Miss Lefurgy desires to publicly thank those who so kindly assisted her with her entertainment, on the second inst. Special thanks are due to Prof. Whitney, to whose experience and good judgement, voluntarily placed at her disposal on that evening, very much of the success of the entertainment was due. Miss Lefurgy with many others of our citizens justly appreciate the value of Mr. Whitney's assistance in musical matters.

Following the good example set by her husband, Mrs. Philip Gallant has taken her initiatory step in life saving. Phil as is well known has saved many lives in his day, and is yet a young man, and has received recognition from the Dominion Government, for his valued services. On Saturday afternoon Mrs. Gallant noticed a little girl daughter of James Millman fall into the water near Phil's lobster house at Town Wharf and hastened to the scene, rescued her from her perilous position just in the nick of time.

The annual Orange Tea which was held at Ellerslie on Saturday, was the largest and most orderly affair of the kind perhaps ever held in this fair Province, noted for these occasions. Hon. R. C. McLeod who attended informs The Guardian that the general arrangements for dealing with such a large concourse of people, the catering to the wants of those present, the sumptuous spread of eatables provided, neatly perfectly arranged booths, the superb surroundings and the capital order maintained withal, was much above the standard and made it most pleasant for all. Besides the despatch of train conveyance was remarkably well carried out, and the affair throughout was highly creditable to those in charge. It is estimated that between six and seven thousand people were present.

SUNSHINE FURNACE

The "Sunshine" Furnace is entirely Canadian—is not a duplicate of any United States heater, as most of the furnaces made and sold in Canada.

Designed specially to meet the varied conditions of our climate, and to burn all kinds of fuel successfully—wood can be used in fall and spring, and coal in severe weather.

Has a self-acting gas damper—no need to open your doors, etc., to emit gas odors after lighting fire, as with common furnaces.

The "Sunshine" has more good features than any other furnace, and no other good furnace is so cheap.

Sold by all enterprising dealers. Write for booklet.

RUSSIAN TEA.

Pour into glasses containing cracked ice, and sweeten to taste. A small slice of lemon with the rind to each glass greatly improves the flavor.

This beverage can be made with any good tea, but we suggest using VIM TEA as it contains LESS TANN than most teas, and consequently is free from that BITTER, HERBY taste, so distasteful and injurious. Use ONE teaspoonful of tea to every TWO glasses required, steep six minutes, pour off the leaves to cool. Add the juice of one lemon to every four glasses.
