

ACCIDENTS WILL HAPPEN!

The finest "first aid" is Zam-Buk for many reasons. It is antiseptic—kills the poison in any wound. It ensures any wound, or skin injury, or disease against poison-germs in the air which are always ready to enter a sore place and set up poisoning and putrefactive change. Immediately they enter Zam-Buk they are instantly killed. While certain ingredients in Zam-Buk are thus protecting you against external dangers, the rich healing herbal essences in the balm penetrate the tissue, stimulate the cells, and bring about perfect healing. Nothing like it! Watch it work!

PROOF FROM THE HOMES.
 Mrs. Halliday, of Worcester, Ont., says:—"I have found Zam-Buk a most reliable household remedy. I have used it for cuts, sores, and various skin diseases, and have found it an effective cure in every case. I would not be without a box of Zam-Buk in the house in case of emergency, and I recommend all mothers to keep a box handy."
 Mrs. R. B. Levy, of Hackett's Cove, N.S., says:—"Eczema broke out very badly behind my baby's ears, and, despite treatment, got worse and worse. I was advised to try Zam-Buk. It proved effective from the first, and in a very short time it cured the eczema completely. Equally good for all skin injuries and diseases. Price, 50c. per box. Druggists and stores everywhere. Zam-Buk Co., Toronto."

GRAND BANQUET AT MARSHFIELD

Within the home of H. E. Vickerson, Marshfield, about one hundred and thirty friends of H. E. Vickerson, J. Stetson and families, met on the evening of March 18th, to banquet with them ere their departure to a strange land. Tables were spread, filled with the daintiest of bakery and abundance of meats, etc. Some took part in the many amusements of the evening, whilst the other guests were partaking of the banquet in which they afterwards had a part. Everyone appeared to be filled with a full degree of enjoyment, but alas when it came to that part of the program where all were caused to think that the above gentlemen and their families were soon to make their exit from amongst them, the heart beat, but full of sorrow. At this juncture the trustee board of the Presbyterian Church at Marshfield presented H. E. Vickerson with an address as follows:—

Henry Vickerson:
 Sir:—We, the members of the managing board of St. Columbia Presbyterian Church, of which you are the efficient chairman, wish to express our high appreciation of your untiring efforts to advance the interests of our congregation and to convey sincere regrets that it is your purpose to remove from our midst with your family to seek a home elsewhere. This severing the pleasant existing relations your departure causes a vacancy hard to fill and by it our citizenship, family life and church activity suffer. The feeling of loss extends far beyond the immediate neighborhood and scenes of childhood interests, and is deepened by the fact that the residential history you bear the honored name covering more than a century is so soon to end. At the prayer meeting, Sabbath school and regular Sabbath services the absence of familiar faces will be keenly felt. In this venture may you fully realize the guiding hand of a kind Providence in all your interests and our prayer is that ere long you will discover and enjoy a congenial church-home to receive large blessing and impart that bright and helpful Christian spirit, is the hope of your fellow workers on behalf of the congregation.

In words of brotherly love and all sincerity, Mr. Vickerson replied. Next the Marshfield Farmers' Institute presented J. Stetson with an address as follows:—
 To John Stetson:
 We, the members of the Farmers' Institute of Marshfield, with deep regret learn that you are about to depart from amongst us to take up your residence in another part of our fair Dominion. We cannot allow this opportunity to pass without giving expression to our feelings on this occasion. You have resided amongst us since your boyhood and we can say that we have always found you to be kind and neighborly, always willing to give a helping hand or a word of good advice when needed, one that has always taken a leading part in any movement that was for the betterment of the district in which we reside. We appreciate the fact that the success of our Institute has in a very large measure been due to your interest, both as one of the original promoters and faithful attendance. We shall miss your presence in our meetings, your familiar voice in our discussions, your wise counsel, ready suggestions and clear judgment in our business transactions.

tions. Your place is indeed a hard one to fill. Since you have decided to move away from beloved Prince Edward Island, we are pleased that you are still to live under the old flag and help to build up this great heritage in which we live. We trust you will be successful in all your undertakings and when you are called to that greater heritage beyond your reward will be that of the faithful servant. To Mrs. Stetson and family, we wish every blessing in their new home and trust that God will bless you and yours wherever you abide.
 In behalf of the Institute.

ORCHARD FARMS FOR B. C.
 VICTORIA, B. C., March 20.—The first three demonstration orchards to be established by the provincial government will be located at Vernon, Summerland and Kelowna in the Okanagan district. To provide for these the special grant of \$10,000 included in the estimates will be utilized. Sites are being chosen by B. Hoy, assistant to R. M. Winslow, provincial horticulturist.

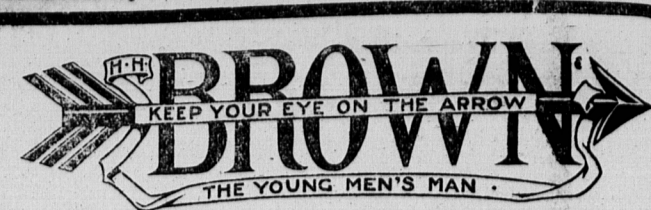

NEAR DEATH'S DOOR.
 Mi-o-na cures dyspepsia. If any of the readers of The Guardian are suffering from stomach trouble of any kind Geo. E. Hughes will sell you a box of Mi-o-na for 50 cents with an absolute guarantee of relief or money back.

Neil Murray, of Huron Road, Goderich, Ont., says:—"I suffered with indigestion for over four years and had been given over as incurable by many doctors. I had become a nervous wreck through loss of sleep, and whatever I eat did not remain on my stomach for over two hours. I would suffer with vomiting spells that would almost kill me, perspiration as large as beads would break out all over my body and leave me in so weakened a condition that I would be unable to stand, not a night's rest in over six months and was so weakly and run down that my family thought I would die. My heart was greatly weakened and would flutter and a sharp pain would come through me and cut off my breath. I was reduced in weight from 150 to less than 110 pounds. Doctors would give different causes for my trouble, but none of them gave me the slightest relief. I commenced treatment with Mi-o-na and when one-half of the first box was used I could eat my meals without suffering the dreadful vomiting spells. I used about ten boxes in all, and I am entirely cured. My stomach is as strong as ever and there is not the slightest trouble with digestion. I have gained about 40 pounds in weight, am strong and healthy and like a new man. I will always speak highly of Mi-o-na, as it cured and I believe kept me from sure death when all else had failed."

Imported Seed Wheat

"A Change of Seed Grain Always Pays"
 Results of Sowing Imported Seed Wheat
Increased Yield and Better Quality
 Our Wheat Grown On Contract Especially For Us
 THE continuous growing of any variety of grain on the same soil and under the same condition for many years tends to degeneration in quality and decrease in yield. This applies especially to the wheat crop in P. E. Island. Our firm have been pioneers in wheat importation, and the largest dealers since 1883, and tens of thousands of bushels have been imported and sold by us; in fact our Seed Store has for twenty seven years been HEADQUARTERS FOR IMPORTED SEED WHEAT.
WHITE FIFE
 We have imported direct from the Province of Saskatchewan, some choice No. 1 White Fife of excellent quality. Grown from stock seed sent from Ontario. This is the best Wheat in the world, and a very desirable change. Farmers should see this Wheat. Gives more flour of excellent quality and yields well.
 If your nearest Merchant has not got a supply of this GRAND WHEAT direct from us, write us for samples and prices. Our supply for this season has been pronounced by prominent farmers who have examined it to be the finest they have ever seen.
