**IN MEMORIAM**

MRS. DAVID MCLURE

On December 12th, a sad gloom was cast over Kensington and surroundings, and especially her loved ones, when it was heard with regret that Mrs. David McLure had passed suddenly to her heavenly reward. The deceased had been ill for six weeks. Her death was a great shock to her doctor, as he visited her a few minutes before her death. The night before her death, she was able to sit up a little while, believing she would be soon around. But God had willed otherwise. She was a kind and loving mother and was highly esteemed for her many fine qualities. No one could feel she was 71 years of age, as she was always smart. In death, or sickness, she was always ready with a helping hand.

She leaves to mourn an aged heart broken husband, and one daughter, Mrs. J. H. Chappell, Springfield, also 4 grandchildren, especially one Miss Evelyn Chappell, who so kindly nursed her grandmother through her sickness. She also leaves to mourn, four brothers, Richard Outlife, Charlottetown; John H. Outlife, Appin Road, P. E. I.; W. A. Outlife, Boston, Mass.; George Outlife, Old Town, Maine, and two sisters, Mrs. Albert Murphy, Charlottetown; Mrs. Sigh Corney, Appin Road.

The funeral took place in the United Church, Kensington, and was conducted by her pastor, Mr. Lorn, who spoke on her favorite chapter, John 14. The hymns sung were her favorites, "The Lord is My Shepherd," "Jesus Saviour Pilot Me." "Will the Circle be Unbroken." "Does Jesus Care," which Mr. Phillips so sweetly sang. The remains were conveyed to Fredericton by train, where they were laid to rest in the Peoples' Cemetery. A beautiful spray from the United Church was among the floral tributes.

**CHRISTMAS CONCERT**

On the evening of Dec. 19th a very successful concert was held in Clyde River Hall. Except for a few numbers from outside talent, the program was carried out by the school children who deserve credit for the capable manner in which one and all acted. A goodly sum which goes towards improvements for the school was realized. The girls of the Red Cross also sold candy and made a neat sum for Red Cross purposes. After the program old Santa appeared and to the immense delight of the kiddies unloaded the well laden Christmas tree, the treat being provided by the teacher who was in turn generously remembered by the pupils. Recitation "Welcome" by Joyce Darrach. Opening chorus "Christmas Time" Recitation "A Little Wish" by Wendell Scott, Recitation "His Christmas Worry" by Willie Livingston. Exercise "Merry Christmas" by 14 pupils. Monologue "Christmas Secrets" by Anna Clark. Dialogue "Adam's Fall" by Johnny Beer, Myrtle MacLean, Calvin Hyde. Recitation "Joy Bells" by Arnold Macphee. Song "Holly Berries" by the girls. Monologue "Elizabeths Christmas Presents" by Irene MacFadyen. Harmonica solo by Dan Macphee (encored). Recitation "A Puzzle in Names" by Thelma Mackinnon. Quartette "Hear the Christmas Story" by Anna Clarke, Hilda Murray, John and Hazel MacLean. Exercise "Christmas Wishes" by 8 pupils. Recitation "The Twenty Sixth" by Reggie Mackinnon. Duet "Away in a Manger" by Florence Macphee and Thelma Mackinnon. "A Christmas Speech" by Garfield Mackinnon. Solo "Star of the East" by Anna Clark. Dialogue "Little Pitchers" by Laura and Ethel Livingston. Alma Macphee, Jack MacLean. Recitation "A Lady Santa Claus" by Florence Macphee. Motion song "A Merry Christmas Day" by Hilda Murray, Hazel and Jean MacLean. Recitation "Father's Presents" by Ivan MacNevin. Solo by Mr. John Hearty (encored) "A Timely Pointer" by Mildred Murray. Solo "Santa's Always Ready with Christmas Cheer" by Thelma Mackinnon (encored). Dialogue "The Day after Christmas" by Olive Livingston, Arnold Beer and Lee Darrach. "Miss Maloney on the Chinese Question" by Miss Winnifred Best (encored). Recitation "No Stockings to Wear" by Dan Macphee. Closing chorus "Hear the Bells". Closing speech by Louis MacLean. Santa's Arrival. National Anthem. (Patrist Please Copy)

**II Forestry Products.**

The forestry production of Canada in 1931, as measured by its exports, shows some decline in quality and a large decline in value, as compared with 1930. In the twelve months ended October, 1931, the total value of the forestry products exported was \$194,100,000, as compared with \$259,700,000 in the preceding twelve months. Total exports of manufactured wood were \$44,600,000 in the later period as compared with \$73,200,000 in the earlier. Exports of manufactured wood declined from \$42,000,000 in the earlier period to \$32,200,000 in the later, and exports of paper from \$142,900,000 to \$116,400,000. The quantity of newsprint papers exported fell from 2,386,500 tons to 2,075,400 tons and its value from \$137,560,000 to \$112,440,000. Even thus, the export of newsprint paper in the later period is in value only some \$10,000,000 less than our export of wheat, so that newsprint paper is a very good second to wheat among our exports. While prices have shown a downward trend, Canadian newsprint manufacturers appear likely to realize as much in Canadian dollar for their 1932 exports for newsprint as in 1931.

Operations in the logging industry, as indicated by the Bureau of Statistics' index number of employment, were at a low level on November 1st, 1931, the latest date for which the figures are available.

**Wellington and Vicinity**

A large audience was entertained by the pupils of Wellington Station School, which took place in the Community Hall on Tuesday evening. The program consisted of songs, recitations, dialogues and piano selections, each pupil doing his and her part most creditably, which credit is due the principal, Mr. D. Gallant and Assistant teacher, Mrs. A. Arsenault. At the close of the programme, Santa Claus appeared on the scene in his good old jolly manner and distributed prizes to each pupil with a generous treat of candy for the pupils. Santa entertained the pupils and audience with a real old fashioned step dance, which was greatly enjoyed by the little folks.

**Wanted**

WANTED—SECOND HAND WOOD sleigh in good condition. Apply Harold Storey. Phone 560J-4.

**GLEANINGS FROM TRYON AND VICINITY**

Among the students spending the Christmas holidays at their respective homes are the following: Mr. Charles Bacon of North Tryon, attending Dalhousie College and the Misses Frances Daugherty, Gertrude Metcalfe and Edith Lea of Victoria attending Prince of Wales College, Charlottetown.

On Friday afternoon, Dec. 18th about sixty ratepayers, parents and visitors gathered at Tryon Consolidated School to hear the Christmas closing examinations and the very fine program following the examinations. The pupils were examined by their teachers, Miss Victoria MacLean (Principal) and Miss Florence Mabey (assistant) and their ready answers showed that during the past half year they have been carefully trained in every way. The program was especially good and consisted of the following numbers:— Opening chorus, Recitation by Erio Robinson. Exercise, "Merry Christmas". Dialogue "Buying Eggs", Recitation by George Halliwell, Drill "At Christmas Time", Recitation by Jack Neider, Motion song by a group of girls, Dialogue "The Minister's Mistake", Drill "The Christmas Shoppers", Recitation by Gordon Rogerson, Drill, "The Christmas Spirit", Dialogue, "A-Cour-tin", Mouth organ selection by Gordon Rogerson. Recitation by Ruth Lord, Pantomime by three girls, Chorus, "Nowell."

Remarks were then made by some of the trustees and parents present after which the prizes for the various classes were distributed. Delicious home-made candy was given to both children and visitors. The singing of "God Save the King" brought the examination to a close.

Miss Victoria MacLean, Principal of Tryon Consolidated School is spending her Christmas holidays at her home in Northam.

**BIRTHS**

CAREW—At Wentworth Centre, N. S., on December 29, 1931, to Rev. B. E. and Mrs. Carew, a son.

STEWART—At Norboro, Dec. 21st to Mr. and Mrs. T. Mayne Stewart, a son, James Garth.

KENNEDY—At O'Leary, on December 28, 1931, to Mr. and Mrs. Raymond Kennedy, a son.

**DEATHS**

WHITE—In the City, January 1, 1932, Edward White, aged 27 years. Funeral from his late residence, 80 King Street, Monday morning at 8.45 to St. Dunstan's Basilica, thence to R. C. Cemetery.

**The Fisheries.**

So large a proportion of the annual production of the fisheries of Canada is exported that the value of the exports, as obtained at the port of export, is a very good indication of the total value of production, which does not become available for a considerable time afterwards. The grand total exports of fish in the twelve months ended October, 1931, were valued at practically \$28,000,000, a decline of about \$5,900,000 from the figures for the preceding twelve month period. This decline was partly owing to smaller quantities and partly to lower prices.

The chief exports originating from the fisheries are canned salmon, canned lobster and dried cod. The values of these three commodities exported being in 1930 about 48 per cent of the total values. Canned lobster alone showed an increase in both quantity and value exported as compared with the preceding year. The British Columbia salmon pack, which is the largest item in the fish output of the Dominion, was in 1931 only about one-third that of 1930, which was the largest ever recorded. Such a large production in a year of general depression glutted the markets and the smaller production of 1931 may prove to have been a blessing in disguise.

**Mineral Production.**

The great mineral industry of Canada, which has developed so rapidly during the last decade, has been less affected by the depression than might have been expected. For the first eleven months of 1931, the index number of employment in the mining industry has been 107.7 as compared with 117.8 in the same period of 1930—a decline of about eight and a half per cent.

We have the figures of the production of sixteen leading minerals in Canada in the first ten months of 1931. Two among these, gold and petroleum, actually show a larger production in the elapsed period of 1931 than in the same period of 1930. The amount of gold produced in the first ten months of 1931 was 2,201,286 fine ounces, already a larger production than in the whole twelve months of 1930, when a record production was achieved. The September and the October produc-

It looks as if Mr. Winter is with us in good and earnest style. Christmas Day was not what people would desire. However, the weatherman seen otherwise.

We are pleased to see Master Eric Gallant, young son of School Inspector Gallant, home again, after a very serious operation in the Prince County Hospital. Miss Marie Delaney, R.N., was the nurse in attendance.

Mr. Cecil Delaney, St. Dunstan's University student, is spending his Christmas holidays with his parents, Dr. and Mrs. Delaney. He was accompanied by his cousin, Mr. Albert Delaney, Que., who is also attending S. D. U.

Mr. Jos. O. Arsenault, Summerside, spent Christmas day with Mr. and Mrs. E. F. Gaudet.

Mr. Clifford Gallant, formerly of Ramford Falls, Maine, has purchased one of the cottages of Dr. Delaney's and intends residing on P. E. Island in future. Mr. and Mrs. Gallant are warmly welcomed to our village.

Our rink is open and our hockey team is ready for the ice. They intend to start New Year's night with a big hockey match. The boys made a good showing last year and it is to be hoped they will make a still better showing this winter.

Capt. A. A. Cosgrove of Dredge No. 9, Souris, is spending two weeks holidays with his family in Wellington.

Quite a number took advantage of the good roads and attended Midnight Mass in the Church of the Immaculate Conception, Wellington. The Church was beautifully decorated for the occasion and the choir rendered excellent music.

We are pleased to welcome Mr. and Mrs. Faustin Richard as residents of Wellington. Mr. Richard recently purchased the Wellington

tion were at the rate of almost \$5,000,000 per month. Canada is now admittedly the second largest producer of gold in the world, the Union of South Africa being the first and the United States third. Petroleum production in Canada is also showing a great increase. In the first ten months of 1931 it amounted to 1,378,407 barrels, as compared with 1,182,519 barrels in the same period of 1930, and with 1,117,000 barrels in the calendar year 1929. The production in the first ten months of 1931 thus exceeded the total production of 1929, which was up to that time the largest on record.

The other leading metals and non metallic minerals showed a high quantity production in the first ten months of 1931, though the reported fell from 2,386,500 tons to 2,075,400 tons and its value from \$137,560,000 to \$112,440,000. Even thus, the export of newsprint paper in the later period is in value only some \$10,000,000 less than our export of wheat, so that newsprint paper is a very good second to wheat among our exports. While prices have shown a downward trend, Canadian newsprint manufacturers appear likely to realize as much in Canadian dollar for their 1932 exports for newsprint as in 1931.

Operations in the logging industry, as indicated by the Bureau of Statistics' index number of employment, were at a low level on November 1st, 1931, the latest date for which the figures are available.

**ALBANY AND VICINITY**

The semi-annual examination of the pupils of Albany Village School was held on Tuesday, December 22nd, with a good attendance of parents and rate-payers. The pupils were examined in the various subjects by their teachers, Miss Olive Inman and Miss Hazel Green, assisted by Mrs. W. P. Cameron, a former school teacher, and they showed by their prompt and accurate answers that they had been carefully trained and their work reflects much credit on the teachers. After the examination, Mr. Robert Carmichael was appointed chairman and a well prepared program was rendered by the pupils. After this enjoyable program, Santa Claus appeared and unloaded the Christmas tree. Fudge and chocolates were passed to the visitors and much enjoyed by all. Remarks were made by the chairman, who congratulated the teachers on their successful examination. The National Anthem brought the examination to a close.

The annual Christmas tree and concert of the Albany Baptist Sunday School was held in Albany Church, Saturday evening, December 19th. The chairman presided most happily and an interesting and entertaining program was pleasingly rendered by members of the Sunday School, each number being attentively received and generously applauded. At the conclusion of the program, Santa Claus arriving amid singing of bells was warmly welcomed by the large attendance of scholars to whom he distributed gifts.

Miss Laurena Shreanan, teacher, is spending her Christmas holidays at her home in Kinkora.

Messrs. Emerson Huestis and Austin Jardine, students of Acadia University, are spending their holidays at their respective homes in Wilmot Valley.

Miss Eulatio MacInnis, of Acadia University, is spending her holidays pleasantly at her home in North Tryon.—A.
