Kinkora High School Closing

On Monday, June 17th the closing exercises of Kinkora High School were held in the Parish Hall where a very large crowd assembled to witness the program and conferring of Graduation Certificates.
The hall looked very attractive with its decorations of blue and white, the school colors and bouquets of summer flowers.
The following entertainment numbers were presented by the pupils who are to be congratulated on the capable way in which they performed their parts:
Welcome Chorus—Song of Friendship
Group Recitation—The Reason Why
Song—Humpty Dumpty and Me.
Action Song—Pony Boy
Flower Dance
Musical Recitation—Three Trees (by Winifred Connolly)
Pezee Pageant
Dance, Top of the Morning
Solo Beautiful Dreamer by Phyllis Farmer
Song—When We Dressed Up Like Father and Mother
When this part of the program was completed the graduates took their places on the stage which was beautifully draped in blue and decorated with a magnificent scroll bearing the class motto—
"Semper Fidelis"
The Class Valedictory was read by Alice Hamrill, Summer Side, D.P. presented the twenty-one graduates of the Grade Eleven class with certificates.
Austin Curley, Presovon; Aletha Graham, Thistle and Shamrock; Peggy Green, Albany; Alice Hamrill, Middleton; Helen Jay, St. Peter's; Patricia Johnston, Kinkora; Marie Kelley, Charlottetown; Miriam Lawless, Norboro; Thelma McPhee, Emerald; Margaret Mulligan, Newton; Margaret Murphy, Carleton Place; Helen Muttart, Carleton; Geraldine Noonan, Albany; Peggy O'Hanley, St. Peter's; Rose O'Hanley, St. Peter's; William Pendergast, Kensington; Rosalie Quinn, North Wiltshire; Louis Shreeman, Kinkora; Mary Smith, Middleton; Nora Trainor, Thistle and Shamrock; Mona Turner, Hope River.
Generous prizes donated by kind friends of the school were then presented to a large number of pupils all of whom were given a certificate.
The address to the graduates was delivered by Rev. R. G. Ellsworth, D.D., Dean of St. Dunstan's College who exhorted the graduates to pause at this important milestone in their education to consider carefully the next step in their lives in an eloquent and yet simple discourse he advised them in a very practical way concerning their future, reminding them that whatever path they might choose they must ever keep before them the reason for their existence—the love and service of God on earth to obtain eternal happiness in Heaven.
Words of congratulation were spoken to the graduates by Monsignor Murphy who thanked them to appreciate especially what their parents had done for them.
Rev. W. V. MacDonald spoke briefly in appreciation of the enjoyable evening and asked Rever-

COAL IMPORTANT NOTICE TO ALL HOUSEHOLDERS

● Owing to the protracted strikes in the United States mines, and also to strikes affecting Canadian Lake Ships, supplies of coal and coke for domestic use have been seriously curtailed. In order that there shall be a fair and equitable distribution to all householders, Order No. Coal 25 has been issued. This order covers the distribution to domestic consumers in Ontario, Quebec and the Maritime Provinces, and restricts use of coals of domestic quality by larger consumers. The most important clauses of this order are as follows:

- 1. CLASSIFICATION of FUEL**
For the purpose of this Order fuel is classified as follows:
CLASS "A" FUEL
I. United States anthracite coal in the following sizes—grate (broken) egg, stove, chestnut and pea;
II. Welsh anthracite coal—cobble, French nuts, stove nuts;
III. Any sized coke (except Beehive Coke), the largest (top) size of which will not pass through an inch and one-eighth screen;
IV. Low Volatile Coal—nut size and larger;
V. Briquettes—all kinds.
CLASS "C" FUEL
Any fuel which is not Class "A" fuel.
- 2. CONSUMER'S PURCHASE ORDERS for FUEL**
I. During the period March 31st, 1946, to April 1, 1947, a consumer must not place purchase orders with coal dealers for more fuel for consumption in any premises than the total quantity of fuel consumed in the premises during the standard period, unless he has no knowledge of the total quantity of fuel consumed in the premises during the standard period, April 1, 1946, to March 31, 1946, in which case he must give the coal dealer with whom he places his order all the information the coal dealer may require to estimate the quantity of fuel needed for consumption in the premises until April 1, 1947; and the consumer may place purchase orders for a quantity of fuel not exceeding such estimate.
II. A consumer must give, for the use or information of the Coal Controller, to any coal dealer with whom the consumer places a purchase order for fuel, any information the coal dealer requires with respect to the following matters:
(a) the quantity of fuel consumed during the standard period in the premises to which the fuel is to be delivered;
(b) whether or not the consumer has any other purchase order or orders for fuel for the same premises placed with other coal dealers;
(c) if there are any such orders, the quantity of each class of fuel which has been delivered since March 31st, 1946, against such purchase orders and the dates of such deliveries, and the quantity of each class of fuel (if any) which remains to be delivered against such orders;
(d) the quantity of fuel the consumer has on hand;
(e) the type of burning equipment in use in the premises to which the fuel is to be delivered.
III. If required by the coal dealer, the consumer must give in writing over his signature the information set out in subsection (2) of this Section.
IV. A consumer who places purchase orders for fuel with more than one coal dealer must arrange with each coal dealer with whom such orders are placed for the fuel ordered to be delivered in quantities not exceeding those set out in Section 4 of this Order.
- 3. DELIVERY of FUEL by COAL DEALERS**
QUANTITIES OF FUEL AUTHORIZED FOR DELIVERY. Until November 1, 1946, a coal dealer must not deliver to any consumer and a consumer must not accept delivery of, for use in any premises any more fuel of all kinds than the quantity which, when added to any fuel delivered since March 31, 1946, equals 80% of the normal annual requirements. Of this 80% there shall be no more Class "A" fuel than the quantity which, when added to any Class "A" fuel delivered since March 31, 1946, equals 60% of the normal annual requirements.
For Example: If you burn 10 tons of fuel, you may take delivery before November 1st of not more than 8 tons, of which 6 tons can be class "A" fuel.
- 4. SPECIAL RESTRICTIONS on DELIVERIES of Class "A" Fuel to Large Consumers**
Without a permit in writing from the Controller, a coal dealer must not deliver and a consumer must not accept delivery of any Class "A" fuel (whether rescreened or unrescreened) for use in space heating any premises where the normal annual requirements exceed thirty tons, unless the premises are heated by a stove or a hot air furnace.
- 5. EXCEPTIONS to ORDER**
Nothing in this Order shall apply to any purchase order for fuel of, or to the delivery of fuel to, any person for use in—
(a) cooking or baking food products for sale; (c) a hospital;
(b) an industrial plant, for purposes other than space heating; (d) poultry brooders or hatcheries;
(e) commercial fishing vessels and/or other mercantile vessels engaged in the commercial transportation of cargo or passengers.
While it is hoped that sufficient fuel will be available to allow everyone to purchase and take delivery by November 1st, 1946, of the quantities authorized, unless the situation improves it may not be possible during the winter to permit more than 80% of normal amounts required. Consumers should take the following steps immediately for their own protection:
(a) Place your order with your Coal Dealer. (c) Conserve fuel in every possible way.
(b) Accept delivery of whatever fuel your dealer has available when the dealer is able to make delivery. (d) Do not try to obtain more fuel than you are entitled to receive for by so doing you may run a neighbour short and cause needless hardship.

IF YOU NEGLECT TO TAKE THE ACTION RECOMMENDED ABOVE, YOU MAY JEOPARDIZE THE HEALTH AND WELL-BEING OF YOUR FAMILY NEXT WINTER.
