

THE CENTRAL GUARDIAN

FAMOUS FEET
...how they're kept free from corns...

EVELYN LAW'S Famous Dancing Feet

"A corn is hardly a luxury for anybody. . . . But for a dancer it is agony. . . . It puts a 'Spanish Inquisition' in her shoe. . . . When I notice any suggestion of callus on the toe, I immediately apply a Blue-jay plaster. So that's why I never have a corn." So writes graceful and beautiful Evelyn Law, famous Ziegfeld dancer.

Small wonder that legions of eminent dancers, screen stars and athletes consider good old Blue-jay part of their "working kit!" For over 26 years it has been vanquishing corns to the tune of tens of millions annually. . . . Blue-jay keeps fit the feet of the famous and the foresighted. . . . Sold at all drug stores.

Wright of this city.

AT HAZELBROOK.—The public service in the Hazelbrook Baptist on Sunday evening last, despite the inclement weather was well attended. The speaker the Rev. Mr. Enman speaking from the subject "The attractiveness of Jesus" set forth very helpful and comforting thoughts as contained in the words "And I if I be lifted up will draw all men unto Me." During his discourse the speaker clearly showed the different ways Jesus attracts men today viz., by his Piety, Patience, Passion, Purity, Purpose, Personality, etc., dwelling especially on the drawing power of the wonderful personality of our Saviour. During the service a solo was sweetly rendered by Mrs. Wilfred Lawton, Pownal.

WEDDING BELLS.—At 6 a. m. on Tuesday morning, Sept. 14th, a quiet but pretty wedding was solemnized at Trinity Parsonage by the Rev. W. M. Ryan, when Miss Ruby Mae Davison, R. N., daughter of Mr. and Mrs. Joseph Davison, Kensington, was united in marriage to Mr. Gordon C. Warren, Charlottetown. The bride who was becomingly attired in a navy blue tailored costume with grey hat and shoes to match is a graduate of the Prince Edward Island Hospital and has nursed in Charlottetown for the past year and a half previous to her marriage. She was the recipient of many useful and valuable presents both in Charlottetown and Kensington. The groom, who has been a valued employee at the Experimental Station for the past eight years, was waited on by his fellow workers and presented with an address accompanied by a purse of gold. Immediately after the ceremony Mr. and Mrs. Warren left by train for Guelph, Ont. where they intend spending the winter, followed by a host of good wishes from their numerous friends for a bon voyage through life. VACCINATION

SMALLPOX.—Vaccination is the only protection against that most loathsome of diseases, smallpox. Because there has not been an outbreak of smallpox in this province for the past few years does not mean that there will not be another. Such outbreaks occur in cycles and the very mild type of smallpox seen during recent years is disappearing and slowly but steadily a much more severe and highly fatal form is taking its place. Some day an outbreak will come again, just where or when no one can say; but when it does come—the greater number of persons who remain unvaccinated the higher will be the death rate, and the greater will be the cruel disfigurement for life. Many a beautiful face has been rendered permanently repulsive by neglect of the simple precaution of vaccination. In these days a pock-marked face can only be regarded as a sad and enduring indication of neglect.

ISLAND CHILDREN UNVACCINATED.—Parents are becoming careless with regard to having their children vaccinated before entering school, which means that they are denying the innocent little ones the right to protection against this loathsome disease. The Red Cross Reports of school inspections made in 1925 show that in the rural schools visited 91 per cent of the children were unvaccinated. This is a very grave state of affairs. Will you not help to avoid the danger of an epidemic by having your child vaccinated, both for its own protection and in the interests of the community?

BENEFITS OF VACCINATION.—The last serious outbreak in Canada was in Windsor, Ontario, and the border municipalities in February, 1924. The outstanding features in connection with the outbreak were:— 1. That all deaths occurred in unvaccinated persons. 2. That seven of every ten unvaccinated persons who contracted the disease died, the mortality rate being 70 per cent.

150 POUNDS OF MORPHINE DISCOVERED

OTTAWA, Sept. 13.—Two cases containing a total of 150 pounds of morphine paste were seized by the Federal Department of Health assisted by the Royal Canadian Mounted Police from the steamer Alauania at Quebec, Sunday, last. It was announced this evening by officers of the Health Department. The Department declined to make any estimates of the value of the seizure further than to state that illicit peddlers of the paste would likely have received from \$25 to \$50 an ounce for it. It is about \$50 for morphine which in the legitimate market brings \$5 to \$7 an ounce.

The cases were thought to have been intended for Dainy, China and officials here believe that they have come upon the methods which organizations in Europe and on this continent, fighting the drug traffic, have suspected for some time have been employed to smuggle drugs into China. In addition to the drug, the paste is made up of oils, sugar and gum and it is suspected that the drug addicts chew it as they would chewing gum. In this form peddlers are able to get it into portions of China where morphine and opium are forbidden the authorities not knowing what it is.

The British government seized four cases similar to those seized Sunday and suspected that there were two more cases in the consignment en route to China. Accordingly that government called on the Canadian government to be on the watch when the Alauania docked.

amongst unvaccinated persons being 71 per cent.

Vaccination of almost the whole population stopped the epidemic abruptly and completely, but it cost the Windsor taxpayers \$35,000.

The new method of vaccination and the use of purified vaccine has been used on thousands of men, women and children without the slightest injury or trouble. It does not hurt, no blood is drawn, it only takes a minute, and it protects from smallpox. There is only one thing for the person who is vaccinated to remember—don't touch the place, don't scratch it, just "leave it alone." The arm will take care of itself perfectly through all the stages of vaccination until it is all over, providing it is "left alone." DO NOT PUT IT OFF HAVE YOUR CHILD VACCINATED NOW. One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

FAREWELL GATHERING.

A most enjoyable evening was spent at the home of Mr. John A. Stewart on Sept. 8th when the Dunstaffnage Club met there for the purpose of saying farewell to one of its members, Miss Myrtle Stewart who is leaving shortly for the U. S. A. At the conclusion of the musical program an address was read by Miss Mildred Thompson and the presentation of a beautiful hand bag was made by Mr. E. Foster.

Following is the address: Dear Myrtle: It is with marked feelings of regret that we, the members of Dunstaffnage Pastime Club have gathered here tonight to bid you farewell before your intended departure to the United States. A feeling of sadness comes over us when we learn of our fellow

members intentions of leaving us, many of the young people who have been members of our club have departed to the country to the South of us but we feel assured that they often think of the pleasant times spent while members of our Club. Words cannot express how we will miss you for, during the time you have been one of us you have always taken an interested part in the work of our club, now that you are about to leave us we ask you to accept this gift as a small remembrance, wishing you success, health, and happiness in the future. Signed on behalf of the Club: Ernest Foster, Herbert Conner, Margaret Stewart, Mildred Thompson.
