—SCHOOL WORK.—The closing exercises of Campbellton school took place in the beautifully decorated school room on Friday afternoon, June 27. Although a heavy down-pour of rain continued throughout the afternoon, almost every home was represented and the school room was crowded with parents, ratepayers and trustees. The examination was conducted by the teacher, Miss Alice O'Lacey and Miss O'Halloran and Miss Murphy, two recent students of Prince of Wales College. The pupils acquitted themselves exceptionally well, showing by their prompt and correct answers the faithful discharge of the teacher's duties. During the intermission of the classes, a pleasing program of recitations and solos was rendered and, here again, the pupils deemed both themselves and their teacher desirous of great credit. At the close of the examination, public school leaving diplomas were given to three of the pupils and some pleasing and complimentary remarks were made by the people. The teacher in a few brief but well chosen words, thanked the parents and pupils for their kindness during her stay, and urged the parents to persevere in school work. Candy was then passed around, which proved an appetizing relish and after the singing of the National Anthem all dispersed to their homes feeling that a very profitable and enjoyable afternoon had been spent in the school.

—Why go abroad for clergymen? NEW YORK, July 23.—While the Fifth Avenue Presbyterian Church formally extended a call to become its pastor to the Rev. John Kelman, pastor of St. George's United Free Church, Edinburgh, Scotland, the Presbyterian, a weekly paper of the denomination, published in Philadelphia, made an editorial protest against going abroad for a clergyman to fill this place.

—It is important to note," it says, "that after hearing many men in the country, this leading church could find no one suitable for this important pulpit. For the second time since Dr. John Hall's death this church has sought its pastor abroad. What is the matter with our American preachers? Why can they not meet our own situation? It is not for want of ability of

devotion, American preachers are able and well prepared men. They are devoted to their work, without question. We venture to say that the cause is found in the fact that American pastors are becoming administrators rather than preachers. Their preaching ability is further weakened by the cry of no creed, which means no systematic thought, and by the extreme emphasis given to environment rather than conviction and the mechanical social service which follows it."

The Fifth Avenue Church also voted to pay Dr. Kelman a salary of \$12,000. This is said to be more than twice his present stipend. It also was voted to provide Dr. Kelman with "suitable quarters" and to pay his expenses in bringing his family across the ocean.

Dr. Kelman will succeed the Rev. Dr. John Henry Jowett, now pastor of Westminster Congregational Chapel, London, England, who left here a year ago last May after a pastorate of seven years. The salary of Dr. Kelman will be the same as was paid to Dr. Jowett.

This is the third time in a generation that the Fifth Avenue church has gone to Great Britain for its pastor. The first was the late Rev. Dr. John Hall, who was called here from Dublin, Ireland. The second foreigner called was Dr. Jowett.

There were seventy-one persons at the congregational meeting. The membership is 2,822.

Edwin J. Gillie, clerk of the session, was chosen as secretary of the meeting, and Charles F. Darlington, chairman of the Executive Commission of

Federation of Universities

LONDON, July 23.—Several of the chief American universities are taking steps to secure for the next session a number of British professors, instructors and fellows. Among these are Columbia, Yale, Cornell, Bryn Mawr, and Iowa. They are working through the American University Union which has been appointed London agent for international education, one of the recent outgrowths of the Carnegie Endowment for Peace. It is expected that the British universities will reciprocate by inviting American teachers to come here for a year or two and already certain private benefactions have been given here to enable British women students to go to the United States. The International Federation of College Alumnae is also endeavoring to get young British women to cross the Atlantic, and Dean Gildersleve of Barnard, and President Thomas, of Bryn Mawr, are actively engaged in bringing this about. The steamship situation is, however, placing formidable obstacles and is checking the development of the very promising movement.

University Home in London.

LONDON, July 23.—The Secretary of the American University Union said that he has been much struck by the opportunities Cambridge offered for graduate students and he was also very favorably impressed by the possibilities afforded in London itself. The American University Union will have in a few weeks permanent headquarters at 50 Russell Square in the same building as the Universities Bureau of the British Empire, and similar institutions representing the French and other Allied universities.

VAN BUREN MAN RETURNS TO LIFE

HOULTON, July 22.—George Doine, a supposed Van Buren suicide, was recently found in Minneapolis and is now lodged in Houlton jail. The town of Van Buren was greatly stirred over the supposed drowning of Doine, a well known merchant of that town and proprietor of a large general store. In the latter part of May, Mr. Doine disappeared from his place of business and as his coat and hat were found on the bank of the St. John River, his friends naturally supposed he had either committed suicide or been accidentally drowned, and spent several days in dragging the river without success. When his accounts were being looked over it was found that a large sum of money had disappeared, something like eight or ten thousand dollars. It was also found that his brother's wife had disappeared at about the same time. Tracers were sent out to the various

chiefs of police in the larger cities, together with pictures of the man, and he was finally discovered in the city of Minneapolis, Minn. He was brought back to Maine and is now lodged in the jail at Houlton. The woman has not yet been found. Mr. Doine carried on a large general business in the town of Van Buren, was well thought of as a citizen, and had a large credit with the various concerns with which he dealt. He is about forty years of age and has a wife and nine children. It has been suggested that a bluff at suicide may have been pulled off so his wife could draw his insurance, of which he carried \$10,000.

DE VALERA UNVEILS A MONUMENT AT FRISCO.

SAN FRANCISCO, Cal., July 23.—"You have unveiled a monument of liberty here as great as that famous monument in the harbor of New York," Mr. de Valera, president of the Irish Republic, said in addressing a crowd estimated at sixty thousand at the dedication of a statue of Robert Emmett, in Golden Park yesterday. "It may be the unhappy destiny of the American nation to write the epitaph that Emmett said should be written over him when Ireland is free," De Valera said. Those who signed the Irish declaration of independence were characterized as "Young Emmetts," by De Valera. The meeting was also addressed by Rev. James Mithon, Episcopal clergyman of Norfolk, Va., and University of Washington.

A DAY MEMORABLE IN THE HISTORY OF IRELAND.

DUBLIN, July 23.—Field Marshal Viscount French, lord lieutenant of Ireland, in an order issued to the troops yesterday in connection with the Victory Parade, congratulated all ranks upon the success of their devoted efforts "which have rendered this day memorable in the history of Ireland." "It is most satisfactory to all of us," the order reads, "to realize the splendid response accorded by many thousands of His Majesty's loyal subjects in Dublin, who witnessed the parade today."

Confidence Voted In Clemenceau

(Special to The Guardian.) PARIS, July 23.—The Chamber of Deputies gave a vote of confidence in the Cabinet, of M. Clemenceau this afternoon, by a vote of 272 against 181. M. Clemenceau's opponents were jubilant over the vote in the Chamber saying that it spelled the doom of the Cabinet, as at present constituted. Premier Clemenceau in leaving the Chamber said this is a more serious mishap; the real battle is coming. Premier was cheered as he departed, many officers surrounding him and shouting Vive Clemenceau, and Long Live the Father of Victory.
