Crystals Show The Way To Dalhousie Last Night 3-1

NO PLAY-OFFS

The following wire was sent by the Abegweit hockey executive to the secretary of the Maritime Amateur Hockey Association yesterday.

In view of the decision of the hockey leagues of Nova Scotia not to contest play-offs for the Maritime Championship, and further in view of the state of indicision in the Central League of Nova Scotia (with which the Abegweits would have their first play-off) and particularly out of respect to Fred Moore who lies critically ill in a Boston hospital, the result of a fractured skull received in a recent Boston game, the Abegweit hockey team is reluctantly obliged to decline play-offs for the New Brunswick Championship.

Note—Due to the fact that Nova Scotia is out of the running this season, a play-off with New Brunswick would be time wasted, as a two province championship if it were decided would not logically constitute or be emblematical of a Maritime title. Therefore section league champions will in all likelihood be the order of things for this year.—Sport Ed.

Mike McTigue to Fight Stribling

NEWARK, N. J., Feb. 21.—Mike McTigue, world's light-heavy weight champion, and Young Stribling of Georgia, today were matched to box a 12-round no-decision contest in this city the evening of March 31, it was announced by Dave Culnan, one of the promoters.

Paddy Mullins, manager of McTigue, said the principals would meet at the Pioneer A. C. tomorrow to sign articles for the match The final terms were not made public but it is understood that McTigue will receive $10,000 for his end.

EAGLE SEXTET TO MEET ABBIES IN CUP SERIES

Boston College and the Abegweits of Charlottetown, P. E. I. will meet at the Arena next month in a three-game series for a cup, valued at $100, which has been offered by Dr. E. F. Murphy of Roxbury, prominent Boston hockey follower for the past 15 years, and one of the official time keepers at the Arena. Dr. Murphy was prompted to offer the cup after the sensational Friday night game between Boston College and Abegweits, which the collegians won 2-1. The series was suggested to the Abegweits manager, Dr. Charles Dougan, by George Brown, and met with his favor, as it did with that of Coach Charles Foote and Capt. Jack Fitzgerald of Boston College.

THE ALIBI?

The Halifax Chronicle on the Crystal-Wanderer game played in Halifax on Wednesday night, says in part:—

"In one of the most disappointing games of the season, the Summerside Crystals defeated the Wanderers, leaders in the Halifax Senior Hockey League, by a 4 to 3 score at the Arena last evening in the presence of about six hundred fans. Both team served up poor hockey, and the fans were calling for action during the three periods.

"Wanderers, without Temple Lane, put up their worst exhibition of the season, while the visitors were not much better. While the locals had the better of the play, the Crystals deserved their victory for when they secured a lead they played defensive hockey and prevented the Reds from tieing the score. Eagles, of Wolfville, performed in the nets for the visitors and gave a good exhibition of net guarding."

Note.—The Islanders were good enough to tally four times and stay out in front at that. According to the above, "Temp" Lane is the whole Wanderer team. It serves them right—should have more than a one-man team when they play Island puck-chasers.—Sport Ed.

New Record For Backward Skating Jump

(Canadian Press.)

MILWAUKEE, Wis., Feb. 21.—Leon Grieb, officially raised the world's record for the backward high jump on ice skates when he jumped three feet nine inches.

The former record was made by Grieb also, being three feet seven inches.

A hemline that is strikingly odd is formed by scalloped seams on the right side.

FROM THE AUTOBIOGRAPHY of THEODORE ROOSEVELT

Copyright, 1923, by Charles Scribner's Sons
Publishers of Scribner's Magazine

"IT was this summer that I got my first gun, and it puzzled me to find that my companions seemed to see things to shoot at which I could not see at all.

One day they read aloud an advertisement in huge letters on a distant billboard and I then realized that something was the matter, for not only was I unable to read the sign but I could not even see the letters. I spoke of this to my father, and soon afterwards got my first pair of speactacles, which literally opened an entirely new world to me. I had no idea how beautiful the world was until I got those spectacles. I had been a clumsy and awkward little boy, and while much of my clumsiness and awkwardness was doubtless due to general characteristics, a good deal of it was due to the fact that I could not see and yet was wholly ignorant that I was not seeing. The recollection of this experience gives me a keen sympathy with those who are trying in our public schools and elsewhere to remove the physical causes of deficiency in children, who are often unjustly blamed for being obstinate or unambitious or mentally stupid.

This same summer, too, I obtained various new books on animals and birds, including the publications of Spencer Baird, for instance, and made an industrious book study of the subject. I did not accomplish much in outdoor study because I did not get my spectacles until late in the fall."

This statement—in Theodore Roosevelt's own words—is a compelling reason for you to

BOUTILIER THE WELL KNOWN HORSEMAN

A Great Caretaker and has Handled Some Big Winners During His Career.

(Sydney Record.

I first saw Frank Boutilier, the well known Halifax trainer, some 15 years ago or more, when he was winning races regularly with Sweet Little Simassie, 2.08¼. At that time Boutilier was handling the stable of R. H. Edwards and Leg. Corbett, both prominent Halifax men, and Frank had one of the best equipped and finest strings of that day.

Boutilier has been connected with racing a good many years. He may be very properly termed one of the veterans of the sport in the Maritime Provinces, and especially throughout these eastern provinces he is very well known. During the past year or two Frank has not campaigned any large stables, due to the fact that Halifax hasn't been so prominent in the light harness racing as that city was in the good old days.

Perhaps the greatest horse that Boutilier ever handled was Brage, 2.07¼, a beautiful trotter that Frank trained from a colt. During his campaigns over Maritime Provinces tracks Brage was a big winner, and there have been very few higher class trotters in Canada than this Halifax-bred stallion. After he had shown such exceptional speed in the Maritimes, Brage was sold to parties in the United States, and under the careful handling of one of the Bruise boys, noted Grand Circuit trainers, Brage scored some sensational victories. The horse is now in Europe, where he has smashed half a dozen track records, and is rated as one of the greatest trotters on the continent.

I often think that Boutilier has never been given the credit for developing Brage that was rightly due the Halifax trainer. When he drove Simassie, Frank had a pretty easy time, as the mare was the pick of any pacer then performing in the provinces. She reigned as Queen of the Maritime turf, until Frank Fox came down from New England with his grand old battler Gloria, 2.10¼, and proceeded to clean up the free-for-alls.

Boutilier has handled some big winners during his career on the Maritime tracks. He is a wonderful caretaker, and his horses usually stand up to the rigors of a training season. Some race fans have often doubted Frank's judgment in driving a race, but his record speaks for itself, and taken on the whole, he hasn't done too badly as a money winner. He was fortunate in having as his employers men who were able to go out and buy the best speed possible, but it must be said to Boutilier's credit, as he did most of the buying for his patrons, that he seldom picked any "duds." Most of his horses were always in the money, and, while at times Boutilier seemed erratic in his work on the track, and inclined to find fault with officials who did not give him the best of every break, still he is one of the foremost trainers of the Maritimes and entitled to recognition as such among racing fans generally.

Boutilier has retired as an active race trainer. He is now in charge of Moir's stables in Halifax, and I am told supervises the attention that is given 100 black horses, all of which are used in connection with the transportation system of this large candy factory. At important race meetings Frank Boutilier is sought as an official timer, being one of the best clockers that ever held this important post. He was one of the three men selected to time the big race in Fredericton last fall when Single G. defeated Sir Roch and Margaret Dillon, and set up a new Canadian record for that half-mile ring of 2.04½.

MONTREAL, Feb. 21. —F. Nash and Co., members of the Montreal Stock Exchange, advised the exchange of their assignment today.

CRYSTALS ADD ANOTHER VICTORY TO THEIR CREDIT

By Taking the Fast Dalhousie "Tigers" Into Camp Last Night by a Score of 3–1 —Charlie Cahill Star of the Game.

(Canadian Press.)

HALIFAX, Feb. 21.—Summerside Crystals scored their second victory over the local teams by taking a three to one win over the fast Dalhousie team here this evening.

The game which was witnessed by about four hundred fans, was a poor exhibition and had the fans calling for action throughout the three periods.

The locals were way off their usual form and while the visitors were not much better, they took advantage of opportunities provided and managed to put over a win.

C. Cahill the visitors right winger, was the star of the game, scoring three goals for his team and doing his stuff nobly. Five penalties were handed out, the visitors being on the receiving end of the entire number. The most offences were for kicking the rubber and playing offside. Gauthier was injured in the second period and carried from the ice, but made a stong comeback in the final session.

The Crystals lead at the conclusion of the first period by a 2 to 0 score. Neither team was able to tally in the second session and the "Tigers" scored one in the third, while the Crystals scored a few seconds before the gong sounded.

MANY BETTER THAN GEORGES

Famous Frenchman Has Never Been Good Since Dempsey Fight.

NEW YORK, Feb. 21.—It isn't that the boxing fans of the country have any particular grouch against Georges Carpentier:

He is a colorful fighter:
Daring in action;
And a hard hitter.

But he is absolutely through as a champion assignment in the light heavyweight divisions, which the illustrious Mr. Rickard has given him, than Bull Montana is to beauty distinction.

Carpentier may give Mike McTigue, who is going around disguised as world's champion light heavyweight, a hard and interesting fight, may even beat him. That is not the point. Why should McTigue, easy or tough, be thrown to the Frenchman when there are so many capable light heavyweights in America more deserving of the match?

Many Good Ones Here.

Never in history has this division been so thickly populated with formidable knucklers. Scan the list: Gene Tunney, Young Stribling Ad. Stone, Ted Jamison, all as good if not better than McTigue. Not to overlook the non-refillable Siki, who knocked out Carpentier in Paris. Then there is Young Berlenbach, the reformed wrestler, who appears a bit too heavy for a middleweight.

Why not Tunney, Stribling, Stone or one of the others against McTigue? Tunney, not particularly great himself, but good and improving, is a sure shot to take McTigue.

Stribling already has a victory to his credit over McTigue, and is better now than he was some months ago. McTigue claims they gave him the unkempt works down in Georgia where he fought Stribling, but you don't hear him shrieking for another match.

Frenchman is Through

Carpentier hasn't been a great fighter since the Dempsey knockout, and he had passed his peak then. Dempsey murdered him in close with body punches. The blow on the jaw which ultimately brought him down left no lasting effect. Those body crushers did.

Siki beat up Carpentier even more cruelly than did Dempsey. If Carpentier was double-crossed by the black man, as his friends explain, then the Frenchman is not the honorable ring man we accepted him to be.

If he wasn't double-crossed then his defeat at the hands of a clown who had been repeatedly beaten in this country is proof enough that he is through.

Wherefore we repeat, Mr. Rickard why Carpentier?

MONTREAL, Feb. 21. — Conductor J. H. Sheldon, of Newport, Vt., sustained injuries to his back and a passenger suffered a fractured wrist as a result of heavy snow conditions here which caused his train No. 213, from Newport, to run into the rear of a delayed New York Central train, just outside of Montreal this afternoon.

POSTPONED ICE-RACES

The Ch'town Driving Club ice races which were to have been held yesterday afternoon were called off owing to the condition of the track which had filled in with snow.

If possible the track will be cleared to-day and the races will be held Saturday.

Queen Square Ice Sports This Evening

The Queen Square School Ice Sports which take place tonight at the Arena are going to be a real treat to those who attend. If you want to drive away the "blues" just be on hand to see the clown race, it will be real good. The other races will be exciting from start to finish. Then there is the hockey match between the school team and a team from S. D. U. This too will be a well contested game.

In fact theer will not be a dull moment in the whole programme.

It is not generally known that the "Olympic Champions" have arrived from France but such is the case and a contract has been signed for an exhibition game to be played Friday night at the Q. S. S. ice sports. Manager Maddigan of the "Champs" asks that the fans kindly observe the "no smoking" rule and points to himself as a shining example of mature growth due in part to his abstaining from the habit. He points to Midget as a "horrible example." The fans are warned that excessive laughter is dangerous, however, the management are providing a large number of straight jackets for cracked ribs. Oh boy, they are a scream! Don't fail to see them.

Buy a Ticket Mr. Gallagher

Oh, Mr. Gallagher, Oh, Mr. Gallagher!
Will you buy a ticket for the ice events?
You are a good old sport, and I think you can afford,
So here's a ticket without any dents.

Oh, Mr. Shean, Oh, Mr. Shean!
You know that for ice sports I'm very keen.
You have as much fun as playing golf
But when are they coming off?
Friday night, Oh, Mr. Gallagher,
Then I'll be there, dear Mr. Shean.

(Afterthought)

Do you know what school is having them Mr. Gallagher,
Good old Queen Square, Mr. Shean.

DEFINITION OF PROFESSIONAL

A. A. U. Makes Distinction Between Those Who Break Amateur Code.

What constitutes professionalism, according to the rulings of the Amateur Athletic Union of Canada is explained by one of the officials of the Maritime branch. An amateur who competes in any sport for money or who accepts a bonus for loss of time over and above actual travelling and hotel expenses, who teaches athletic exercises or sport for money, promotes sport for gain or sold or pledged his prizes thereby becomes a professional within the meaning of the A. A. U. definition and can never be reinstated as an amateur. He is known as a Class A professional.

An athlete who competes against a professional for a prize where a gate is taken or under an assumed name is known as a Class B professional. He may, however, be eligible for reinstatement.

The memorandum in full follows:

"The Amateur Athletic Union of Canada's definition of an amateur is as follows:

"An amateur is one who has never:

Class A.

"1. Entered or competed in any competition for a staked bet, money, private or public, or gate receipts.

"2. Taught or assisted in the pursuit of any athletic exercise or sport as a means of livelihood.

"3. Received any bonus or payment in lieu of loss of time while playing as a member of any club, or engaged in any athletic sport or exercise, for any consideration whatever, for any service as an athlete except actual travelling or hotel expenses.

"4. Sold or pledged his prizes.

"5. Promoted an athletic competition for personal gain.

"Note—An athlete guilty of any of the above offences can never be reinstated.

Class B.

"An athlete who has competed with or against a professional for a prize or where gate receipts are charged or a collection taken up (except as may be especially provided for by the by-laws of the A. A. U. of C.) or has entered in any competition under a name other than his own, shall be ineligible for registration and competition as an amateur.

"Note—Such an athlete may be eligible for reinstatement.

Class C.

"All others shall be considered eligible for registration and competition in the A. A. U. of C. and its affiliated bodies, unles otherwise provided in the by laws of the union adopted under this constitution."

Sporting Comment

Hockey is a funny 'ol game, is it not? The Wanderers, so-called and much advertised "conquerors of th e famous Abbies" were beaten Wednesday night by the Summerside Crystals. Now its a horse of another color, or rather a "horse" on the Wanderers, the "Conquerors."

Not reflecting on the hockey ability of the Summersiders, but after losing to Sussex, Bathurst and Kentville consecutively, their chances for a win looked very slim in Halifax, but here we go again—the Islanders pluckily and gloriously redeemed themselves by whipping the Halifax sextette on their own back porch. By virtue of this splendid win, are not the Crystals to be heartily congratulated.

Now here we are! "The Wand erers are 'conquerors' of the Abbies the Crystals are "conquerors" of the Wanderers—So now then lets get back to earth. Did the Abegweits not conquer the Crystals. The question is—Where do the Abbie "conquerors".. fit?—A.. game is a game, so you tell me and I'll tell you!

HOCKEY

An interesting and friendly game of hockey was played at the Arena last night, between a picked team from the Post Office and the fast puck chasers from the Bourke-Windsor garage resulting in a victory for the Bourke-Windsor boys by a score of seven to three.

The game was fast and clean.

YOU CAN SAVE MONEY
BY READING THE ADVERTISEMENTS
By SETH BROWN

The store which does the most business can afford to handle the best goods at the lowest prices.

The amount of business which a store can do in a year is not limited by the size of the store or its location.

The one which can turn over the goods the most frequently, sell the most goods during the year, is the one which can afford to serve customers to the best advantage.

In order to do this the merchant must advertise continually — tell the people what he has for sale. Otherwise the goods would remain on his shelves a long time.

They become old before they are sold.

Therefore it is very plain that the store which advertises is the best one in which to trade.

That is not only true from the standpoint of variety and style, but from the standpoint of economy, because the merchant who advertises does a larger volume of business each year than the man who does not advertise and therefore can serve you to better advantage.

It pays to trade with the dealer who advertises—tells the public what he has for sale and why it is good.
