactured by the Rosa-
mond Mills, Almonte, Ont., from
specially selected Canadian wool
of this year's clip. Mr. J. D. Thom-
son of the Dominion Live Stock
Branch had the honour of person-
ally making the presentation.

BAD FIRE AT FORTUNE.—A
fire at Fortune Monday night de-
stroyed Dingwell's Mill, valued at
\$2,000. The owner of the mill is at
present in the United States. Mr.
Wm. Dingwell, a relative who lives
nearby, said he could not account
for the origin of the fire unless it
was that some parties who were
out fishing had been in the build-
ing smoking. The fire was first
noticed by Vincent Windsor and
Barry O'Donnay, who were motoring
from East Lake. They gave the
alarm to neighbors and got buckets
of water but the flames had
made such headway that the build-
ing could not be saved. With the
assistance of others they suc-
ceeded in saving the adjoining
buildings.

There was a bad derailment at
Royalty Junction yesterday after-
noon when the engine of the 4.50
western train from Charlottetown
jumped the track at the west
switch and fell over the embank-
ment, on its side. One other car
working crew.

The passengers and mail on the
early Borden train were transfer-
red to Royalty Junction to another
train and taken to Charlottetown
at 11.45 p. m.
Before reaching the scene of the
tie-up at Royalty the Borden train
had trouble near Bradabane, and
lost several cars, including passenger
and freight. The tender of the engine
completely blocked the track and it
was after midnight before the
track was cleared. Extensive repairs
were required to the track. A work-
ing train, sent out early in the
evening, was supplemented by the
crane equipment and an additional
one passenger, Miss Ethel Lawlor,
of Bradabane, was slightly in-
jured in the shock of the derailment,
which threw her violently
against a seat. The train carried
driver B. Paquet and firemen J. J.
Paquet escaped unhurt. The driver
jumped before the engine rolled
over; the fireman was not able to
do this but nevertheless escaped al-
most by miracle.

On October 10th, sad news came
to the entire district of Cumber-
land, when it was learned that Mrs.
Frank Smith had passed away af-
ter a delayed illness. Some three
years ago she had a severe attack
of the "flu" from which she never
fully recovered. In May last heart
complications developed and since
then, despite all that medical skill
and kindly ministry could do, she
gradually weakened till the 10th,
when the end came rather sudden-
ly. The funeral service was held
on the 13th, conducted by her pas-
tor, Rev. Colin W. MacNeven, and
her remains laid to rest in the cen-
tury at West River church of
which she had long been a devoted
member. The very large gather-
ing of people gave strong testi-
mony to the large place Mrs. Smith
held in the hearts of all, and now
she will be greatly missed not only
in the home, but in the whole
community. She leaves to mourn
one who was a most devoted hus-
band and eight sorrowing children,
five boys and three girls. The boys
are, James, at West River, Bucher
in Montserrat, Leslie in Regina, and
Ivan and Bruce at home. The girls
are, Mrs. McEachern in Idaho, Mrs.
McMillan in Massachusetts and
Mrs. McRae in Alberton.

End Catarrh With
This Healing Cream
If your nostrils are clogged and
your head stuffed because of
catarrh or a cold, get Ely's Cream
Balm at any drug store. Apply a
little of this pure, antiseptic, germ
destroying cream into your nostrils
and let it penetrate through every
air passage of your head and mem-
branes. Instant relief.
How good it feels! Your head is
clear, your nostrils are open, you
breathe freely. No more hawking
or snuffling. Head colds, and
catarrh yield like magic. Don't
stay stuffed up, choked up and mis-
erable. Relief is sure.

THURSDAY
FUNERAL SERVICES.—The
funeral of the late Mrs. Rosa B.
McGrath was held Tuesday morn-
ing from her late residence, 19
Upper Prince St., to St. Dunstan's
Cathedral, where a High Mass of
Requiem was celebrated by Rev.
Maurice McDonald. The pall-bear-
ers were: Messrs. Jos. McCarey,
John P. Beardon, Sixtus McCallan,
Neil McKenzie, L. B. McMillan and
S. P. Paoli. Services at the grave
were conducted by Rev. Jas. Rooney.

A HAPPY EVENT.—Miss Pearl
Hunter of the C.N.R. offices, received
two beautiful presents from her fel-
low employees, on the eve of her
marriage to Mr. Harry Sterns on
Tuesday. The members of the
mechanical and stores department,
to which office she was attached,
presented the bride-to-be with an
elegant chest of flat silver. The
presentation was made by Mr. J. F.
Lightizer, master mechanic, who in
a neat speech on behalf of this de-
partment, wished the recipient
many years of wedded happiness.
The members of the C.N.R. office
staff also made a presentation of a
beautiful parlor lamp.

Miss Nora Whitty, Dorchester
St., a young lady employed in the
bargain basement at S. A. McDon-
ald's store, was seriously injured
yesterday afternoon when she was
caught between the basement ceil-
ing and the elevator floor while
ascending the elevator. She suf-
fered a compound fracture of the
left leg and her condition is seri-
ous as a result of this injury and
the severe shock which attended it.
The accident happened about 5.30
p. m. Dr. Yeo was immediately
summoned and applied First Aid.
Miss Whitty was taken in A. A.
Hennessey's ambulance to the
Charlottetown Hospital where she
was put under an anesthetic and
the fractured limb was attended to.
Late last night Miss Whitty was
reported resting as comfortably as
could be expected.

The death occurred at Panmure
Island on Sunday, October 21st of
Mrs. Adam French. The whole
community was deeply grieved on
learning of her death after a short
illness with Pneumonia. Her kind
and cheerful disposition and sym-
pathetic nature endeared her to all
young and old. Her death bed
scene was a tranquil one, her low
lying pastor being with her and her
soul being fortified by all the rites
of our Holy religion, passed peace-
fully to its Creator and Judge, as-
sisted by the prayers of those lov-
ed ones present. Her going will
be felt everywhere. Besides her
sorrowing husband and family, she
leaves to mourn sisters and broth-
ers. Sincere sympathy is extend-
ed to the family in their sad and sud-
den affliction. May Her Soul rest
in Peace. A.

Syrup" which contains directions.

MILITARY AUTHOR HERE.—
Lieut. Col. Jos. Hayes, D. S. O.,
of Halifax, author of "The 85th
in France and Flanders", was a
guest yesterday at the Victoria
Hotel. Col. Hayes was M. O. of
the 85th during the war and served
through several trying engage-
ments, winning his D. S. O. at
Faschendale. In his battle twenty
three of the twenty-six officers of
the 85th Battalion were casualties,
thirteen being killed. Col.
Hayes is keenly interested in ques-
tions of Maritime progress and
from what he has seen of P. E. Is-
land during several visits to the
Province is convinced that there
are fine opportunities here for im-
migrants of the right type who
understand mixed farming. He is
president of the Maritime Optical
Company of Halifax and his pres-
ent trip is on business connect-
ed with his company. He is leav-
ing today for Summerside.

There passed away at Morell
on Friday evening, October the
5th, an old and beloved resident
of that place in the person of
Hannah Douglas Webster at the
age of seventy-six years.
Her home where she resided
for many years with her brother,
was always the centre of hospita-
lity and she was known and
loved for her many kind acts to
those in need and for her Christ-
ian piety.
She leaves to mourn one sister,
Mrs. Ellen Smith in Wollaston,
Mass., and a large circle of rela-
tives and friends to mourn the
loss of a kind sister and a true
friend. She was cared for in her
last illness by her niece, Mrs.
Myers with whom she lived for
the past year and a half and was
frequently visited by her pastor
Rev. J. M. McLeod. The funeral
service, which was largely attend-
ed, was conducted by Rev. Thomas
Paletrophe in the absence of the
pastor and his text was from
Psalm 90: 9—"We spend our
years as a tale that is told," after
which the remains were laid to
rest in Midgell Cemetery.

P. W. C. DEBATING SOCIETY.—
The society held the regular de-
bate in the College on Tuesday
morning, Oct. 23rd. The subject,
"Resolved that the League of Na-
tions is worthy of the full support
of all governments of the world"
was fairly well discussed. Mr. An-
thony Francis, as leader of the
"pro" side opened the debate and
in an eloquent and persuasive
speech he made a strong appeal in
favor of the League. Mr. Harry
Foster as leader of the "con" side
denounced the League stating that
it would be impossible to have a
League of Nations in harmony on
account of creed, color and desire
for world power among the nations.
Two of the debaters found it con-
venient to be absent from the meet-
ing, strong measures must be put
into force if this sort of discrimi-
nation continues. The vote result-
ed in a victory for the "pro" side.
The critic offered some sugges-
tions for the improvement of future
debates. His statements were
corroborated by the Honorary Pres-
ident who urged the members to
avoid the use of large words and
unfamiliar constructions and to
make their speech as forceful as
possible. We hope to see these sug-
gestions adopted in subsequent de-
bates. Speakers: Pro. Anthony
Francis, Linda Currie, Florence
Gaudet, Con. Harry Foster, Elean-
or DesRoches, Kathleen Harring-
ton, Critic, Wellington Dixon.

At an early hour Tuesday morn-
ing Mr. Samuel Nelson, of Rustico
passed away in the P. E. Island
Hospital after a severe illness. Mr.
Nelson was a son of the late Well-
ington Nelson and Eliza Davies of
Charlottetown and was born on
2nd, July 1848.
Mr. Nelson was twice married,
first to Caroline Mutch of Rustico
by whom he had two sons and a
daughter, Wellington, David and
Amelia. He later married Mary
Gordon who also predeceased him.
Besides his sons and daughters
he leaves four sisters, Mrs. Leslie
MacNutt and Mrs. Fred W.
Hyndman of the City, Mrs. (Dr.)
Mewburn of Edmonton, Alberta,
and Mrs. A. F. Yates of Nanaimo,
B. C.

There passed away at the P. E.
Island Hospital on Thursday morn-
ing, Sept. 27th, George Willard An-
drews, only son of Mr. and Mrs.
Donald Andrews, Hunter River, at
the age of 25 years, following an
operation for appendicitis perform-
ed on Saturday evening previous. At
first the operation appeared suc-
cessful, but on Tuesday compli-
cations set in, and in spite of the best
medical skill and kind nursing, he
passed away at 2 a. m. Thursday
morning. His father and mother
were at his bedside until the end,
but their son never gained con-
sciousness from Tuesday night.

A large number of friends met
the remains as they arrived at Hun-
ter River Thursday, the communi-
ty's sympathy going out to them,
this being the fourth son to suc-
cumb to this disease.
Wilfred made a profession of
faith in life, associating himself
with the Methodist Church at the
age of eighteen. He was a young
man of splendid character and will
be greatly missed in his home and
community, where his sociable na-
ture and quietness of manner
made him beloved by all.

Wilfred is survived by his sor-
rowing parents and by six sisters:
Rome, Vera and Inez at home;
Mrs. Ira Backham, Hunter River;
Mrs. Heber Barrett and Mrs. Mer-
rill Geer, both of Kingston.
The funeral from the home of his
parents, Hunter River, took place
on Saturday afternoon, Sept. 29th.
Rev. O. H. Peters conducted the
service at the house and grave.
Rev. George Ayres, a former pas-
tor, gave the address, Rev. R. H.
Stavert reading the scripture. The
music was conducted by Mrs. Dr.
Rodgerson, the favorite hymns of
the deceased being sung. The cor-
tège silently and sadly wended its
way to the Hunter River cemetery,
composed of about 50 cars and 115
carriages, bearing silent testimony
of a community's sympathy with a
bereaved household.

Local contractors are unanimous
in declaring the season just closing
to be the busiest in the building
line for several years, and certain-
ly the most encouraging since the
deceased being sung. The cor-
tège silently and sadly wended its
way to the Hunter River cemetery,
composed of about 50 cars and 115
carriages, bearing silent testimony
of a community's sympathy with a
bereaved household.

All eyes in Canada are on the
"Bluenose" of whom we feel justly
confident will again be victorious.
She is manned by able men tried
and true and who have the right
sporting spirit to bring her to the
finishing line leagues ahead of her
competitors.
Here's to you "Bluenose,"
Go in and win, we are with you."
The football game between
Summerside and P. W. C., which
was supposed to take place at 3.30
yesterday, didn't get away until
about five o'clock, due to the late
arrival of the "Westerners," who
experienced more or less car
trouble on the way to the Capital.
The visitors were hopelessly out-
classed and beaten by a score of
9 to nil.
Owing to the late hour of start-
ing, it was decided to play two ten
minute periods.
There was nothing spectacular
to the game with the exception of
the way the college squad started
business by rushing the play into
the visitors territory and scoring
two touchdowns before the first
half was over.
In the second stanza the Sum-
merside team were again on the
defensive, and the best they could
do was to hold the locals to one ad-
ditional touch.
None of the counters were con-
verted and the game ended 9 to 0
in darkness and a down pour of
rain.
It was regretted that the Sum-
merside boys were unable to get
to the city on time in order to
play the game; but nevertheless
shown by them during the short
contest is commendable and with
more training and experience will
make a good team as the material
is there and only needs develop-
ment.
Frank McDonald capably handled
the game.

Other contracts include exten-
sive repairs and additions to build-
ings in several parts of the city,
and the erection of a large number
of private garages.

As another sign of general opti-
mism, the painters have been unusu-
ally busy this year, both on inter-
ior and outside work, and a pleas-
ant surprise awaits anyone choos-
ing to make a deliberate search for
newly painted houses on any partic-
ular street. They are so plentiful
they are hardly noticed.
All this is very good for the city,
and particularly so as it gives em-
ployment to many who would oth-
erwise be forced to go elsewhere.

FRIDAY
The forthcoming international
race for fishing schooners which is
scheduled to take place on Oct. 29,
will in itself be a very interesting
event. What could be more fitting
on an occasion such as this than
that Canada's defender, the "Blue-
nose", should be rendered more sea
worthy by being protected with
Canadian-made products. The Can-
adian Paint Company, Limited, of
Montreal, true Canadian manufac-
turers, have supplied their Marine
Paints and Varnishes with which
the "Bluenose" has been entirely
finished. Special Boat-bottom Com-
position will give her more speed,
Spar Varnishes will brighten up her
masts and make them more dur-
able, deck paints will protect her
deck, waterproof and extremely
durable hull paints will seal her
pores in the wood and insure ag-
ainst leakage. Everything possible
is being done to put the "Bluenose"
in "ship-shape" and make her
worthy of the pride of her admir-
ers.
