**12 Tumors Removed Without An Operation**

Dear Mrs. Currah—I am enjoying better health than I have for eight years, and I think I am entirely cured. I have none of the old symptoms. I am very grateful for my present health, and think Orange Lily is the greatest treatment for women the world knows. Its use in my case caused 12 tumors or growths of some sort to be expelled. Some were as large as a hen's egg, and others smaller, down to the size of a walnut. You may use my case in your advertisement, for it is the solid truth, and cannot describe all the good it has done for me. Mrs. Louise E. Boiteau.

This letter gives an indication of the positive benefits that always follow the use of Orange Lily. It is an applied treatment and comes in direct contact with the suffering organs. It produces results from womb, irregularities, menorrhages, etc.

I will send a sample box containing 10 days' treatment absolutely free to any suffering woman who has not yet tried it if she will send me her address. Enclose stamp and address MRS. FRANCES E. CURRAN, Windsor, Ont.

**Big Ben—Two Good Alarms in One**

Take your choice in Big Ben. He rings either way you wish—five straight minutes or every other half minute for all of ten minutes unless you switch him off. He's two alarms in one.

If you're a light sleeper, turn on the half minute taps before you go to bed. If you sleep heavily, set the five minute tap. You can slumber then without the get-up worry on your mind.

When morning comes, and it's announced by Big Ben's jolly bell, you can't help getting up at once, for Big Ben never fails to get you wide awake.

**SERIOUSLY ILL.**—The many friends of Mr. John A. Lawson, Charlottetown, will be sorry to learn that he is seriously ill.

**THE SWANSEA TRADER.**—The Swansea Trader, with a very large cargo, arrived at this port at noon Saturday and after discharging her cargo sailed again for Summerside. She will call at Montague on her way back to Halifax.

**CONGRATULATIONS.**—His many friends will be pleased to learn that Mr. Walter Shaw, St. Catharines, made a very successful pass in the final examinations at the Agricultural College at Truro, N. S. Mr. Shaw took second place in the finals, being only five marks behind the leading man.

**ANKLE BROKEN.**—Mrs. Duncan Patterson, Kent Street, Charlottetown, sustained a severe injury on Thursday last when she accidentally tripped on her own doorstep falling and breaking a bone in her ankle. She is progressing as favorably as could be expected although still suffering considerable pain.

**BAPTIST SERVICE.**—At the Baptist Church last night the Rev. Z. L. Faah preached on Faith. Mr. Ritzkus, Chicago, sang a beautiful solo with his finely trained voice. It was such appreciated. The right hand of fellowship was given to sixteen new members who have recently come into the Church. It was a beautiful service and the Church was well filled.

A sad drowning accident took place at Grand River on Friday morning last when Mr. Thomas Pye who was engaged in overhauling his herring nets fell overboard and was drowned about opposite McArthur's Point. It is not known definitely how the accident occurred. He was alone in the boat and had been seen a short time before the accident happened. A few minutes later the boat apparently empty was seen drifting towards the shore. A couple of boats at once put out and their occupants discovered the offcoat and hat of the deceased. A short distance from the place in which he was last seen in the boat. The boat was listed considerably, nearly all of his large herring net having been drawn into it. A large number of neighbors spent the remainder of the day and part of Saturday, until it became too rough, in grappling for the body and up to 11 o'clock Saturday night it had not been discovered. He was about 27 years of age and was a son of Mr. and Mrs. Freeman Pye. Besides his father and mother there are left to mourn two brothers and four sisters. The sad affair has cast a gloom over the community in which he was well known and highly respected.—J.

A meeting of the directors of the Charlottetown Driving Park and Exhibition Association was held Saturday morning in Mr. C. R. Smallwood's office, to consider the resignation of Mr. Justice Fitzgerald from the presidency of the Association. The resignation was accepted with much regret. For the past 25 years His Lordship has filled this important position with much acceptancy and during his administration the affairs of the company have prospered exceedingly, due very largely to his excellent administrative ability and to the keen interest taken by him in all matters pertaining to the work of the Association. The regret of the Board and its appreciation of the valuable services rendered were fittingly expressed in a resolution unanimously passed. Mr. Frank Hartz, who has been a member of the Board of Directors for the past eight years was appointed to the vacancy, an appointment on which the Board is to be congratulated. Mr. Hartz possesses just such a qualifications as will make him particularly fitted to fill the position successfully. He is an enthusiastic and successful stock breeder, interested in agricultural matters, generally, but more especially in stock breeding. Hon. John McLean was appointed to fill the vacancy on the Board caused by the resignation of Mr. Hartz to the presidency.

**MRS. GILBERT GAUDET.**—Citizens were shocked and saddened on learning of the death of Mrs. Gaudet, wife of Mrs. Gilbert Gaudet of the town of Gaudet & Hazard, Charlottetown, which occurred about one o'clock yesterday morning after a brief illness. Mrs. Gaudet was formerly Miss Mary E. Creamer, daughter of Mr. Bernard E. Creamer, Contractor, Souris, and was 30 years of age. Although her illness was known to be serious hope for her ultimate recovery was entertained until a few hours before the end came. All that was left to her to do could do was done for her but to no avail. Death came with startling suddenness and when it was recognized as inevitable her parents at Souris were communicated with. Engaging a special train, as quickly as possible the father and mother and their two daughters hurried to the city. She retained consciousness till the last moment, hoping to be able to bid her parents and sisters good bye, but it was willed otherwise and when they arrived death had preceded them.

The late Mrs. Gaudet was a most lovable and exemplary woman, devoted wife and mother, kind, charitable and sympathetic and her death is not only a crushing blow to the home from which she has been so suddenly taken but is keenly felt and sincerely mourned in many a poor home in which her quiet and unostentatious charity was a continual blessing. Besides her husband and five young children, the youngest an infant a week old, she leaves to mourn her father and mother, three brothers, John, a student at St. Dunstan's; George and Ernest at home; four sisters, Mrs. Bean, Boston; Miss Blanche, teacher at Souris; the Misses Eva and Kathleen at home. To the bereaved husband and children, father and mother, sisters and brothers The Guardian tenders deepest sympathy.

**POLICE COURT.**—At the Charlottetown Police Court yesterday morning the cases of Earnest Pickard and Wm. Doyle for selling milk without having the tuberculosis test applied to cows were each dismissed, Allison Lawson and Harry Winchester for same offence was adjourned till May 12th. Wm. Mahar and Wm. McInnis for being drunk were each fined \$4 or 20 days and \$5 or 20 days respectively and Albert Heron for same offence was dismissed as it was his first appearance.

**MARINE AND FISHERIES.**—The government ice-breaker, Earl Grey says the Halifax Herald, will be two days longer in the drydock during the effecting of her annual overhaul. In another month the Minto, with which she has been working on mail ferry service between the mainland and Prince Edward Island, will come to Halifax to fit out for a season's survey work in Hudson Bay. She is now undergoing repairs at Pictou. As there is considerable marine and fisheries department work left undone in this district for the Montmagny, she will remain for several weeks longer before proceeding to Quebec to resume her service on that station.

**A GREAT BELIEVER IN "FRUIT-A-TIVES"**

**BRONTE, ONT., MARCH 1st, 1922.**

"Fruit-a-tives has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking 'Fruit-a-tives'. I started by taking one or two tablets with a large glass of water, in the morning before breakfast and experienced pronounced relief very shortly. After a continued treatment for about six months, I was cured and am now in first class health. This I attribute to my persistent use of 'Fruit-a-tives' and I heartily recommend your remedy to any Rheumatic sufferer."

**SAFE ARRIVAL.**—On Saturday a fisherman named McVane, working in Hewitt's lobster factory, Gasparaux, left for the fishing ground in a gasoline boat, and a dory in tow, containing a large number of traps. As he had not returned at night-fall, his friends became uneasy and a boat set out to search for him, but without success. There was considerable uneasiness concerning him but the good news was received at Annapolis, that he had landed at Annapolis. The propeller of the gasoline boat had broken and the wind carried him about twenty miles from Gasparaux.

**FIRE DAMAGE.**—Messrs. Walter and Herbert Stretch and Arthur Henderson, all formerly of Long Creek and now farming near Regina, Sask., suffered a bad fire loss recently. A spark from a fire set the prairie ablaze and a barn belonging to Mr. Henderson, and two horses, three bulls, 1,500 sheaves of oats, new truck wagon and a lot of other things owned by the three, were totally lost. It is a serious set back for the boys but they are not disheartened and hope soon to recover the loss.

**No Flour Made From One Wheat Only Is Good For BOTH Pastry And Bread.**

Western Wheat makes a strong bread flour which, however, lacks flavor.

Ontario wheat makes the best full flavored pastry flour. This is because of the peculiarities of the wheat itself. Ontario wheat is rich in nutriment and flavor but lacks strength or strong baking qualities. Western Wheat has the strength without the flavor or pastry making qualities.

"Beaver" Flour is a scientific blend of both, giving you all the flavor and nutriment and pastry making qualities of Ontario wheat with the added strength of the Western Spring Wheat.

**The Original and Genuine Blended Flour**

"Beaver" Flour makes Cakes and Pastry with the lightness and delicacy of flavor of the choicest "Ontario Pastry Flour", and bread that is truly homemade in flavor with the large loaf derived from the strength of the Western Spring Wheat. It is the one flour that is equally good for bread and pastry—and best for both.

"Beaver" Flour is the original blended flour—the first and foremost in quality, strength and reliability. Be sure to specify "Beaver" Flour whenever you order.
