DISCUSSION ON F. C. A. ACT IN SENATE

(Continued)

Hon. J. J. Hughes: Honourable senators, I wish to make some remarks, but if the honourable leader desires me to adjourn the debate, I will do so.

Hon. Mr. Dandurand: If the discussion on this matter is to continue, I suggest that it go on now.

Hon. Mr. Hughes: The honourable senator from Queen's (Hon. Mr. Simpson) as I understood him, that in Prince Edward Island is and has been a rush of business under this Act occurred in the first year or two that the Act was in operation. The reports submitted

by the administrator at Ottawa, and laid on the tables of both Houses of Parliament, do not bear out that statement. My honourable friend's remarks seemed to be contradictory in some respects. He stated that the secured creditors in Prince Edward Island suffered very small reductions, and that the law had operated to the benefit of unsecured creditors as well. I am replying for my information upon the official reports made by the administrator of the Act, rather than upon hearsay. Very few copies of those reports were distributed; so I think it would be worth while to quote some figures from them. They are very illuminating. The honourable senator from Queen's said that the administration of the Act in Prince Edward Island had been satisfactory. Well, I will leave that point to honourable members for decision.

I will quote figures to show a comparison between Prince Edward Island and the other Maritime Provinces, because among the three there is much in common. I have before me schedule 9 of the report that was given to the other House in January last. The heading is: "The Farmers' Creditors Arrangement Act, 1934. Summary of Expenditures for Fiscal Year—April 1, 1936, to March 31, 1937." The total expenditure in Prince Edward Island was \$37,192.58; in Nova Scotia \$4,958.76.

Hon. Mr. Copp: Is that the amount paid to officials?

Hon. Mr. Hughes: To officials, for administration of the Act. The figure for New Brunswick was \$26,164.22. In Prince Edward Island there are 12,055 farmers, in Nova Scotia 31,835 farmers, and in New Brunswick 37,037 farmers. Now I come to the travelling expenses. For Prince Edward Island they were, in that fiscal year, \$1,325.23; for Nova Scotia \$462.96, and for

New Brunswick \$1,373.69. The next column is headed "Hotels."

Hon. Mr. MacArthur: They bought the hotels that year.

Hon. Mr. Hughes: I do not suppose these men bought the hotels, but for their hotel expenses in Prince Edward Island that year they were paid \$3,530. This compares with \$379.10 for Nova Scotia and \$3,213.05 for New Brunswick. Now I suppose these officials did not visit all the hotels in Prince Edward Island; it is likely that they patronized only three or four. I know it will be news to the managers of those hotels that the officials administering this Act paid them in that year \$3,530.

Now, what do honourable members think was the amount spent for postage that year in Prince Edward Island? It was no less than \$1,406.24. In Nova Scotia the amount was \$232.96, and in New Brunswick \$1,195.68.

Then we come to telephones and telegrams. Under this heading the amount spent in Prince Edward Island was \$72.54, as compared with \$9.18 in Nova Scotia and \$57.15 in New Brunswick.

Under "Miscellaneous"—whatever that was—there was spent in Prince Edward Island \$6 in Nova Scotia 40 cents, and in New Brunswick \$10.60.

The heaviest expenditure was for salaries and fees. For Prince Ed-

ward Island this figure was \$30,189.35, for Nova Scotia, \$3,755, and for New Brunswick \$19,993.40.

The next column is headed "Rent." I do not know what that covers.

Hon. Mr. MacArthur: What rent would there be?

Hon. Mr. Hughes: In any event, the sum spent for rent in Prince Edward Island that year was \$277.50, while in Nova Scotia the expenditure was only \$10, and in New Brunswick \$120.

Apparently the very best of stationery was used. In Prince Edward Island \$253.97 was spent on the item; in Nova Scotia \$77.69, and in New Brunswick \$81.08.

Then, under the heading of

"Legal and Filing" the expenditures were: in Prince Edward Island \$1,072.50, in Nova Scotia \$6,737.50, New Brunswick has three times as many farmers as Prince Edward Island, but only half the expenditure for commissioners' fees.

The salaries—this is under the heading of "Registrars"—were: in Prince Edward Island \$400, in Nova Scotia \$1,000, and in New Brunswick \$2,400.

The Registrar's staff cost \$1,750 in Prince Edward Island, but only \$5 in Nova Scotia, and \$1,051.42 in New Brunswick.

The fees paid of official receives that year were: in Prince Edward Island \$8,883.10, in Nova Scotia \$1,040, and in New Brunswick \$6-

There are a few more figures before I take them up. I must not forget to refer to a letter from Judge Saunders, which was read in the Banking and Commerce Committee. The judge accused the honourable senator from Prince Edward Island (Hon. Mr. MacArthur) and myself of being actuated by personal spite of being actuated by personal spite towards any man on earth.

Hon. Mr. MacArthur: I second that.

Hon. Mr. Hughes: I try to do my duty aside from personal considerations, and I repeat that I have not the slightest spite towards Judge Saunders or any other man.
