MANY BENEFITS FROM DUKE'S NEW YORK VISIT.

LONDON, Jan. 29.—An editorial on the Duke of Connaught's visit to New York, in the London Times concludes: "The Duke is back in Ottawa, but memories of his brief sojourn beyond the border will live to bear fruit in many minds. It is the feeling of the masses at people, which in self-governing nations like Great Britain and her Dominions, and like the United States, determine national relations. Visits such as that which has just come to a happy close, tend to make these feelings more friendly and more intimate and obliterate the last traces of prejudices that are old and prevent the growth of others."

They make for common good-will and in so doing, make for the peace and happiness of mankind. Similarly the Daily Telegraph says editorially: "The Duke of Connaught has come, seen and conquered, first because of his great and dignified personality which carried with him, an influence proportional to the authority to the Royal House of Great Britain, secondly because he has been found to be an admirable representative of the English race, who hail their kinsmen across the sea with the sincere desire that all members of the Anglo Saxon brotherhood should work in common, peace and welfare of the world."

Grows Hair On Bald Head
Bald-headed People May Get a New Chance in Life.

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire, pension the man we call "middle aged," rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs. Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter of dye.

This combination of curatives mixed with alcohol as a stimulant perfects a most effective remedy for hair and scalp troubles. The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol, and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles, revitalizes the roots, supplies nourishment, and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a fair trial on our liberal guarantee. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. The debate on the resolution, that in the best interests of the people of this province, the auto should be prohibited here as at present was resumed at the P. W. C. Debating society on Tuesday. The first speaker was M. C. MacKinnon who supported the resolution. Roy Fitzgerald followed against it. Then the negative side of the debate was closed by Clarence Tidmarsh and the affirmative by MacKinnon. A vote was taken which resulted 53 to 12 in favor of the resolution. The discussion was a lengthy one lasting during three meetings of the society, and the live subject, lively debated was the most interesting perhaps ever debated at the college.

The third sitting of St. Dunstan's College Mock Parliament was held on Monday evening last. The debate on the draft address was concluded and the address put through, having been carried by a straight party vote. The speakers on the Government side of the House were:—Premier J. L. Saunders, Hon. L. Smith, Minister of Public Works, and Hon. F. F. Walker, Secretary of State. Those for the Opposition were:—Albert Roy, member for Montreal; Charles Allyn for Three Rivers, and Edwin McDonald for Calgary. The Naval bill, which has already passed its first reading, will occupy the attention of the House at the next meeting and a very interesting debate is expected.

Remnants of Table Linen Wonderful Range

It is the part of wisdom to come as early as you can, with a big staff we do our level best to serve you swiftly.

Sensational Offer of Mill Remnants in Linen Table Cloths

BY A SPLENDID PIECE of good fortune we picked up a lot of remnants of Table cloths from the mill. These are pure linen cloths, with the border all round, ready to be hemmed. They are what the mills call "seconds". That is, they each have some trifling imperfection which, while it does not injure the cloth for use, makes it impossible to put among perfect goods. We bought them very cheap, they are one sale with the remnants.

- Size 67x67 inch cloths, 1.15 for 1.00
- Size 67x101 " " 2.10 for 1.60
- Size 66x108 " " 2.25 for 1.60
- Size 67x102 " " 3.40 for 2.65
- Size 71x98 " " 3.70 for 2.95
- Size 81x81 " " 4.50 for 3.65
- Size 88x90 " " 5.40 for 5.00
