AUTO FATALITY.—Word was received in Summerside Monday by telegraph of the death of Mr. Stewart McKelvie, New York, and the serious injury of his mother, in an automobile accident. The deceased was a son of the late Mr. Bruce McKelvie and was born in Summerside. He visited here last summer when he made a large list of friends, all of whom will deeply regret his untimely end. He has two aunts living in Summerside, Mrs. Sonneman and Miss Bertie McKelvie.

GRADUATES WITH DISTINCTION.—Among the lists of recent graduates in Arts, from the University of Southern California, Los Angeles, appears the name of Wm. M. Silliphant, formerly of Hunter River, P. E. Island. Mr. Silliphant, one of sixty-one honor students out of a total of 1324 graduates, received his degree "cum laude," having maintained an average of 95 per cent., leading his classes in physiology, embryology, bacteriology, chemistry and physics. In conversation with the above-mentioned student, the writer was assured that he attributes a great part of his success to the excellent training and foundation he received while attending the Prince of Wales College, of which he is a graduate. Mr. Silliphant was formerly one of the island's successful school teachers, and has held the principalship of both Kensington and Souris High Schools before leaving his native province.

INSIDIOUS EYE STRAIN We use this adjective adverbly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health. Pistols Carried in First Grid Game At Georgetown GEORGETOWN, Ky., June 14—Any football player found with firearms was compelled to leave the game under a ruling made by the referee in the first inter-collegiate football game in which a Georgetown College eleven participated. The game was stopped and a search made of all players of both sides. Two players were found with pistols and were ruled off the gridiron. When using drippings or lard for shortening in cake add a little lemon juice or extract after creaming with sugar and you will not notice the taste as you would otherwise. Miller's Worm Powders work so effectively that no traces of worms can be found. The pests pass away in the stools without being perceptible. They make an entire and clean sweep of the intestines, and nothing in the shape of a worm can find lodgment there when these powders are in operation. Nothing could be more thorough or desirable than their action.

Cobb and Lazzeri Find Favor With N. Y. Crowds NEW YORK, June 14—Ty Cobb, veteran of the Detroit Tigers, always gets a big hand, with a scotcher "gamble" was in demand to New York. He is a strong gate attraction. Sister of the St. Louis Browns; Speaker, Cleveland Indians; Walter Johnson and Stan Harris, Washington; Hornsby, St. Louis Cardinals; Baneroff, Boston Braves; Pipp and Rousch, Cincinnati Reds, and Max Carey and Kiki Cuyler, Pittsburgh Pirates, are among the other players especially popular with New York fans. "Come on, Bananas. Give us a homer!" This is a plea that never fails to greet Tony Lazzeri, Italian second baseman of the Yankees, when he walks to the plate. Tony had a great home record in the minor leagues and gradually is adding to his new list in the American. His countrymen flock to the stadium to watch him play. When Tony errs or fails to hit, they are his staunch defenders. When he pulls off a great fielding stunt or cracks out a hit, they are his loudest boosters.
